**Catholic Boycott Is Making Progress In Chaotic Mexico**  
(Continued from Page 1)  
try, Father John J. Burke, secretary of the national Catholic welfare conference, said in a statement today.

Referring to reports that the bishop had appealed to President Calles for restoration of their citizenship, Father Burke said the reason was apparent, adding: "What are the civic rights denied to Mexican bishops and priests? They are denied the liberty of speech, press, of assembly and petition, equality before the law and trial by jury, the right to property either as individuals or in corporations, the right to vote and hold office. They are denied the right to exercise their profession excepting under surveillance and by executive clemency of not only federal officers, but of every village authority."

### Clatsop County Agent Will Retain Position

(COVALLIER, Ore., Aug. 6 (AP)—E. W. McMindes, county agent of Clatsop county for the last five years, will not be removed from office by the extension service of the Oregon Agricultural college, as requested by 125 signers of a petition asking removal last April.

A report completely exonerating McMindes of all charges against him and blaming the attack against him to personal enmities on the part of a small group had been made in the case by P. L. Ballard, county agent leader, who conducted a public hearing at Astoria to air the matter and who also carried through a searching personal investigation. The report has been approved by Paul V. Maris, director of extension, and the county court of Clatsop county, thus closing the matter.

The toll on the word "please," in telegrams sent in this country, amounts to \$10,000,000 a year.

# Developed for Hydroplanes — Broke the World's Record — NOW ready for your car—

# \$1000.00 in cash for a name!

## for the Latest and Greatest development in Gasoline

Here's your chance to win a thousand dollars by naming the greatest gasoline ever produced—a motor fuel that is well worth a higher price but costs you the same as others.

**Breaks world's record**

This new and better gasoline was developed especially for hydroplanes. On May 30th it broke the world's record—the Hydroplane "General" at Newport smashing all former records for her class.

Now it is ready for your automobile—a gasoline that gives

- A noticeable increase in power winter and summer
- A noticeable increase in gas miles
- No crank-case dilution

Less carbon deposit—No fuel knocks  
No pitted valves or fouled spark plugs  
Less transportation cost

**Result of years of effort**

This new gasoline is the result of years of effort on the part of some of the greatest of fuel experts to produce a highly volatile gasoline that is perfectly balanced—one that vaporizes and ignites instantly in the cylinder—one that burns clean—contains no carbon-producing compounds—no acids nor sulphur—a gasoline that does not sacrifice gas miles for power. It takes less of this new gasoline to cover the distance.

Use the coupon or get blanks from dealer

To enter the thousand-dollar contest just fill out the coupon at the corner of this advertisement following the rules or else get an entry blank from your General Independent Dealer. Submit as many names as you like. Start Now! The contest is open to everyone in Washington, Oregon, British Columbia and California, excepting employees of the General Petroleum Corporation and their families.

**Try it, then name it**

Try the new gasoline, see the wonderful results that you get; then write a name that will be expressive of this latest and greatest development in motor fuels.

Drain your crank-case and fill up with Parahex. It's your insurance for as perfect a motor at the end of the run as at the beginning. For Ford's use Parahex.
