AT THE THEATERS

Zane Grey Romance-Drama Coming to Star

Paramount has filmed another of these red-blooded stories from the facile pen of Zane Grey, and this high-powered western drama, "Border River," will make its local debut Thursday at the Star theatre when it starts a three day run.

To the lively plot, teeming with the romance and adventure of the northwest cattle country, has been added a spirited cast, featuring such stirring favorites as Jack Holt, Raymond Hatton, Arlette Argyle and Edmund Burns.

As in all Zane Grey productions, the legends were chosen with the greatest fidelity possible to the actual locale of the original story. In this instance, Zion National Park in Utah was used as a background, giving the picture a scenic setting of unsurpassed natural beauty.

The action of the story centers about Holt, ex-member of a band of cattle rustlers, whose outlaw activities have prompted the honest ranch owners to band against them and hunt them down. Looked upon as a traitor by the desperadoes.

"Poker Faces" a Comedy That Is Full of Laughs

The effect of a motion picture on the minds of the nation is a result not always calculated or even considered by a producer.

Carl Laemmle, president of Universal Pictures Corp., is one, however, who first calculates and then makes his picture. For this reason he has created his studios in a concentration on comedy.

"There is little good in emphasizing the unhappy moments of life," he said. "Give them good, clever, clean comedy."

"Poker Faces," the feature at the Arcade theatre, today and tomorrow bears out this edict and proves that Harry Pollard is an apt soldier. He has directed in this one of the fastest and most amusing comedies of the season.

Laura La Plante and Edward Everett Horton co-star in this and the combination of the Pollard-La Plante-Horton touches (each a master in comedy) gives a delightful comedy on the joys (?) of married life.

When the Receiver Hook Is Down Your "Voice Track" Is Clear

Just as a lowered semaphore signal tells the engineer that he may speed ahead, a telephone receiver hook that is all the way down signals the operator that your telephone line is clear for calls.

But when the receiver is accidentally left off the hook, or held up by books, papers, or other objects left under it, the operator gets a signal which indicates that your line is either in use or out of order. Then people cannot call you.

You will help in our effort to give you the best possible service by always making sure that your receiver hook is all the way down.
