GAS MILEAGE OF CAR INCREASED

New Manifold and Carburetor Improve Hudson Super-Six Series

A new carburetor and manifold which result in better gasoline mileage, announced by the Hudson Motor Company in its latest Super-Six series, is now being distributed in the Pacific Northwest by the Hudson Motor Company.

This improvement is of great value to the motorist, and is a further step in the Hudson Motor Company's policy of increasing the gas mileage of its cars. The new manifold and carburetor are designed to give the motorist a better gas mileage than any other car of its class.

made public. Together with the new bodies to attractive colors the Hudson Motor Company is offering a record-breaking number of buyers. Every indication is present, it is said, that the present automobile will be the most active that Hudson ever has known in this vicinity.

"Now that all announcements of new models are out," said Mr. Ledbetter, "an outstanding fact is the number of so-called 'new' things which have been regular Hudson Super-Six features for many years. I suppose the most important step forward this year has been a widespread attempt to gain greater motor smoothness. For Hudson has used a patented and exclusive design of crankshaft for seven years which is inherently balanced in itself, and which also cares for the other forces in a motor which otherwise would set up vibration.

Presents Vibration. In other words, the Hudson design prevents vibration before it ever sets up. There is a vast difference between that and 'dampening' vibration after it is under way. Hudson owners have enjoyed this smoothness for many years, and this season has seen this effect.

NEW LINE OF JEWETTS IS ANNOUNCED TODAY

NEW JEWETT FOUR-DOOR SEDAN

4-DOOR INTERIOR

NEW JEWETT BROUGHAM

Dismissing them as "the second most beautiful car in America," the makers of the Dodge today announce an entirely new line of Jewetts with a handsome four-door sedan as the leader. The new Jewetts are a distinct departure from the previous models, all bodies being noteworthy for the consistent use of curved-hull corners, rounded surfaces and gracefully sweeping lines. All interiors are of the best finish.

Haggerty Buys Out McClay's Interest

UNION, Ore. Sept. 11. (Special)—H. C. McClay, of the Union, cash grocery, recently sold his half interest in the business to his partner, W. O. Haggerty. The store is one of the most progressive and the only store where only groceries are sold at Union. The deal consummated a successful partnership of five years' duration. The business will continue to follow the same policy as heretofore.

PROMISE PERSONALS

PROMISE Mrs. (Special)—Mr. and Mrs. C. T. Lindsey, of La Grande, and Howard and Harold Carper return to the U. S. Carper place Friday after a trip to Portland and Seattle. They reported an enjoyable trip. Mr. and Mrs. Lindsey and Harold Carper returned to La Grande last Saturday evening. The Lindsey family finished threshing Saturday.

Melvin Courtney, of Troy, visited Saturday night at the C. T. Carper place, returning home Sunday evening.

The Lindsey family went to Walla Walla last Saturday on a business mission.

Herbert Thompson, of Walla Walla, was a promise visitor Sunday.

Elmer Bennett is delivering wood and peaches at Mazette this week.

Robert Carper returned home Wednesday evening from Enterprise where he has been employed for several weeks.

Miss Frances Courtney, of Troy, came here Sunday and began

teaching the Promise school Monday. Her brother, Arthur, of Elgin, brought her here by way of Walla Walla. She is staying at the Anderson's home.

Bill Carper is planning to build a new log house.

Mr. and Mrs. C. T. Carper and Mr. and Mrs. Fred Trump, of Portland, and Mr. and Mrs. Fred Thompson, of Mazette, visited Sunday at Bill Carper's place.

Robert Carper, Junior, Kenneth, Henry and Ed Carper attended the street dance at Walla Walla last Saturday night.

Miss Violet Trump, of Walla Walla, who has been visiting relatives here for a few days, returned to her home Sunday evening. She is a junior in Walla Walla high school.

Hellum has been satisfied into a transparent mass for the first time by Professor Benson, of Jordan University. His predecessor, Professor Chubb, succeeded in liquifying the helium but was unable to solidify it.

Italians and negroes are the largest purchasers of stunted photographs to retain memories.

