In The Book of Fashion

--for the better dressed man this Fall

Many of the new Suits are ultra English models, single or double-breasted. Shades of tan and brown will be very popular this Fall. Fashion dictates the loose-fitting suit with medium width trousers.

The blue Overcoat will be much in favor this Fall. Tans and grays will also be shown. The models are medium fitting and slightly longer.

NECKWEAR

Crepes, cut silks and the new "oat meal weave" in colorful yet subdued patterns to harmonize will do much toward completing your new wardrobe.

SHIRTS

The plain white shirt, in a rich broadcloth material will be much in demand this Fall.

The shirts of figured patterns are very neat—the figures smaller in design.

Checks and overplaids will also be worn. The materials are broadcloth, dimity cords and rayon madras.

SPORTWEAR

Reflects the bright, yet subdued tones of the Autumn coloring. The patterns are smaller and less distinct than in the past season. Harmonious blending of the soft colors rather than contrast will be the keynote to your Fall sportwear.

HATS

In new shades of tan and grey. Your choice of the snapped or rolled brim. Many have fancy bands; others plain. The new felts combine grace and ease.

FOOTWEAR

Oxford models will be in a greater demand than ever this Fall. Shades of tan or black are equally good. The new brogue models combine the utmost in comfort and appearance.

Each day we receive many interesting new things in men's apparel for Fall. We invite your inspection.

WOOL REPORT

BOSTON, Aug. 20. (AP)—The Commercial Bulletin will say tomorrow:

"The wool market is moving along within narrow limits at the moment and prices are no more than steady, although most holders are very firm. Confidence in the future of the market is as unshaken as ever and September is expected to bring a broader, more intense demand.

"Interest in the new light weight openings of goods is reported as fairly keen. Most of the business placed, however, during the past month has been in the way of late repeat orders for the heavy weight season.

STOCK MARKET ENTERS RALLY

NEW YORK, Aug. 20. (AP)—After going through a heavy selling movement, which centered mainly in U. S. Steel the stock market rallied briskly in the final hour today under the impetus of short covering and closed relatively steady. A spectacular rise of 7⅝ points on Delaware and Hudson carried that stock to a new top price for the year near 175, while General Asphalt crossed in for a gain of more than 2 points. U. S. Steel rebounded from 143½ to 146½ closing fractionally lower at 146.

Good buying again was noted in the railroad equipment shares, several new orders for signal and train control devices being announced.

Despite the forecast of record breaking July earnings statements for some of the leading class one carriers, the rails lost ground with the industrials, Chesapeake and Ohio and Atchison, two of the leading strong spots being the hardest hit in the first wave of selling in that group.

The closing was heavy. More general selling broke out in the final hour when another sinking spell in U. S. Steel carried that stock well below 145. United Cigar Stores, Dupont, Case Threshing Machine and American Safety Razor reacted 2 to 4 points. Total sales approximated 1,300,000 shares.

TRIBUTE PAID TO STONE, OF A.P. SERVICE

GENEVA, Aug. 20. (AP)—Speakers at today's public session of the conference of representatives of news agencies under the auspices of the league of nations paid tribute to Melville E. Stone, for many years general manager of the Associated Press and now its counsellor.

Elmer Roberts, representing The Associated Press, who introduced a resolution advocating international recognition of property rights in news, described Mr. Stone's work in securing protection of news in the U. S. He told how Mr. Stone with the support of the directors and members of the Associated Press won their cause and how the seal of approval was finally given by the supreme court.

Roy Howard, chairman of the board of the Scripps-Howard newspapers, said that he believed Mr. Stone's contribution in establishing the property right in news was the greatest single achievement in American journalism during the last generation.

FLOODS DAMAGE CROPS IN OHIO; 5 PERSONS DIE

COLUMBUS, Ohio, Aug. 20. (AP)—With the death toll to date due to floods in the past two weeks, standing at five, and with thousands of acres of the state's finest corn land and a number of highways under water, rain was again forecast for today.

Although a number of streams were reported receding last night additional rain fell today with expected to send them to high levels.

Four deaths attributed to the precipitation were reported yesterday. A boy was drowned near Indiana several days ago, making the fifth casualty of the present period of heavy rains.

AMERICANS RECOVERING

POKLESTON, England, Aug. 20. (AP)—Of the Americans injured in Wednesday's crash of a cross-channel passenger airplane, only the Rev. Stanley Hazard of New York was still in a serious condition today. All the others showed improvement today.
