TURKEY PRICES ADVANCE 2 CENTS

Scramble for Poultry in Portland Finds Receipts Light

PORTLAND, Ore., Dec. 20 (AP).—There was a scramble for turkeys along the street this morning and with receipts very light. Prices held at 45 to 47 cents, an advance of 2 cents from the close Saturday.

Most of the commission houses were open Sunday to receive country shipments, but arrivals hardly paid them for their trouble. With today about the last day to get outside shipments off they are shopping around in an effort to get enough birds together to fill these outside orders.

Local retailers were down on the street after their Christmas requirements but could get very little satisfaction, at the 45 to 47-cent price.

More liberal receipts are anticipated after today with little chance of a runaway market here. In fact the dealers believe the market already too high and are fearful of getting stuck with a lot of birds left on their hands if these prices continue to rule. With the shopping orders out of the way they do not anticipate any further trouble in filling all requirements.

Print butter is being quoted at 52 cents today, an advance of 2 cents instead of one cent, as announced late Saturday. Cartons are selling at 54 cents. The advance is the result of cold weather throughout the country which curtailed the production and increased the demand.

An advance of 2 cents is also effective in the butterfat market but prices are badly mixed and bids range all the way from 49 to 51 cents in the country and from 52 to 54 cents delivered Portland. An official butterfat price in this market appears to be a thing of the past.

Quotations In Street Upward; Atchison High

NEW YORK, Dec. 20 (AP).—Stock prices surged forward today despite a rather heavy volume of profit taking in several of the standard rails and industrials. The unexpected cutting of a \$200,000,000 "margin" by the U. S. Steel corporation last week aroused hopes of similar action in high priced stock of other high grade industrial and railroad companies with large undivided profits. The sharp increase reported in "cold hat" business of 10 to 20 shares was construed as an indication of expanding public interest in the market.

Atchison topped a new high record for all time at 170. United Drug was bid up 4 points to 172 1/2 and was followed into new high ground by Reading common and second preferred, Canadian Pacific, Brooklyn-Mantuan Transit Interboro, Corn Products, Eastman Kodak and Warren Brothers the last named jumping over 6 points.

The closing was irregular. In the final hour Allied Chemicals jumped to 148 1/2, a record figure. U. S. Steel, which had been heavy all day, sagged further and settling also occurred in the Mercur, the Ingers and motors, including General Motors and Hudson. Approximate sales were 2,000,000 shares.
