BOSTON, (AP)—Boston took the final game of the series from St. Louis Monday, 5 to 4, in 14 innings, and further endangered the pennant chances of the Cardinals, Cincinnati winning while St. Louis went into a tie with the Cards for first place. A hit by Cooney with two out and Taylor on second base, blasted the hope of St. Louis in the 14th inning. The tie while the teams were tied at 4 to 4, from the eighth inning on St. Louis had filled the bases with new out. Each time the team, with Hornsby at bat, was unable to score. The game was bitterly contested throughout and three-

WEST SEES BIG FOOTBALL YEAR

Bitterly Contested Campaign for Gridiron Supremacy Forecast

SAN FRANCISCO, Sept. 14. (AP)—Football makes its annual bow on the Pacific Coast this year under conditions which promise several new brands of football, greater attendance than in 1925 and a bitterly contested campaign for gridiron supremacy. Death and resignations have cut into the coaching staff of the nine Pacific Coast conference institutions to remove five mentors, while graduation and other influences have taken a severe toll in the ranks of the players. Andy Smith Gone Charles M. "Niles" Price will carry on at the University of California in place of Andrew Latham "Andy" Smith who died shortly after last season ended. Smith gained nation wide fame by leading the Blue and Gold eleven through five and one-half years of no defeats. At Washington State College, Orin E. Hollingbery rules in place of A. A. Exendine, resigned. Hollingbery coached the San Francisco Olympic Club eleven which last year administered the first defeat to California. Exendine signed to coach at Occidental College in Southern California this season. Charles Erb, quarterback of the University of California "Wonder team" under Smith, replaces Robert Mathews at the University of Idaho. Mathews resigned to accept a similar position at St. Louis University. The gridiron destinies of Oregon and Montana are in the hands of two former West Pointers, Captain John McKean, last year's coach at Army, has taken charge of the Willamette camp while Major Henry Milburn, succeeds Charles Clark at Montana. Teams Hard Hit Glen Warner remains at Stanford, Enoch Bagshaw at Washington, Paul Schuster at Oregon Agricultural College and Howard Jones at the University of Southern California. The missing roll of football stars this year includes Ernie Noves, Stanford's great fullback, and

Ocean Boat Can Be Carried Under the Arm

This strange boat, like an enlarged inner tube with a motor stuck on behind, is being used for ocean voyages around Los Angeles. C. Winder Scott, its inventor, calls it the "airraft." Scott is shown with two pretty passengers. When the boat is inflated it can be carried under the arm.

George Wilson, spectacular half back of the Washington Huskies, both of whom won places on most of the mythical All-American eleven in 1925. Graduation took eleven members of the California team while Stanford made goodbyes to three regulars and seven varsity substitutes. Washington, 1925 champion, lost

many of its outstanding players but enters the seasonal battle for honors with the psychological advantage which comes from a victory season. The "big game" between the traditional rivals—California and Stanford—takes place in the former's stadium on November 26. This contest attracted the largest

attendance in football history a few years ago when nearly 100,000 persons filled the huge bowl and the surrounding hillsides. An oil coating in the barrel of a gun affects the elevation of the shot, recent Government tests show.

Control Best Asset Asserts Herb Pennock

By Billy Evans
American League Umpire

What is a major league pitcher's greatest asset? There are so many things necessary to success as a pitcher that a wide difference of opinion is certain to exist. Speed is very important. A change of pace is most valuable. A fast-breaking curve is very helpful. Poise is decidedly essential. As once watches Herb Pennock, the slim southpaw of the New York Yankees, turn back the opposition in the American League, he marvels at the seeming ease with which Pennock performs the trick. The other day after Pennock had registered his twentieth victory, an impressive win over the hard-hitting Detroit club, believing him well qualified to answer the question, I put it to him. "What is a major league pitcher's greatest asset?" "It didn't take him long to answer. "CONTROL," SAYS HERB. "Nothing to it, control of course. No pitcher can hope to get anywhere without it. "And please don't misunderstand me. When I say control I mean more than the mere getting the

