British Women Divided As To Proper Apparel

(By The Associated Press) British women appear to be divided as to the style of dress they shall adopt. One section favors men's styles. Besides going in for the latest Eton haircut, accompanied by flat strands of hair down the cheek, like men's side-whiskers, they buy their collars, ties, felt hats, tweed-suits, walking canes and even dressing gowns at men's shops. A farther masculine touch are cloth garters reaching to the knee for morning wear.

hygienic problem now solved a new and different way—true protection. Dispose of it as easily as tissue.

THE old-time "sanitary pad" is fast becoming a rarity. Millions are discarding it as a needless hazard.

"KOTEX" a new and remarkable way, is now used by 8 in 10 better class women.

Discards as easily as a piece of tissue. No laundry. No embarrassment.

It's five times as absorbent as ordinary cotton pad!

You dine, dance, motor for hours in sheers frocks without a second's doubt or fear.

It deodorizes, too. And thus stops ALL danger of offending.

You ask for it at any drug or department store, without hesitancy, simply by saying "KOTEX."

Do as millions are doing. End old, insecure ways. Enjoy life every day. Package of twelve costs only a few cents.

Breakfast—Orange juice, whole wheat cereal, thin cream, French omelet, steamed spinach, milk, coffee.

Lunch—Egg pudding, olive salad, bran bread, baked peaches, butter-softened cookies, milk, tea.

Dinner—Lamb chops, new tripe in cream, baked stuffed peppers, raspberry bavarian cream, plain cake, graham bread, milk, coffee.

If the peppers are stuffed with macaroni or rice mixture they become a sort of "two in one" dish and make the serving of potatoes unnecessary.

Gelatin desserts are tempting and easy to make. During hot weather a longer period of time must be allowed for them to stiffen than is calculated in cold weather. Full eight hours in the refrigerator or even longer may be given to a gelatin dessert or salad to insure the desirable firmness.

Two cups raspberries, 1 cup currants, 1/2 cup powdered sugar, 1 cup whipping cream, 1/2 table-spoons granulated gelatin, one-half cup cold water, few grains salt.

Scald berries and currants and rub through a sieve. Soften gelatin in cold water. Boil fruit juice and stir in gelatin. Remove from the fire and stir until gelatin is perfectly dissolved. Let stand until cool and beginning to jelly. Then fold in cream whipped until stiff with a few grains of salt. Turn into a mold lightly brushed with olive oil and let stand until thoroughly chilled and firm. Remove from mold and serve garnished with fine berries.
