**YESTERDAY'S GAMES**

**AMERICAN LEAGUE**

**DETROIT (AP)—**Going into the game in the second inning after Washington had scored three runs off John, "Big" Collins pitched about half to give Detroit a 4 to 4 victory Thursday. Collins allowed only one hit, that to Manager Harris, who fared him after he had fanned McNary. First man to be fanned to.

Walter Johnson's home run in the second scored Joe Harris, who had walked, and Blum, who had

**MISS EDERLE IN CHANNEL**

**DOVER, Del., Aug. 6. (AP)—**Gertrude Ederle, plucky American girl swimmer, was about seven miles off this port at 4:45 o'clock this afternoon in her attempt to recapture the English channel. She was about two miles southwest of the Last Goodwin Lightship. She had been in the water since and one half hours having begun her attempt at Cape Gris Nez on the French side at 7:00 a. m.

**DOVER, Del., Aug. 6. 1 p. m. (AP)—**With Gertrude Ederle about half way across the channel, after six hours in the water, conditions on this side were unfavorable. A strong southerly wind blowing against the girl 150, was kicking up a bad sea.

**Billy Evans Says:**

**TILDEN AND TENNIS**  
 Had a chance to watch Champion Bill Tilden in action the other day at the Longwood courts in Boston. It was the first time I had seen "Big Bill" perform in more than a year, and I was anxious to note his condition and style of play.

While Tilden has probably slipped back a bit (many in all sports ultimately do) he is still a marvelous player, who seems able to rise to his greatest heights in the pinch.

Tilden was not nervous in the match. I saw him play, which may account for the fact that some of the old-time enthusiasts that always featured his play was looking.

Incidentally, he didn't seem quite so sure of himself. It appears as though he has lost some of the supreme confidence that he has always had in himself.

It is just possible that Bill Tilden is not quite the player of three years back, but he is still very, very good as the following "old heads" will realize.

Tilden, Chandler, long-volleyed, "backhand" may return the tag in a year or two.

**LEAGUE SEASON HAS PROVED A GREAT HELP TO THE NEW YORK CLUB.**  
 The manner in which Philadelphia, Washington, Cleveland, Detroit and Chicago have knocked each other off, has reacted most favorably to New York's chances.

On July 26 when the Yankees enjoyed a seven-game lead over the four games separated the other five clubs.

Recently, two games that New York won in the ninth inning from Detroit, after being seemingly hopelessly beaten may have been the turning point for the Yanks.

**OVER-EDUCATED WOMEN**

**LOS ANGELES, Aug. 6. (AP)—**Women are spoiling themselves by over-education and too much work, declared Dr. W. Arthur O'Connell, the well known surgeon.

"They have improved to many ways during recent years," he continued, "and they are all the better for the higher standard of education they have demanded, but many of them now are going too far. They are wearing themselves out to satisfy their insatiable desire for thoroughness."

Dr. O'Connell said that man is the trail creature and woman is the strong. "She takes too much advantage of this strength. Women of all kinds and classes work too hard except those who exhaust themselves in search of pleasure."

Physicians want more freedom, but we haven't any to spare.

**TWO BIG STREAKS**

**THE NEW YORK YANKEES OF 1926** have so far been so interesting as well as most successful.

The club has played brilliant, medicine and power baseball. Yet on July 26 the Yankees were out in front in the American League with a seven-game lead.

At that time the Yankees had played 14 ball games, of which they had won 14 and lost 12.

Early in the race, at two different stages, the Yankees had straggled winning streaks which resulted in wins of eight and 10 straight games.

On July 26, the Yankees with 24 wins and 22 defeats had won 14 more games than they had lost. These 14 games are accounted for by the two winning streaks.

So by deduction, we find that the Yankees in the first 46 games of the season, enjoying the two winning streaks of eight and 14 games, have played only 140 ball.

Along the same line of reasoning, the club had only 140-140 baseball the rest of the year to be right in the result.

**CAME FROM BEHIND**

**NEW YORK** in a slump, having played only 112 ball for about three weeks, hopped up with the Tigers in a four-game series at the Yankee stadium.

Detroit only split even in the four games but had a great chance to win the entire series. Had the Tigers done so, they would have obliterated the race considerably and destroyed some of the Yankees' then fading morale.

Going into the sixth inning of one game, beaten 6-1, the Yankees made five runs after two were out to tie up the grip. They won it in the seventh.

In another game, beaten 3-1 going into the ninth and far seven, looking having made only one hit off Steve Jans, the Yanks with one runner on, and pushed over three runs, enough to win.

I will always believe the winning of those two games were of vital importance to the Yankees.

**WINDUP ON ROAD**

The break in the schedule is the one thing that may handicap the Yankees and work to the benefit of the other western contenders.

New York plays its final game at home on September 2, spending the final three weeks of the season on the road.

Several of the western clubs have played far better ball at home than on the road and should
