**1,000 Wild Horses**  
In Hoxie's Latest Movie

A herd of wild horses plays an important part in "The Wild Horse Stampede," the "Universal Blue Screen Western" which comes to the Star theater Tuesday and Wednesday.

In the picture, the herd is the property of Jack Hoxie, who keeps them imprisoned in a huge valley. In real life, the herd is the property of the owner of a large ranch near Lone Pine, California, where the exterior for the picture was made.

The herd includes some 1,000 horses which have been collected over the ranges of Colorado, Wyoming, Montana, Idaho, and other western states. The owner, a tremendously wealthy man, has made an effort to tame them, but is content to keep them in the big valley, where they have almost the freedom of the range, and are protected from capture.

"The Wild Horse Stampede" was adapted to the screen from W. C. Tuttle's popular western story, "Blind Trails," Albert Rogell directed from the adaptation by Isaac Bernstein and Doris Malloy.

**Fairbanks Outdoes Self as Pirate**  
In Arcade Film

Douglas Fairbanks has long been noted for his lavish and ambitious picture productions, but in "The Black Pirate," he is reported as fairly having outdone his own previous efforts. It is a faithful, thrilling epic of the golden days of buccannery near the end of the eighteenth century, and depicts vividly and colorfully the hectic life of the dare-devil roamers of the Spanish Main during the era. In every way it is the most stupendous production that Doug has ever attempted, and from end to end it is filled with the unique athletic feats that place a Fairbanks picture in a class by itself; in fact, in "The Black Pirate" the star has thought up a number of new stunts that are as thrilling as they are novel.

The entire picture has been filmed in the remarkable new color process known as Technicolor, that reproduces with exactitude every tint, shade and hue of nature itself. Unlike many other color attempts, Technicolor is entirely natural, minus all exaggeration, and restful to the eyes.

The cast supporting Fairbanks as usual is a notable one. The leading lady is the lovely Billie Dove. Hundreds and hundreds of blood-thirsty pirates appear during the action, and the leaders and hundreds of blood-thirsty pirates appear as Donald Crisp, Sam De Grasse, Andrew Handall, Charles Stevens, E. J. Ratoff, Charles Hebecher, Roy Coulson and John Wallace.

"The Black Pirate" opens a three-day engagement at the Arcade theater, starting today.

**Miss Rubens**  
At Sherrys in "Price She Paid"

In "The Price She Paid," Miss Rubens is at her best. Her varied charms weave a romance shown in whatever scene she appears, and the illusions of perfect beauty, sterner harmony and vividness in portrayal become indelibly stamped on the mind of the beholder.

This vivid, fascinating novel, written by the late David Graham Phillips, seems to have been made to order for Miss Rubens. Never before in her varied and interesting career has so perfect a vehicle been found for the full expression of her brilliancy as an actress.

Last showing of "The Price She Paid" tonight.

**BURGULARS BUSY**  
EUGENE, Ore., Nov. 27. (AP)—Burglars were active in Eugene on Thanksgiving day and night, according to reports to local police.

Several homes were entered, and wares valued at more than \$400 were missing as a result. The nature of the stolen goods was widely varied.

**SAND POINT, Ida., Nov. 27. (AP)**—Donald Reed, 17, who was shot ten days ago by his father while deer hunting, died last night. The father, A. U. Reed, mistook his son for a deer.

Japan sends the United States a stone lantern as a "gift of light." Maybe we should send a few of our European friends an old stocking or two this Christmas.

**A THREE DAYS COUGH IS YOUR DANGER SIGNAL**

Persistent coughs and colds lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a new medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs, creosote is recognized by high medical authorities as one of the greatest healing agencies for persistent coughs and colds and other forms of throat troubles. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the inflamed membranes and stop the irritation and inflammation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs.

Creomulsion is guaranteed satisfactory in the treatment of persistent coughs and colds, bronchial asthma, bronchitis and other forms of respiratory diseases, and is excellent for building up the system after colds or flu. Money refunded if any cough or cold is not relieved after taking according to directions. Ask your druggist. (adv.)

**BREAKFAST**—Apple sauce, whole wheat cereal, thin cream, rice waffles, marmalade, milk, coffee.

**LUNCHEON**—Casserole of peppers and potatoes, spiffy corn bread, prune pudding, milk, tea.

**DINNER**—Brislet of beef pot roast, boiled rice, baked squash, tomato jelly salad, whole wheat bread, banana cream pie, milk, coffee.

The marmalade suggested in the breakfast menu adds the needed piquant touch to a menu otherwise bland in flavor. Cisp touch should be provided for small children to take the place of the waffles.

The brislet is a cheap cut of meat from the fore-quarter of beef. It makes a very good pot roast or boiling piece. Careful seasoning and cooking will make this cut of meat most palatable.

**Brislet of Beef**  
Three or four pounds brislet of beef, 1/2 cup dried turnips, 1 large onion, 2 thin slices salt pork, 3 teaspoons salt, 1/2 teaspoon pepper, celery leaves, 1 cup diced carrot. Try out fat from salt pork in a large kettle. Wipe beef with a
