Alice Scene of Pretty Wedding

A pretty home wedding was solemnized Sunday afternoon at 2 o'clock at the home of Mr. and Mrs. W. L. Ledbetter at Alice, when their daughter, Miss Ruby Ledbetter, became the bride of Henry W. Leonard, of Haines. The home was attractively decorated with bouquets of the season's flowers, gladioli, dahlias and asters, forming a pleasing setting for the wedding.

Presiding the ceremony Miss Della Perkins sang "At Dying." Miss Beatrice Leonard played the wedding march. The Rev. Mr. Hamilton, of Boise, Idaho, performed the ceremony in the presence of about 50 relatives and friends.

The bride was given away in marriage by her father. She was lovely in a gown of white tulle, with a train and carried a shower bouquet of orchids, roses and lilies of the valley. Her veil of tulle was held in place by a dainty wreath of orange blossoms.

Dorothy Jean and Nadine Ledbetter, little nieces of the bride, were ring and train bearers. Miss Eva Ledbetter, sister of the bride, was maid of honor. She wore greenorgette and carried an arm bouquet of pink snapdragons and orchid sweetpeas. Carlton Leonard, the bride groom's brother, was best man.

After the reception held at the Ledbetter home Mr. and Mrs. Leonard left for Staside where they will spend their honeymoon. On their return they will make their home at Haines.

The home and foreign missionary societies of the First Methodist Episcopal church will have their annual joint meeting and picnic at Riverside park tomorrow afternoon. The husbands and families of the members will join at a picnic dinner at 8 o'clock. Cars will be at the church at 2 o'clock to take the members to the park.

Queen Marie Will Sail For America Shortly

PARIS, Aug. 24. (AP)—Queen Marie, of Rumania, who expects to sail soon on a visit to the United States, and Canada, has various business matters to conclude before she can decide definitely the date of her departure.

Members of the entourage of King Ferdinand who is celebrating his sixty-second birthday today, says that the queen has received no invitations from America, except that officially accepted by the Rumanian government for her to dedicate a room at the Maryhill museum, Maryhill, Washington.

Sister Mary Says:

(By Sister Mary)

Breakfast—Chilled melon, poached eggs on milk toast, crisp granham toast, milk, coffee.

Lunch—Creamed onions on toast, eye bread and cheese sandwiches, radishes, apple sauce, ginger cookies, iced chocolate.

Dinner—Planked sausages and apples, beet and cabbage salad, fruit cup, whole wheat bread, milk, coffee.

If you are not the possessor of a "plank" but contemplate investing in one keep these suggestions in mind when making your purchase. Choose an oak plank in preference to any other wood. Do not buy a plain plank. A plank made with grooves leading to a shallow well at one end insures one against the loss of any juices or gravy.

Planked Sausages and Apples. Heat plank until comfortably warm and rub well with lard or oil. Heat in the oven until smoking hot.

Choose good sized apples. Wash and cut in halves, removing cores. Arrange apples with cut side up on the hot plank and in the center of each apple place a small sausage which had been parboiled for ten minutes. Prick sausage in several places with a sharp fork. Put into a hot oven or under the broiler rather far from the broiling flame and cook until the apples are tender and the sausages brown and well done. When ready to serve arrange apples at the hot broiled rice at intervals around the plank. Make a depression in the top of each and fill with 1 tablespoon catsup.

The use of a plank makes it possible to cook and serve the whole meat course on one dish.

RADIO FINDS PROPER LEVEL

(By The Associated Press)

CHICAGO, Aug. 24.—Stabilization has come to the radio receiver industry, from the manufacturer to the retailer, with the advent of more settled conditions in the process of producing and selling, declared Charles E. Butterfield, member of the Institute of Radio Engineers.

Likewise radio equipment itself has undergone a change for the better and has reached the point where standardization is being given the consideration long held necessary for success in this field.

From a market that sprang up almost overnight with the demand for exceeding the supply, resulting in a literal scramble by the buying public for radio material, there is developing a situation that the manufacturers and retailers have forecast as tending toward a smoothly functioning industry.

So great was the demand for radio equipment when the Italian fever first struck the American home that more manufacturers and retailers were attracted to radio than consequent developments have shown could exist.

Probably one of the best barometers of conditions is the situation in Chicago, radio center of the middle west. Here, when radio first became vogue, retail stores came into being as fast as shelves could be stocked. New stores seemed to develop their quotas of new customers and nearly every day saw hustling clerks attempting to wait on three customers at once. Almost any article, even sometimes when its connection with radio was more or less vague, would find a ready sale.

To meet this condition, manufacturers were forced to increase their output, although such a

Steel-Trimmed Women Will Be Fashionable

(By The Associated Press)

Steel-trimmed women will be the London fashion next fall. It has been found that steel gives just the note of gray relief necessary to make the all-prevailing navy blue attractive. Consequently Bond Street designers have produced attractive model gowns with steel trimmings which can be punched in all over the front of gowns, and many of the new models show very elaborate designs worked out in steel.

The modest navy which adorned midday's left shoulder at the beginning of the season has assumed the proportions of a dinner plate, while the newer frocks are being shown with still larger blossoms poised on the right hip. These flowers are made of gossamer fabric.

These surveys indicate that there always will be a good market for radio and that, to a certain extent, it will parallel the automobile in this respect, with the demand for the completed receiver showing a slight edge over that for parts.

Flavor is everything in breakfast oats

WHEN you find a person, especially a child, who "doesn't like oats," chances are they haven't tried the right kind.

Get Quaker Oats. Once you taste "Quaker" flavor, you are spoiled for ordinary oats.

That rich and tasty Quaker flavor is the result of some 50 years milling experience. No other oats approximate it.

Quaker milling, too, retains much of the "bulk" of oats. Thus those who eat Quaker Oats find laxatives seldom needed. Combines protein, carbohydrates, vitamins and "bulk" in excellent proportion.

Costs the same as ordinary brands. You alone lose when you accept a substitute.

Quick Quaker cooks in 3 to 5 minutes. Your grocer has it; also Quaker Oats as you have always known them.

Elaborate Services Held for Financier

PARIS, Aug. 24. (AP)—Funeral services such as are seldom held today in the American cathedral here for H. Herman Harjes, world known financier, who died last Saturday.

Financial leaders of the entire world were represented at the services as well as the American and British embassies, the French government and parliament and French and American banks. Not only were the heads of the principal world financial institutions represented personally but scores of banks in the United States and

Great Britain sent flowers. J. P. Morgan and Dwight Morrow represented Mr. Harjes' American associates.
