**FRENCHMAN DIES IN PRIZE FIGHT**

His Opponent, Elmer Friedman, Held on a Manslaughter Charge

HARTFORD, Conn., Dec. 14 (AP)—Charles Pegulian, French prizefighter, died at St. Francis hospital early today following his ring fight with Elmer Friedman, of Boston, at the state prison last night. It was his first fight in this country. Friedman was held by the police.

Pegulian collapsed in the fourth round of his bout with Friedman. The end of the contest came unexpectedly for the French boxer, who had been substituted for George Lamson, the Chicago Indian fighter, had been more than holding his own.

The Frenchman had complained that Friedman was butting, but despite this he was fighting hard, and taking heavy punishment in every round.

In the early part of the eighth round Friedman drove Pegulian to the ropes, where he braced himself. They clinched and Friedman pushed away. Pegulian then staggered and sank to the canvas. He arose at the count of 10 and fell again.

National guardsmen carried the unconscious boxer to his dressing room and Friedman was taken to police headquarters where he was held on a technical charge of breach of the peace.

Friedman was charged with manslaughter when he was given a hearing before Judge Day, in police court. The case was continued to Dec. 23 pending an inquiry by Coroner Calhoun. Friedman was ordered held in bonds of \$100.

**Music for Christmas!**  
 with the **New Brunswick**  
 Hear It At Glass Drugs' New Music Room Now!

A year ago you could not buy the Brunswick Panatrope—today this astounding invention is considered the most remarkable instrument for the reproduction of music in the world's history. If you have not heard the Panatrope you have not heard perfect phonographic reproduction.

We have been appointed Brunswick agents for this territory and have built a new music room to let you hear these wonderful instruments and the latest records. We are glad to have you come in to listen, to let us explain the exclusive Panatrope reproduction, to show you how perfect tone and volume can be.

The Brunswick Panatrope can be had either alone or in combination with the Radiola Super-hetrodyne—and another new Brunswick instrument, yet unnamed, provides at a lower price range greater excellence than anything in existence except the Panatrope.

After hearing these new Brunswick creations you will realize that nothing more wonderful for a gift to the entire family can be imagined. Reasonable terms allowed.

We also have the New Edison and the remarkable 40-minute record, the latest achievement of Thomas A. Edison—making possible an entire musical concert without changing record or needle.
