Little Gammarus Trout Food Supply

PORTLAND, Ore., Nov. 3 (AP)—The little gammarus is thriving in at least one Oregon lake and the trout which are the planting of trout in Oregon's streams are elevated.

The gammarus is a fresh water shrimp. On it trout which ordinarily would stop growing at seven or eight inches will grow to twice or thrice that size.

The gammarus was imported from Nevada two years ago and propagated at a state hatchery.

Four Texas rangers have been detailed to clean up the naughty little town of Burger. Three of them were sent along to help in the obsequies, we take it.

Walsh Defeats Senator Butler By About 40,000

BOSTON, Nov. 3 (AP)—Massachusetts voters rejected the plea of President Coolidge for the reelection of U. S. Senator William M. Butler, chairman of the republican national committee and close personal friend of the president.

Although the president backed his appeal by coming with Mrs. Coolidge to his home city of Northampton to cast his vote, the state yesterday elected former senator David I. Walsh, democrat to succeed Senator Butler.

Coming to Boston with an upstate lead of some 20,000 votes, Butler was met by an adverse plurality of 70,000 in this city, giving Walsh a net lead of about 40,000.

Governor Alvan T. Fuller, republican receiving a vote nearly 60,000 above that cast for Butler, was reelected by a margin of more than 145,000 over William A. Gaston, democrat.

"It is evident upon the returns that my victory is not a partisan one," Senator Elect Walsh said. "It was brought about by the votes of thousands of men and women who arose above party affairs and turned from partisan appeals."

Declaring that he "rejoiced in that fact," Mr. Walsh reiterated his chief campaign stand that "President Coolidge was not an issue in this campaign and I shall support him in all matters that will promote the welfare of the people of the country."

A. Ruric Todd Is Trailing C. Dill

KELOSO, Wash., Nov. 3 (AP)—The election of a democrat to a political office of this (Cowlitz) county for the first time in many years appeared probable today when returns from 29 out of 47 precincts gave C. B. Dill 1,823 to 1,045 for his republican opponent, A. Ruric Todd, in the race for sheriff.

Todd was the center of a political turmoil two years ago as mayor of Kelso. He came to this city in 1924 was elected mayor six months later and after serving less than a year was recalled. During the controversy Thomas Doherty of Kelso, editor of the Cowlitz county news, and supporter of Todd, was slain. Todd charged that persons opposed to him and the newspaper were the murderers. He was convicted this year of charges growing out of these accusations and sentenced to jail. John Owens was given life imprisonment in September of this year for the Doherty murder. He said robbery was the motive.

MARSHFIELD ELECTS

MARSHFIELD, Ore., Nov. 3 (AP)—Municipal elections in Coos county resulted as follows:

In Marshfield, L. L. Thomas defeated Mayor Duncan Ferguson who had served 8 years by a two to one vote. Dr. H. E. Burmeister defeated Henry Kern and J. M. Thomas for mayor of North Bend. Ellis Dement defeated J. S. Whitaker for mayor of Myrtle Point. C. T. Skvels was unanimously elected mayor of Coquille.

GIRL SAVES SEVEN LIVES

HAMBURG, Germany (AP)—Erna Nissen, a young girl from Trollholm in the province of Holstein, singlehandedly saved four women and three men from drowning and was awarded the Prussian hero medal.

Sister Mary Says:

BREAKFAST—Grape juice, cereal cooked with figs, thin cream, cauliflower puffs, toasted corn bread, milk, coffee.

LUNCHEON—Cream of spinach soup, croquettes, eggplant salad, rye bread, fresh peach butter, cornflake macaroons, milk, tea.

DINNER—Beef en brochette, curried rice, creamed lima beans, salad of mixed greens, peach cobbler, pudding with hard sauce, Graham rolls, milk, coffee.

If the fat calories need increasing in the luncheon the cream soup can be topped with a spoonful of whipped cream. The child or grown person who is underweight should use lots of cream, since this is one of the most easily digested of the fats available. If the milk is half cream and half milk, popularly known as "half and half," so much the better. Plenty of olive oil on all salads is recommended for the thin person.

