

A Wonderful Christmas---

FOR THE ENTIRE HOUSEHOLD WITH MUSIC FROM A GULBRANSEN!

Built by The World's Largest
Piano Manufacturers

Built by the largest piano manufacturers in the world, the values offered in the Gulbransen line are outstanding—a product of highest merit and expert making.

Particularly famous is the Gulbransen Registering piano, but no less excellent is the regular upright and regular grand model when a beautiful instrument is desired without the added enjoyment of the registering or reproducing feature.

There is a tremendous difference between the registering Gulbransen and the player-piano—a demonstration will show you the exclusive features. You are particularly urged to see, hear, and play a Gulbransen during our Anniversary Celebration. Ask about the special terms available during this event.

GULBRANSEN

The Registering Piano

Is Nationally Advertised And
Nationally Priced.

Nationally known through wide periodical advertising, the Gulbransen pianos are also **nationally priced**—the same prices throughout the country—the same prices in La Grande that you would pay in Chicago where the pianos are made.

With such assurance of value and guaranteed quality, it is easy for you to select the particular style, registering or regular, upright or grand, in a finish to suit your taste.

Registering Pianos	Upright Pianos
White House Model \$700	Style W \$440
