GOD IS TRUSTWORTHY—"The God of my rock; in Him will I trust; He is my shield, and the horn of my salvation; my high tower, and my refuge, my saviour." 2 Sam. 22:3.

It must be said for Chicago that her bandit war hasn't yet got to the trench stage.

Personally speaking, one of the things we're glad we don't have to worry about is the Queen's cigarets.

George Bernard Shaw supposes he was awarded the Nobel prize for literature because he wrote nothing at all last year. We'd be in favor of rewarding a number of other writers if they could be induced to do the same thing.

Pendleton people have a site already picked out for the location of the Eastern Oregon Normal School—the remaining portion of the tract provided for the state insane hospital, they say, and next that institution. They must have been misinformed as to what the people of Oregon want—it's to be a Normal school not a sub-normal school.

In the Armistice Day game La Grande deserves all the credit received for playing good football after a three weeks lay-off and handicapped by injuries. Most of that good football, however, was concentrated into three plays, all of which resulted in touchdowns. The rest of the time—which didn't prove quite time enough—Pendleton had the edge. All of which goes to show that you're never licked until the final gun.

CONGRESS THIS WINTER.

What will Congress do when it convenes in December? Old-timers, as they look over the situation, suggest that Congress will not do much of anything between Dec. 6 and March 4—except talk. For various reasons, action will be difficult.

The Senate will probably talk at length about the World Court, but do nothing to change the status of this country's qualified application for membership, which the other members are disinclined to accept. There will be a great deal of excited debate in both houses about what to do about income taxes and the treasury surplus, and possibly some sort of legislation on that point.

The diversion of water from the Great Lakes by Chicago, for drainage and navigation, will come up for discussion, and probably bring on a bitter wrangle between the two groups of law-makers representing the Great Lakes and the Mississippi Valley. That issue, however, may be settled by the Supreme Court during the winter, and thus taken out of the hands of Congress. There will be a fight to reduce the army and navy expenditures and personnel which may or may not succeed. Farm relief will enlist attention, as usual, and what will be done about it, if anything, is anybody's guess. The status of Muscle Shoals will be considered, with a view to final action, and with some insistence on government operation under the War Department, which has made a good record with the Shoals plant this year.

For the most part, Congress in this session may be regarded as less a legislative body than a reflection of the national state of mind. If no definite action is taken about important matters, it will be largely because the public lacks clear ideas and purposes about national issues.

Price Movement In Wall Street Mainly Upwards

NEW YORK, Nov. 13 (AP)—Although punctuated by sporadic outbursts of selling, price movements in the stock market today were mainly toward higher levels. Most of the activity represented professional operations, with dealings enlivened by a vigorous squeezing of short interests in some of the volatile motor shares.

The prevalent irregularities of business caused scattered selling of prominent industrial issues such as United States Steel, Woolworth, American Can, Allied Chemical and Pullman, with General Motors dipping 5 points below yesterday's high mark. Interspersed with these losses were substantial gains in assorted copper, public utility, food and chemical shares, while Dupont was strengthened by indications that it would pass on to its stockholders its share in the recent extra dividend by General Motors.

Baldwin Locomotive gave the most striking individual performance of the day. After an early wave of profit-taking had carried it down to 134, Baldwin Locomotive rallied to a new high price for the year, above 138. Hudson Motors jumped 3 points and Pierce Arrow preferred 5, with W. C. Durant credited with a drive against the shorts in these issues.

The closing was steady. Total sales approximated 800,000 shares.

$40,000 Spent In Fighting Income Tax, Report Says

SALEM, Ore., Nov. 13 (AP)—The Greater Oregon association, in fighting the state income tax and supporting the Dennis resolution in the recent election campaign, expended over $40,000, according to a statement filed with the secretary of state by L. B. Smith, secretary of the association. The exact amount has not been totaled.

Willis K. Clark, treasurer of the Oregon republican central committee, reports an expenditure of $33,288.50 in behalf of republican candidates.

Lotus L. Langley treasurer of the Haney-for-Senator club, reports an expenditure of $21,920.64 in Haney's behalf.

In opposition to the bus and truck bill J. M. Hudson secretary of the Oregon Motor association, reports an expenditure of $6,205.76.

C. S. Harting, treasurer of the Fish conservation committee, submits a statement showing an expenditure of $5,381.32 in behalf of the fish wheel bill.

E. O. Normal Expenses

In support of the Eastern Oregon Normal school bill, which was approved by the people, Floyd D. Moore, executive secretary of the Eastern Oregon normal school and better teacher training committee, shows an expenditure of $4,489.51.

In opposition to the cigarette and tobacco tax bill Oscar T. Olson, secretary treasurer of the Oregon retail cigar dealers association, reports that $2,412.32 was spent. George E. Waters of Salem, spent $287.80 in the same cause.

"Uncle Joe" Viewed Birthplace Unmoved

GREENSBORO, N. C., Nov. 13. (AP)—"Uncle Joe" Cannon, who died yesterday at his home in Danville, Ill., was born 90 years ago in Guilford county, near here, but apparently did not regard his birthplace with high favor.

About 12 years ago he paid the only visit of his life to the scene which he had left at the age of four. After he had been feted by residents of Greensboro he was driven in an automobile to visit the spot where he was born.

"Uncle Joe," said a member of the party, when the house was reached, "there is where you were born."

"The hell it is," replied Mr. Cannon, unmoved. "Drive on."

BANK CONDITIONS

NEW YORK, Nov. 13 (AP).—The actual condition of clearing house banks and trust companies for the week shows excess reserve of $16,281,630. This is an increase in reserve of $3,675,420 compared with the week before when excess reserve of $12,606,210 was reported.

TO SCRAP "WEBFOOT"

EUGENE, Ore., Nov. 13. (AP)—"Webfoot" as a nickname for university of Oregon athletic teams is to be relegated as meaningless, if the Oregon Daily Emerald, student newspaper has its way. A contest for a new sobriquet has brought about 500 suggestions and a committee will select one from the list.

Spud Crop Over Oregon 4,560,000 Bu., Kent Report

PORTLAND, Ore., Nov. 13 (AP)—While the potato crop throughout the country, taken as a whole, made a liberal increase of nearly 10,000,000 bushels during the past month, the prospects in this state declined somewhat, according to the November report just issued by F. L. Kent, agricultural statistician.

The Oregon crop is still large with an estimate of 4,560,000 bushels as compared to 4,368,000 bushels last year and 4,281,000 bushels for the five-year average. Condition is put at 72 per cent of normal quality.

Weather conditions during October were favorable to the potato growers only part of the time. A new factor in the situation in this state is the Klamath county crop. It is estimated that Klamath will have around 400 cars for export.

PORTLAND LIVESTOCK