Eggplant salad is quite unusual and very good.

Eggplant Salad

Two cups diced and cooked eggplant, 1 teaspoon salt, 1/2 teaspoon pepper, paprika, 1 ripe French white sauce, 1/2 cup diced celery, 1 green pepper, 1 tablespoon minced ripe olives, 1 small onion, 4 tablespoons chopped English walnut meats, 1 pimento, 1 hard-cooked egg, lettuce, mayonnaise.

Parse eggplant and cut in half-inch cubes. Cook in boiling salted water, to which a little lemon juice has been added, until tender but not mushy or broken. Drain and sprinkle with salt, pepper and paprika and chill. When perfectly cold pour over French dressing and sauce and let stand 30 minutes. Drain and add celery, pepper with seeds removed and fresh finely minced, onion grated olives, nuts and 1 tablespoon minced pimento. Add mayonnaise to make moist and serve on a bed of lettuce. Garnish with strips of pimento and slices of hard-cooked egg.

UNION PERSONALS

UNION. (Special)—Hallowe'en was a little livelier this year than usual owing to the activities of about fifty boys and young men, most of whom are students in the high school. Sunday evening they decorated Main street and the high school grounds with various articles of private property, but someone was watching and Monday their names were called in school and they had to get out and return the property to its rightful owners. Afterwards they were requested to make up the work they lost during the half day away from their studies.

Following a call by the president, T. T. Cook, there was a business meeting of the Union commercial club at the Union hotel Monday evening. County Commissioner W. W. Stevens was present and the members discussed the matter of the grading and surfacing the part of the Catherine creek road near the Hall ranch to connect it with the Medical Springs road. If this is done it will make an all-year road to the latter place benefiting Union instead of Baker. Ed Wright and Colon Eberhard were present as also was Will Ledbetter. Mr. Wright discussed the matter of the proposed road from Elgin over the old toll route to Pendleton and points north and said a delegation of boosters for

Davis and Perry Harvest Potato Yield in Valley

GRANGE HALL, Nov. 3 (Special)—Dee Davis and Frank Perry recently sold one and a third cars of potatoes to Erlson and Durland of the Blue Mountain Fruit exchange. The cars were loaded and shipped last Friday.

Davis and Perry planted 50 acres to potatoes last spring, 21 acres which they bought from the John Caviness place, being included in the acreage. Forty acres were seeded to netted gems and 10 acres to early rose and other varieties. Four dollars per hundred were paid for the seed for the early varieties, but the growers had their own seed for the netted gem plantings.

Because of the frost damage in May and the early fall freeze the yield is short one-third but the quality is good, it is said. The market has been good since the early tubers were marketable. Deliveries ranging from three to 25 sacks have been made daily.

Tons of potatoes are stored at the Davis farm where they are being sorted and graded ready for market. Several Indians were here from Umatilla county to help with the harvest.

This road might visit the club at a later date.

The Live Wire Sunday school class from the Methodist church enjoyed a social at the home of one of the members, Miss Vivian Smith Saturday night. The house was decorated orange and black streamers, bats, witches, pumpkins, and there were jack 'o' lanterns over the electric lights. Cider was served with the lunch. Those present were Misses Reuter, Ruth Connor, La Verne Clark, Kathryn Kellibuck, Edith and Edna Cheney, Winifred Halsey, Veta Jory, Gladys Wortman, Alta Pinkley, Fay Bundy, Amarilla Knight, Messrs. Ray Delap, Ralph Connor, Carl Stratton, Douglas Cheney, Leonard Clark, Kermit Wilson, Henry Reuter, Glace Vaden, George Rutz, Willis Schuler, and Burt Swiger, besides Mr. Wortman, their teacher, and Mrs. Wortman.

The city schools closed at noon on Monday, giving the children a half holiday on election day.
