State Commander Visits La Grande

Mrs. Julia V. Ward, state commander of the Women's Benefit association, of Portland, attended the booster meeting of the local organization here Tuesday afternoon and evening.

In the afternoon she conducted a school of instruction at the K. P. hall, attended by about 30 members.

At 6:30 p. m. 60 members and juniors sat down to a dinner prepared by a committee with Mrs. Giles Harnden as chairman. At 7:45 o'clock Mrs. Harnden, as junior commander of the review, presented a program with three members of the junior organization taking part. Miss Ruth Murchison played a piano solo, "Falling Waters," Juanita Stitzinger played "Harlequin" and Ethel Harnden played "In the Chinese Temple Garden."

After the juniors had been dismissed the regular meeting of the review was called to order with Commander Minnie H. Pike in the chair. Forty-eight members were present.

Mrs. Pike formally introduced Mrs. Ward and she in turn introduced the new district deputy, Mrs. Adelaide Packard, this being Mrs. Packard's first official visit to the review since her appointment.

Two candidates, Mrs. William E. Graham and Mrs. Lou Cantrell, were initiated in full form, with Mrs. Bernicee Bramwell, captain, and her corps of 14 guards putting on the team work.

During the evening Mrs. Ward explained a number of questions pertaining to work of the review.

Through the dinner and also during the review meeting appropriate songs were sung, with May George, musician, at the piano.

Mrs. Ward was presented a picture from the local review by Mrs. Pike. The picture was one of herself taken at Port Huron, Mich., in the gardens of Miss Bina M. West, national commander, when she was there attending the summer camp meeting of the W. B. A. Mrs. Packard was given a small picture of Wallowa lake.

The Eastern Oregon district is now working for the state convention or great review, to be held next summer. Mrs. Packard said that if 61 new members were enrolled between Oct. 1 and Dec. 31 in this district, Eastern Oregon would get the convention and the review obtaining the majority of the 61 would have the convention in its city.

The district comprises Wallowa, Baker, Union and Umatilla counties. It is expected that the supreme commander will attend the state convention.

Mrs. Ward read personal greetings from Mrs. West to the local review.

The state commander and Mrs. Packard left yesterday morning for Pendleton, where they attended a booster meeting last night. Mrs. Ward will be in Eastern Oregon until after Nov. 16, when there will be a similar meeting at Baker.

Do you ever consider the color of your vegetables when planning meals? It's really an excellent way to determine just which vegetable to choose for a certain meat. Rich colored vegetables should accompany light colored meats and light colored vegetables dark or so-called "red" meats.

Cream of Onion Soup

One cup thinly sliced onions, 2 tablespoons butter, 2 tablespoons bacon fat, 2 tablespoons flour, 2 cups milk, ½ cup cream, ½ teaspoon salt, ¼ teaspoon pepper, 1 whole egg or yolks of two.

Melt butter and bacon fat in a smooth sauce pan. Add onion slices and simmer until soft. It will take about twenty minutes. Sift in flour and stir with a fork until perfectly blended. Add milk and cook, stirring constantly until boiling point is reached. Rub through a sieve and season with salt and pepper. Heat egg or yolks slightly with cream and stir into first mixture. Heat until very hot but do not boil. Serve with a dash of paprika over the top.

FACTS
This is one of the reasons why there are more Frigidaires in use than all other electric refrigerators combined. Additional reasons are covered in other advertisements.

This illustration shows how springs are used to support the compressor mechanism in a Frigidaire cabinet. Vibration is absorbed, noise is eliminated, trouble-free and dependable operation is assured.

beyond comparison

FRIGIDAIRE employs a noiseless, flexible power transmission. The compressor is mounted on flexible springs, and the knowledge of General Motors engineers has been applied in reducing vibration. And automatic lubrication *keeps* it quiet.

When you buy an electric refrigerator make sure that you are getting flexible power transmission and freedom from vibration—the greatest possible number of cubic feet of food capacity at the lowest cost—the greater ice-freezing capacity—the low operating cost that is made possible by frost coil cooling—and the more precise engineering and manufacturing standards of General Motors. All of these features are offered only in genuine Frigidaire.