ball over the plate. "In other words, throw strikes but keep them at a spot that is hardest for the batsman to connect, pitch to his weakness. "The cheapest way in this world to allow a batsman to reach first base is on four balls. Incidentally, a pass invariably results in a run. At least it seems that way. "When a pitcher walks a batter he has merely pitted himself against the batter. He has failed to take advantage of the assistance eight other players are anxious to render, provided the pitcher will make the batsman hit. "Get the ball over, make the batter earn his right to first and pitching becomes a much easier task." ATLANTIC CITY—Chance for a couple of versatile bakers to make some dough. Vierkotter and Michel, channel swimmers, have been invited to come to the convention of the American Bakers' association all expenses paid with opportunity for gate receipts at exhibitions on the side. Catnip is being grown by the United States Botanical Service. The oil obtained from the plant is to be used in trapping mountain lions. Catnip is a lure for all members of the cat tribe, save the cheetah, or hunting leopard, or India. No nation is as bad as its rich tourists. France will like us better when an American Legion meets in Paris next year.

Over two billion smoked a month!

—natural tobacco taste has the "call" these days!

Men have certainly made their preference clear!

REMEMBER just a few years back you saw but few Chesterfields? Mighty different today! You see them everywhere! But it's not that fact, but the reason, that's the interesting thing.

Natural tobacco taste—a taste secured by matching one fine variety against another, a taste which retains tobacco character—that's why Chesterfield is America's fastest-growing cigarette, and has been for four consecutive years. Not much doubt nowadays about what smokers want!

Chesterfield CIGARETTES

Such popularity must be deserved

If a child

doesn't like oatmeal, win over with famous "Quaker Flavor"

THE reason some children don't eat their oatmeal without urging is that they're not given the right kind. There is a great difference in the flavor of oats. And flavor, above all things, is needed to win a child's appetite. Quaker Oats has a unique flavor; a rich and toasty flavor you'll find in no other brand. That is why millions will accept no other kind. Quaker milling, too, retains much of the "bulk" of oats—which makes laxatives less often needed. Protein, carbohydrates, minerals, vitamins and this "bulk" make Quaker Oats an excellent food balance. Today, get Quick Quaker (cooks in 3 to 5 minutes), or regular Quaker Oats as you have always known them. Grocers have both kinds.

Dempsey-Tunney Fight Menaced By Club's Suit

PHILADELPHIA, Sept. 14. (AP)—The injunction obtained in Indiana to prevent the Dempsey-Tunney fight is merely a matter of news in the Pennsylvania courts; it had no legal effect, said Attorney General George W. Woodluff today. INDIANAPOLIS, Ind., Sept. 14. (AP)—The famous ten dollar contract, calling for a bout between Jack Dempsey and Harry Willis, negro challenger, has held up again, this time on the basis of a superior court injunction to prevent the champion's match with Gene Tunney at Philadelphia September 23. Judge Clinton H. Givan, holding that ownership of the much disputed contract represented a property right, granted the petition of the Chicago Coliseum club for an injunction last night, in spite of the fact that prize fighting is not sanctioned by Indiana law. Assertions of H. C. Clement, president of the Coliseum club, that suit would be entered in Pennsylvania immediately to make the injunction operative in that state, were met by emphatic declarations from promoter Tex Rickard that he "was going right to the limit to put on the fight as planned."

Rickard To Go Ahead "Before signing Dempsey I went thoroughly into the claims of the Chicago Coliseum club and was convinced that it was without merit," Rickard said at Philadelphia. "The club promised Dempsey a million dollar purse, but did not put up a nickel. It tried to hold the champion up."

EUGENE GRIDDERS TRAIN Eugene Ore. Sept. 14. (AP)—Thirty-five Eugene High school athletes turned out last evening in answer to first call for football by coach R. G. Brown. The line aspirants are fairly heavy, but the backfield material is considerably lighter. Eight lettermen returned for the first turnout. new's fielding was a feature.
