GOD DELIVERS IN TROUBLE—"In my distress I called upon the Lord, and cried to my God, and He did hear my voice out of His temple."—1 Sam. 7:17.

La Grande wants the new street lights in time for Christmas. We hope the contractors in charge can have a like desire.

The miniature straw vote conducted on the streets of La Grande, Elgin and North Powder Saturday indicated truthfully, we believe, the overwhelming sentiment in favor of the Eastern Oregon Normal School bill. This question, lacking partisan consideration, was supported overwhelmingly and will run true to the same form in the election a week from tomorrow. With at least an even break in other sections of the state—which now seems very likely—the measure should carry and thus help solve one of the long-standing educational problems of the state.

FOR TUBERCULOSIS PATIENTS
The Eastern Oregon Tuberculosis Hospital Act (on the official ballot Nos. 320 and 321) brings before the voters of Oregon a very vital thing at the election a week from tomorrow. It has not been given a great amount of publicity, partially because of its non-political character and chiefly because everyone familiar with the need for such an institution has had faith in the intelligence and sympathy of voters when their pencils are poised ready to make a decision on this measure.

Eastern Oregon people should be particularly concerned, not especially because it will provide a state tuberculosis hospital in this section of the state, but because it will provide room for patients who now lack and cannot have proper care. In Eastern Oregon alone it is estimated by an authority that there are 500 cases of tuberculosis that are denied attention now because there are no facilities. The bill to authorize this new hospital is a humanitarian one and deserves wide support. Some of the reasons outlined by the Oregon Tuberculosis Association follow:

- Because there is not a single bed anywhere in Eastern Oregon for a tuberculosis patient who needs it.
- Because there are at this moment about 500 people in Eastern Oregon who have active tuberculosis.
- Because a patient who can have sanatorium care has a better chance of recovery than one who can't.
- Because the only State Sanatorium we have in Oregon has room for only two-thirds of the patients who apply.
- Because in six years the 418 who made up the other third of the applicants never got in at all.
- Because these people would at all times have filled another hospital half the size of the present one.
- Because there is always a long waiting list for the State Sanatorium—44 on September 14th. There will be more in the winter. Last winter the list went as high as 68.
- Because it is a tragedy when a tuberculosis patient needs sanatorium care and can't have it, just as it would be if YOU needed it and couldn't have it.
- Because if we had another sanatorium in Eastern Oregon we could take care of tuberculosis patients when they need it.
- And because the State Board of Control is not permitted to locate any state institution outside of Marion county unless the voters authorize it.

Prices Drop in Today's Market

NEW YORK, Oct. 25 (AP).—Reactionary prices tendencies again developed in today's stock market when it became apparent that the immediate buying requirements of the short interests had been secured.

There were a few exceptions to the downward trend. May department stores was bid up to a new record high at 14 1/2, in anticipation of special dividend action and an active inquiry division for shares of some of the soft coal producing and distributing companies.