The latest thing in men's clothes is nothing.

Better than Ever-

Following their traditional policy of constant improvement with no yearly models, Dodge Brothers, during the past eight months, have vastly bettered their motor cars in many vital respects.

Indeed, there has never been an equal period in Dodge Brothers history when so many refinements of a popular and fundamental nature have been made.

The public is registering its appreciation of this progressive industrial service by purchasing every motor car Dodge Brothers can build—in spite of the fact that Dodge Brothers production, during these months, has broken all previous records by an impressive margin.

18,000 GO INTO OREGON CAVES DURING SEASON

GILBERT PASS, Ore. Sept. 11. (AP)—Attendance at the Oregon Caves reached 18,000 for the summer Wednesday, exceeding by more than 1,000 the greatest attendance in any previous season.

The traffic is still fairly heavy although the peak of the tourist season is over. It is expected that attendance will reach 20,000 this year as the resort will not close for another month.

Spain has had no rain in 53 days. Perhaps a few well-planned showers would bring about a little more rain.

PERSONAL ATTENTION DOES IT

The personal attention given here to motorists accounts for the increasing number of cars you see driving up to our new station. We find that people like to deal where the true human and friendly spirit is evident.

A Motor without equal in its size class

MODERN engineering in this notable 70" Willys-Knight Six has given it a power development unequalled in any other motor of its size, built as stock production in this country.

From relatively small motor dimensions it develops a full 53 horsepower to afford a standard performance that is without a duplicate in its class for speed, hill climbing, acceleration, flexibility and economy.

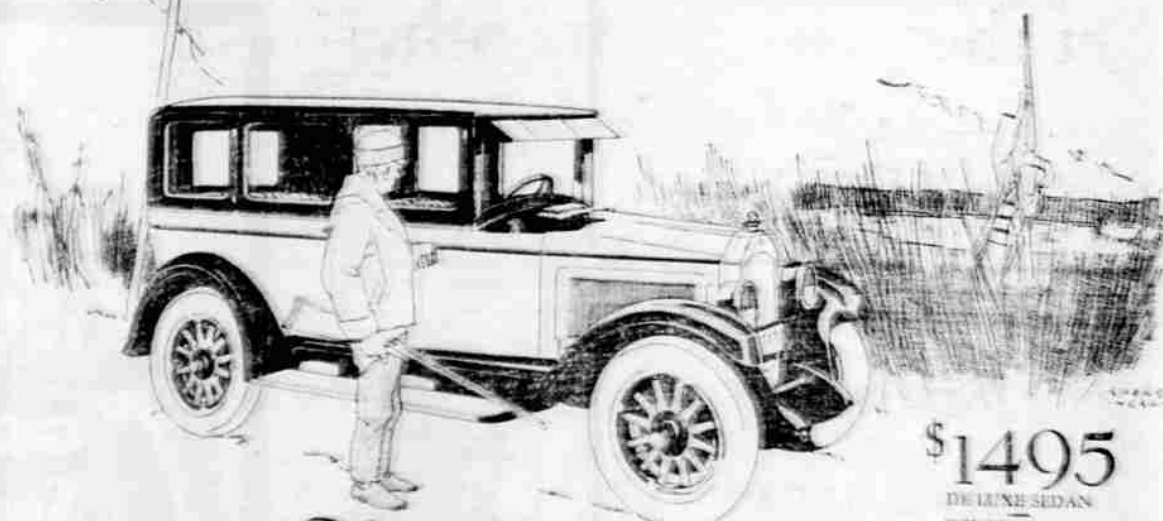

These facts are worthy of your complete investigation. They are back of a satisfaction on the part of owners which is the most enthusiastic in the country.

They make the use of this Willys-Knight a source of continual satisfaction.

The same advanced engineering in the chassis has given it a strength that means years of uninterrupted service without trouble.

Try it out—it is the motor car sensation of the year in its price and size group.

The New Willys Finance Plan allows smaller down payments and smaller monthly payments; the lowest credit cost in the industry.
