### Quaker Oats "stands by" you through the morning

That's why doctors urge it to start every day  
To feel right through the morning you must have well-balanced, complete food at breakfast. At most other meals—that is, at luncheon and at dinner—you usually get that kind of food but rarely at breakfast.  
Thus Quaker Oats, containing 16% protein, food's great tissue builder, 58% carbohydrate, its great energy element, plus all important vitamins and the "bulk" that makes laxatives seldom needed, is the dietetic urge of the world today.  
It is food that "stands by" you through the morning. Food that should start every breakfast you eat.  
Don't deny yourself the natural stimulation this rich food offers.  
Get Quaker Oats today. Grocers have two kinds: Quick Quaker, which cooks in 3 to 5 minutes, and Quaker Oats.
