W.W.G. Entertains Oregon Official

Members of the World Wide Guild of the Baptist church entertained last evening at the church parsonage honoring Miss Louise Hunderup, elementary director of the Oregon Baptist convention, here this week. Miss Hunderup comes to La Grande once each year to meet with the guild.

After Mrs. W. P. McAdory, counselor for the guild, welcomed the guests, Miss Hazel Rector, president of the society, opened the meeting and called upon various members to explain the point standard system by which the La Grande W. W. G. won the district trophy at the house party held at McMinnville during the summer. After that she called upon Miss Corneilia Hansen, a past president of the society, who in a few appropriate words told the history of the guild and how it won the trophy last year, after which she introduced Miss Hunderup to those who had not met her on her previous visits here.

Miss Zaida Pearl, English teacher in the high school here, was present and gave two interesting readings, "The Mason Family on Exhibition" and Thomas Dally's "The Thief."

Refreshments were served by Miss Jennie Dolbow, chairman of that committee, assisted by Miss Ida Francis French.

The rooms of the parsonage had been decorated for the occasion by Miss Bonnie Oliver and her committee, consisting of Miss Jennie Nelson, Miss Marjorie Maguire, Miss Ethel Brown and Miss Ida Francis French. Autumn leaves were arranged about the windows and doorways and on the library table, in the center of which was the district trophy which the La Grande girls brought home from the house party. Lighted candles on either side of the trophy illuminated its surface. The trophy is an Indian water brought to the United States by a missionary working in India.

Sister Mary Says:

BREAKFAST—Sliced peaches, cereal, thin cream, broiled ham, creamed potatoes, crisp graham toast, milk, coffee.

LUNCHEON—Cream of tomato soup, open egg and lettuce sandwiches, grape juice, sponge pudding, milk, tea.

DINNER—Veal stew with dumplings, baked macaroni and tomatoes, cabbage and beet salad, mold of peas with whipped cream, lean rois, milk, coffee.

The veal stew is well flavored and made rich in mineral salts by the onions and carrots in it. Macaroni is served in place of potatoes with tomatoes making the dish of great value toward a balanced diet. The salad adds the necessary vitamins and the dessert furnishes the sugar for quick and adds fat to a menu somewhat lacking in this nutriment.

Grape Juice Sponge Pudding
One cup grape juice, juice 1 lemon, 3/4 cup sugar, few grains salt, 1 tablespoon granulated gelatin, 4 tablespoons cold water, whites 2 eggs.

Soften gelatin in cold water for five minutes. Dissolve over hot water. Bring grape juice and sugar to the boiling point, stirring to dissolve sugar. Remove from heat and add lemon juice and dissolved gelatin. Stir well and let mixture stand until beginning to thicken.

Beat whites of eggs until stiff and dry with salt. Fold into jelly mixture and beat until stiff enough to hold its shape. Turn into a mold and chill. Serve with boiled custard made with yolks of eggs.

more food space

FRIGIDAIRE provides greater food space than other electric refrigerators of equal size. This is because the highly efficient and economical frost coil, an exclusive Frigidaire feature, occupies less space than the brine tank previously used, permitting greater food storage capacity in a cabinet of any given size. Larger supplies of perishable foods can be carried at one time.

Greater food capacity, quieter operation, freedom from vibration, lower operating cost, a wider range of models, the more precise engineering and manufacturing methods of General Motors, greater beauty of design, proven dependability in service—these are the things that have made Frigidaire the choice of the overwhelming majority of users of electric refrigerators.
