

ASK DAMAGES OF BAKER OFFICERS

BAKER, Ore., Oct. 29.—Charges that Deputy Sheriff Frank Littlefield beat him unnecessarily, wrenched his nose, threatened to cave his head, called him vile and abusive names and then arrested him and lodged him in jail without warrant, W. A. Irwin, of Baker, has filed a personal damage suit for \$7,000 against Mr. Littlefield and Sheriff Henry McKinney.

Over in Baker, where they live in the dark, the flappers use radiolite lipsticks, we are told.

Screen Stars Construct Own Home Theaters

HOLLYWOOD, Oct. 29 (AP).—"Own your own theatre" has become the slogan of many of the motion picture stars, players and executives of the film colony.

Officials of one of the largest studios estimate that fully two-thirds of the executive and talent personnel own their own projection machines, which have been installed in their homes. Many of the more prominent players and executives have completely equipped "built-in" theatres. Architects designing homes for many members of the film colony pay special attention to the new theatre feature.

Aid Self Criticism

Antonio Moreno, owner of one of the finest mansions of Los Angeles, has a fully equipped theatre in his house. Two projectors have been installed and the actor not only entertains his friends but takes advantage of his practical work. Here he takes his own time about studying his make-up and the technique of his acting.

Marion Davies has two built-in theatres, one at her Beverly Hills home and another at her beach place in Santa Monica. There she can view the "rushes" of her previous day's work and take her time about picking flaws.

Range Cayuses Cheap in Idaho

GLENN'S FERRY, Ida., Oct. 29.—"The handling of horses costs the city money," says City Marshal G. C. Babcock. "We get them for nothing but after paying the feed bill during the advertising period required by the law we come out in the hole."

The marshal recently impounded three horses. Having run on open range all summer they were in good condition. Nobody claimed them and they were sold at public auction last week. The entire herd, something over 200 pounds of horse flesh, brought an average price of \$1.00 per pound, or to be exact, \$6. The fed bill was \$10.

Upshaw and Hill Not in Running

WASHINGTON, Oct. 29 (AP).—Both the drys and the wets go into Tuesday's election without their outstanding champions in the house running as candidates for reelection.

Representative William D. Upshaw, of Georgia, one of those who received "honorariums" from dry organizations for speeches lost out in the Georgia democratic primary to Lester J. Steele, another dry.

John Philip Hill, of Maryland, chose to try for a place in the senate only to be defeated in the republican primary by Senator Well-

er. Both Upshaw and Hill have three more months to serve in congress and can be expected to renew in December their forensic battle over prohibition on the house floor.

QUEENS WILL DANCE

LONDON, (AP)—Queen Mary, during her summer "vacation", began learning to dance a reel. Queen Maud, of Norway, sister of King George, the British ruler, also has been taking much interest in dancing and has mastered the steps of the Charleston.

Although she is an indefatigable dancer, Queen Maud had not really approved of the Charleston until she saw it danced particularly gracefully at a private ball in Oslo.

Chicago River Flowing Uphill; Man Responsible

CHICAGO, Oct. 29 (AP).—Chicago has the only known river in captivity, that flows uphill. It is named after the city. Instead of flowing into Lake Michigan, as a normal river should, the lake flows into the river.

This is not a phenomenon of nature but an engineering feat of man. The river is tapped by a drainage canal, which in turn connects with the Illinois river and eventually with the Mississippi river.

Thus Disposes of Sewage. Engineers turned the river backwards so that Chicago's sewage would not pollute the lake. As a river it probably has caused more grief and cussing than any other. Chicagoans every once in a while wonder what should be done with it.

DEFEAT

The Fish-Wheel, Trap, Seine Bill

VOTE 333 X NO

It will place a monopoly of fishing in the hands of one class, most of whom are not Citizens, and who have already repeatedly sought to raise the price of raw fish so as to place it beyond the reach of the average consumer.

Fishing has seldom, if ever been better.

There is no occasion for factional discrimination and confiscatory legislation.

THIS BILL IS OPPOSED BY

The Astoria Chamber of Commerce (the home of the principal sponsors).

The Clatsop County Press.

The U. S. Bureau of Fisheries.

By all fair minded citizens respecting the rights of property and believing in common justice;

THE BILL, IF PASSED, WILL—

Further increase taxes;

Raise the price of fish to the consumer;

Violate a solemn treaty with the State of Washington, making it a scrap of paper;

Confiscate hundreds of thousands of dollars worth of property, without process of law;

Throw many people out of employment in Wasco, Hood River, and Multnomah Counties;

Destroy industries and valuable taxable properties in these Counties;

Leave the Columbia River a boundary stream subject to concurrent jurisdiction with the State of Washington in a legal chaos—without law or regulation.

In the interest of the consumers of salmon, the already overburdened taxpayers, of common sense, fairness, and justice
