

Now! Playtime gives way to School time

Wherever you start your school work—whether at home or away among strangers—your appearance must impress associates with the stuff you are made of—

Appearance, conduct and concentration to studies are qualities, the sooner you cultivate the earlier comes the success you strive for.

EGGS RISE TO 40-CENT LEVEL

PORTLAND, Ore., Sept. 8. (AP)—Fresh egg values stimulated by a shortage in the receipts, have reached the forty-cent level in the local market. On the dairy exchange top grades are posted two cents higher for the day at 38 and 40 cents respectively. Pullets participated in only part of the advance now being listed at 33 cents. Under-sized and current receipts remained firm and unchanged.

Today's advance again places the Portland market more in line with other coast markets and the east.

Seattle is quoting extras at 42 cents and San Francisco at 42 cents while Los Angeles is up to 45 cents. Fresh receipts in the local market have been unusually light and this together with a brisk shipping outlet, brought about today's advance.

Butter continues steady and unchanged in the local market. Demand for top grades remains active both for local and shipping use.

Demand for heavy, fat hens (live) has been good during the last few days. Receipts remain sufficient to meet the local requirements and prices are unchanged.

The country dressed veal market is slightly easier and the trade is not so keen to pay prices as they were a few days ago. Best calves still holding at 18½ to 19 cents. Country dressed hogs holding around 18½ cents for choice lights.

WHEAT VALUES DROP FRACTION

CHICAGO, Sept. 8. (AP)—After opening unchanged to ½¢ higher, the wheat market reacted quickly when selling orders appeared, and values declined to below yesterday's finish. Starting ¼¢ lower to ½¢ up, corn values scored slight additional gains all around. Oats opened steady and provisions were firm in line with an upturn in hog values.

Wheat closed weak at ½¢ to 1½¢ down; corn unchanged to 1½¢ higher; oats unchanged to ½¢ lower and provisions unsettled.

Journal of Oregon Teachers Published

The first number of the Oregon Education Journal, official publication of the State Teachers' association, is just off the press and is being mailed to more than 7000 teachers of the state. E. F. Carleton, secretary of the state association, is editor and manager of the publication, which will appear monthly except June, July, August and September.

Establishment of the magazine to be published in permanent quarters in the Behrke-Walker building in Portland, was voted at the last annual convention of the teachers' association. Miss Esther Davis, graduate of the University of Oregon, is assisting Mr. Carleton.

The 20th Century Health Science known as CHIROPRACTIC

Investigate the merits of this science if you are sick or ailing. By investigating you learn the truth, and "the truth shall set you free." Don't let any prejudice stand in your light to learn. This is folly and you are the loser.

CHIROPRACTIC

will stand investigation—the more, the better convinced you will become of its merits. This is the greatest compliment we can give it. Investigate thoroughly and do your own thinking as every individual should. If you will do this we have no doubt of your verdict on this wonderful new health science that is now being brought to the attention of suffering humanity everywhere.
