Aggie Machine Was Best Grid Team in Years

COLLEGE, Corvallis, Nov. 29 — "Best team seen in this section in years," was the comment of a fan on the Oregon Aggie squad as the Orangemen trotted from the field at Milwaukee, Wis., after handing Marquette university a 29 to 9 defeat Thanksgiving day.

This was the last game of the year for the Aggies and at the same time a glorious windup to the most successful season in the history of O. A. C. football. The Orangemen won seven games out of eight played and had their goal line crossed only four times.

Strength of the Orange offense is shown by the fact that the Schissler men piled up 221 points to their opponent's 16. This makes an average of 28 points a game to 2 against them. University of Southern California and Gonzaga were the only colleges to cross the O. A. C. goal line. The Aggies shut out Multnomah club, Montana, Idaho, University of Oregon, and Marquette.

Thirteen players fought under the orange and black colors for the last time in the game against Marquette. These are Badley, Denman, Edwards, Balcom, Hale, Ward, Liebe, Olmstead, Schulmerich, Wernmark, Jim Dixon, Gridley, and Dickerson. These lads were sophomores when Coach Schissler took over the football destinies of the Orangemen. They took a few on the chin their first year but gradually became one of the best football machines in the country.

Here is the Aggie record for this season:

O. A. C.	67	Multnomah club	0
O. A. C.	49	Montana	0
O. A. C.	21	Gonzaga	6
O. A. C.	27	California	7
O. A. C.	3	Idaho	0
O. A. C.	7	Southern Cal.	17
O. A. C.	16	U. of Oregon	0
O. A. C.	29	Marquette U.	9
Total	221		39

Alley Beats Ryan In Slow Contest

EUGENE, Ore., Nov. 29 (AP) —In a slow and uninteresting match at the Heilig theater here last night, Tom Alley, of Omaha, defeated Jack Ryan, of Texas, in two straight falls at wrestling. Bill Hayward, referee, called it a non-contest after 12 slow minutes in the second fall, but the wrestlers appealed to the fans and Hayward was urged to let them try again.

Chet Wiles, Portland speed cop, wrestled Harry Hodge, of Wyoming, and took two straight falls with little difficulty.

FAVORS 4 PER CENT BEER

NEW YORK — Senator Copeland, a physician, thinks that four per cent beer would not be intoxicating. He is assembling the latest medical data on the matter, with the idea of introducing a bill into congress, because he views the heavy majority in the recent state prohibition referendum as a mandate to him. And so far as his close affiliation with the Methodist Episcopal church is concerned, he says he is willing to burn all his bridges behind him if necessary in this matter.

HERE'S A RIDDLE

NEW YORK—Riddle: Why is New York City like a brown bowl that contains a strong and ready drink? Answer (by the propunder, the Rev. Robert Norwood): Because it takes a sturdy man to drink from it and keep clear of delirium tremens.

MORE ABOUT MESSAGES

CHICAGO (AP) — Another of Rudy's loves now has something to say about those astral messages that the second Mrs. Valentino (Winifred Hudnut) claims to have received from him. Jean Acker, who was Mrs. R. V. No. 1, thinks he did not believe in spirit messages.

He Rates High

Lu Allen, captain of the University of Nevada eleven, has been mentioned as the most valuable man to his team by several Pacific coast critics. He plays fullback, hits the line hard and is fast for a big man. He looks a certain selection for the mythical all-western team this year.

Rules Committee On Basketball Meets Dec. 10-11

EUGENE, Ore., Nov. 29 (AP)—The annual meeting of northwest basket ball coaches and officials to interpret the rules, will be held in Portland on Dec. 10-11.

All coaches of the Pacific coast conference and officials who expect to work in the games this season have been asked to attend the session. Dr. J. F. Bohler, coach at Washington State college, is chairman of the basketball committee.

The purpose of the meeting is to discuss and interpret the basketball rules, so that an understanding will be had between the various schools and officials. Rule changes will be gone over in detail. Adoption of a uniform ball will be accepted and uniformity of playing conditions equipment of players and floors will be taken up.

Although late in the season the Goodbrod auto camp is still having some patronage, a few tourists still stopping here over night.

The local schools were closed Friday following Thanksgiving as has been the custom here for years.

Union will hold its annual fathers' and sons' meeting at the K. P. hall Tuesday evening Nov. 30. The banquet will be served by the Woman's club and the arrangements for the men and boys are in the hands of C. L. Cadwell to whom all men should report the number they will bring to the banquet.

Mrs. Eva DeLap who is a patient at the Hot Lake hospital, is reported as a little better and slowly regaining her strength.

Eldon Caspar, last year graduate from the Union high school and now a student at the O. A. C. came home for Thanksgiving week. He visited his parents at Hot Lake and also in Union, making a talk to the high school while here. He returned to Corvallis the last of the week.

The local Odd Fellows lodge has appointed a committee to plan an old time dance and supper to be put on about the middle of Dec. It will be an invitational affair and not a public dance.

Zeth Compton and wife who have been here from Haines for a short time visiting his sister, Mrs. Mary Castor, returned to his home the first of the week.

Texas' Fairest

Texas is a big state, but not in all its length and breadth is there a fairer male bathing beauty than Clarence J. Pungburn, whose charms are pictured here. At least the judges in a state contest at Dallas so decided.

BROKER ACCUSED OF FRAUD

SALEM, Ore., Nov. 30 (AP)—John F. McDonald, real estate broker whose office is in the chamber of commerce building in Portland, has been cited to appear for a hearing before the state real estate commissioner at the Portland office of the real estate department on Dec. 2. A complaint charging him with fraud and misrepresentation in a real estate transaction has been filed by Mrs. Frances Lillie, of Portland.

