

now,
a solid trainload
of
MAYTAGS
EVERY month
to meet the
overwhelming
local demand

*Maytag
Pacific, Inc.
is the only dis-
tributor in the
world to ever attain
the sales volume of a
solid trainload of wash-
ing machines EVERY month*

*For homes without electricity, the Maytag
is available with inbuilt gasoline motor*

Never before in the history of the washing machine business have washers been ordered and sold upon such a gigantic scale.

Homes in the Pacific Northwest demand the Maytag—the ONLY washer with a cast-aluminum tub, which can't warp, rust, corrode, rot or dent, and which is without corrugations, corners or seams to harm the daintiest fabrics.

The washer that washes big tubfuls in 3 to 7 minutes. That does a whole washing—50 pounds (dry weight) in an hour. That washes without rubbing, even collars, cuffs and wristbands. That washes dirty rompers and greasy overalls in 10 minutes. That is self-cleaning, adjustable to your height and takes up only 25 inches square floor space.

Maytag Shops are operated by the Maytag Pacific at the following addresses in Washington and Oregon
