are relieved of a great hygienic handicap in this way. Positive protection—discards like tissue

THERE is now a new way in woman's hygiene. A way scientific and exquisite that ends the uncertainty of old-time "sanitary pads."

It is called "KOTEX." Eight in every 10 better-class women have adopted it.

You wear sheer frocks and gowns without a second thought, any time, anywhere. You meet every day, every business or social demand unhandicapped.

NO LAUNDRY Discards as easily as a piece of tissue. No laundry. No embarrassment. Five times as absorbent as ordinary cotton pads, it banishes danger of mishaps. Deodorizes, too. And thus ends ALL fear of offending.

—you need grain, the natural food from childhood until old age, served in some appealing form.

Too-refined cereals and white flour foods, however, have a tendency to condense in the stomach and are not easily penetrated by the digestive fluids. Thus, much of their food value is lost.

In Roman Meal you have the "Happy Medium" between the over-refined cereals and the too-coarse, non-nutritious bran, which regulates, but when taken "unrefined" often irritates the delicate membranes.

Roman Meal is the ideal grain food for the whole family! For the under-nourished; for the children; for the vigorous who wish to retain that vigor unimpaired.