WOMEN AND AUTOS

AIX LA CHAPELLE—Women should be forbidden to drive autos, because their nervous system prevent them acting rationally in times of danger, in the opinion of Dr. Alexander Crappell, psychiatrist. The court before which he testified sentenced a business woman to a year in jail for killing two persons with her car.

Consider the poor dentist. He leads a hand to mouth existence.

CAPITAL GOSSIP COMES TO FRONT

Volume of Talk Rising as Last Assembly of 69th Congress Nears

WASHINGTON, Nov. 29 (AP)—The confused chorus of pre-session talk at the capitol is rising in volume as the last assembly of the sixty-ninth congress approaches, with various notes which have been dormant thrusting out for more attention.

Not only are the farm relief advocates crying their wares and republican leaders discussing, in moderate tones of reconciliation, the status of insurgent members of their party, but the democrats have projected a motif of their own which dwells on tax and tariff reduction the plight of agriculture and corruption in primaries.

Behind all of this more or less informal medley can be heard the muted efforts of a number of committees which are busily fashioning a supply of bills that will give the house plenty to debate about from the moment it meets. And when idle periods intervene, the election by Maine of Arthur R. Gould, republican, to the senate provides ample basis for revived gossip about the complexion of that chamber in the 70th congress where now 48 republicans, 47 democrats and one farmer-labor members have been elected.

The democratic program, announced by the party's floor leader in the senate, Robinson, of Arkansas, contemplates a liberal policy for relief of agriculture, permanent reduction of taxes and tariff rates rather than enactment of the administration's tax credit proposal and "decisive action for the protection of the senate against impeachment of its honor and the impairment of its influence" through corruption in primaries.

Negotiations looking to restoration to insurgent republicans of committee position and other party privileges taken away from them because of their support of the La Follette presidential ticket in 1924 are proceeding more rapidly in the senate than in the house. In the senate, only one of the excluded insurgents, Frazier, of North Dakota, remains on the rolls and in view of his present willingness to accept committee assignments as a republican, the incident as far as he is concerned, probably can be closed soon after congress meets. In the house, however, more than a dozen insurgents were barred from the republican caucus and therefore, the situation is considerably more complex than in the senate so it is possible that the readjustment may have to await the convening of the seventieth congress.

Yale has just found out how to make metal foils less than a millionth of an inch thick. However, this trick has been done with ham for years.

HERE'S AN IDEA FOR

Your Wife's Gift

Being thoughtful—doing something that is a little unusual, different in gift giving—that is the important thing when solving the problem of what to present your wife on Christmas morning.

So we suggest a La Grande Bldg. & Loan certificate for $1000. What more practical, worth-while gift could you plan for her? Think how pleased she would be at the anticipation of having a thousand dollars at the end of 104 months!

You can provide it easily—only $7 a month to be saved and the assurance that every dollar is earning a guaranteed 7% interest compounded semi-annually as your money is paid in. Think how much $1000 in cash would mean to her—to anyone—when the contract is completed!

No fines or assessments for missed payments in La Grande Building and Loan—over a half million dollars is now being saved by Union county people in this way. Ask us to explain details.

HERE'S PROOF!

—Actual experiences with this latest and greatest of motor fuels

GENERAL MOTO-CRAT GASOLINE

A noticeable increase in power

"My old car topped a hill at 23 miles per hour that I thought impossible to make in high."—M. H., of Centralia, Wash.

General "Moto-crat" Gasoline is "economy fuel," but power has not been sacrificed to produce more gas-miles.

No fuel knocks

"... and in addition I found that a persistent fuel knock that had bothered me for the past year completely disappeared when I started using General 'Moto-crat' Gasoline."—G. E. W., San Bernardino, Cal.

There's not a knock in a thousand gallons of General "Moto-crat."

A noticeable increase in gas-miles

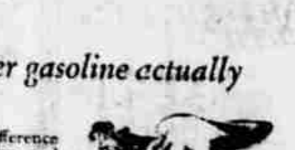
"... I drove 688 miles and used a total of 29 gallons of gasoline, showing an actual mileage of 23 miles to the gallon ... had been getting an average of 18 miles to the gallon."—G. G., Jr., of Portland.

Perfect balance in General "Moto-crat"—miles and power.

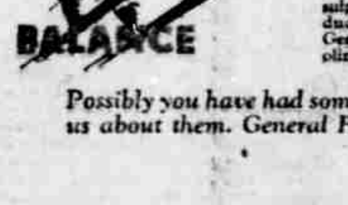
Quicker start

"I have been using the new gasoline in a 1918 Cadillac and find that the old bus starts easier, has more pep and gets over two miles more to the gallon."—M. J., Santa Cruz, Cal.

Instant ignition as soon as the spark lets go.



Less carbon deposit



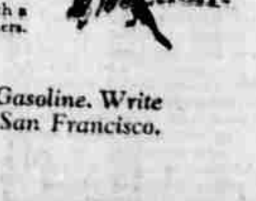
"I have found that General 'Moto-crat' gives more miles and less carbon than any other that I have tried."—L. H., San Francisco.

No acids to pit valves, no sulphur, no carbon-producing compounds in General "Moto-crat" Gasoline.

This new and greater gasoline actually costs you less

"I have noticed a considerable difference in power. My oil seems to last longer, and from my own experience I can positively tell you that I gained three miles to the gallon."—C. B., San Francisco.

General "Moto-crat" Gasoline is worth a premium, but costs no more than others.



Possibly you have had some interesting results from General "Moto-crat" Gasoline. Write us about them. General Petroleum Corporation, 701 Matson Building, San Francisco.
