Fox Furs Draped; Veils in Again

(By the Associated Press)

Fox fur is no longer worn around the neck. It is arranged upon fashion in front of the dress, with the tails worked into decorative effects, and the neck is left bare.

With the dinner jacket, which ranks as very smart, especially when the waistcoat is gold or silver lame, the thing to wear is a double-decked evening cap, with a soft velvet top and a broad gold peak.

An Evidence of Refinement

Good taste and good health demand sound teeth and sweet breath.

The use of Wrigley's chewing gum takes care of this important item of personal hygiene in a delightful, refreshing way.

Wrigley's removes odors of dining or smoking from the breath by cleaning the teeth, by stimulating the flow of digestive juices, and by the antiseptic action of the flavoring extracts for which Wrigley's is famous—"The Flavor Lasts!"

The result is a sweet breath that evidences care for one's self and consideration for others—the final touch of refinement.

Wrigley's is a thrice daily routine of people of refinement.

Sister Mary Says:

(By Sister Mary)

BREAKFAST—Baked apples, cereal, thin cream, broiled cottage ham, creamed potatoes, corn bread, milk, coffee.

LUNCHEON—Corn fritters, stir-up, fruit salad, bran rolls, milk, tea.

DINNER—Mock duck, baked potatoes, creamed cauliflower, endive salad, huckleberry pudding, whole wheat bread, milk, coffee.

Corn fritters may not be the most digestible food in the world, but they surely are some of the most tempting. And after all a fritter that is properly cooked will not tax the digestion of any healthy, normal person. Try them some chilly autumn day when the family needs cheering up.

Corn Fritters

One cup corn pulp, 2 eggs, one-half teaspoon salt, one-eighth teaspoon pepper, 1 teaspoon sugar, 1 teaspoon baking powder, 2 tablespoons milk.

Cut the tops from the kernels of four or six ears of corn. With the blunt edge of a knife scrape out the pulp. Beat yolks of eggs until thick and lemon colored. Beat in milk, beating until eggs thicken. Add to corn pulp with flour mixed and sifted with salt, sugar, pepper and baking powder. Mix until perfectly smooth and fold in the whites of the eggs beaten until stiff

In the evening at 8:30 o'clock a banquet will be served in the dining room of the hall in honor of the visiting members. Mrs. Dorothy Davy is chairman of the committee on arrangements.

Final arrangements for the meeting were made last week at the regular meeting of the local organization. Yesterday afternoon the officers and drill team of the auxiliary met at the hall to complete their plans, and for practice work.
