Power Plant Will Cost \$3,000,000.00

MEDFORD, Ore., Jan. 6 (AP)—The California Oregon Power company announced today that it would start work at once on a new \$3,000,000 power plant on the north fork of Rogue river near Prospect. It will be completed by January 1, 1928 and create 66,000 horse-power. It will be the largest hydro electric plant in the Copco system.

The work of construction of camp buildings is under way at present, with 100 men employed. The plant will operate under a fall of 600 feet and will be what is known as a "stream flow" plant.

Simple Mixture Stops Gas Bloating

Simple buckthorn bark, glycerine, etc., as mixed in Adterka, often helps stomach trouble in TEN minutes by removing GAS. Brings out a surprising amount of old waste, neither you never thought was in your system. Stops that full, bloated feeling and makes you enjoy eating. Excellent for chronic constipation. Adterka works QUICK and delightfully easy. The L. & L. Drug Co.,—Adv.

BOTTOM DROPS IN EGG MARKET

Top Grades Break Four Cents—Extras Now Quoted at 35 Cents

PORTLAND, Ore., Jan. 6 (AP)—Print butter declined two cents on the local market this afternoon to 50 cents. Butterfat prices were reduced three cents, leaving quotations ranging from 48 cents in the valley to 49 cents in zone 1, with the Portland delivery prices at 50 to 52 cents.

PORTLAND, Ore., Jan. 6 (AP)—Eggs are sharply lower today after a break of four cents on top grades at the dairy exchange. Extras are down to 35c. Prints and current receipts declined 2 cents a dozen to 24 and 23 cents, respectively, and mediums were posted a cent lower at 24 cents. Cule butter prices continue to break with declines ranging from one to two cents made on the exchange. Extras, standards and flats dropped one cent and prime flats broke 2 cents a pound.

Not enough live or dressed poultry is coming in to satisfy the requirements in this market and prices are holding firm. Live heavy beans are climbing up promptly at 26 to 27 cents, with light beans at 26 to 22 cents. Demand for turkeys is quiet and prices are easier at 12 to 14 cents for prime dressed stock. Country dressed meats continue firm with choice light calves and hams moving out around 47 cents. Arrivals are light and buyers are eager for top stuff.

Move To Check Bridge Action Beaten In House

WASHINGTON, Jan. 6 (AP)—A move designed to postpone action on the Longview, Wash., bridge bill was defeated in the house today when the house for the first time overruled a decision of Speaker Longworth. The action, however, did not constitute passage of the measure.

The action came after Speaker Longworth had sustained an objection that the bill proposing a bridge across the Columbia river between Washington and Oregon was erroneously on the regular bridge calendar. Representative Sinnott, republican, Oregon, contended the measure involved an expenditure of funds and should be referred to the calendar reserved for bills of this class. The speaker sustained the point, but in making the decision said "The chair is in very great doubt of the wisdom of the decision."

Representative Garrett, of Tennessee, the democratic leader, appealed from the decision and the house sustained the Garrett motion as a result of a parliamentary maneuvering. The status of the bill remains unchanged.

Bend-Klamath Rail Extension Plea Is Filed

ST. PAUL, Minn., Jan. 6 (AP)—Permission to extend its line from Bend to Klamath Falls, Ore. was sought today by the Oregon Trunk railway in a petition to the U. S. C. at Washington.

The request resulted from the failure of negotiations whereby the Oregon Trunk sought use of the Southern Pacific tracks to Klamath Falls.

The Oregon Trunk is owned by the Great Northern and the Northern Pacific railways and extension of its tracks to Klamath Falls would give those two roads entry to that lumbering district. Announcement of the filing of the application was made at the Great Northern office here.

TRIS AT BAY

Declaring that he will fight to vindicate his reputation, Tris Speaker, former manager of the Cleveland Indians and one of baseball's greatest players, insists he is innocent of any part in the baseball scandal. "This is his most recent picture, taken as he was voicing his denials of guilt. It is reported he will go to court to seek reinstatement."

Stock Trading Irregular; Most Issues Go Down

NEW YORK, Jan. 6 (By the Associated Press).—Irregularity today's stock market, which failed to respond to a lowering of call money rates. Operators for the day tried valiantly to bid up special stocks, and met with a fair measure of success in Baldwin and a few amusement shares, but it seemed that standard industrial and rail were in supply on every rally.

The brisk demand for Baldwin was attributed to a resumption of speculative operations in that issue by a group of Chicago speculators. Pullman also received better support and some of the oil shares also showed temporary outbursts of strength.

National Tea broke 7 points, American Safety Razor dropped 3 and Hudson Motors, Jewel Tea, Porto Rican Tobacco and Postum closed were among the issues to settle down 2 points or so while point declines were rather numerous.

The closing was irregular, brisk bidding for several of the oil issues in the final hour of trading imparted more stability to the balance of the list; a number of the early weak shares regaining a good portion of their losses. Rock Island duplicated its recent record price, above 51. Chicago Pneumatic Tool, Commercial Solvents, and American Can and Foundry also made substantial gains. Fresh selling of the popular motors was resumed in final dealings. Total sales approximated 1,550,000 shares.

WASHINGTON, Jan. 6 (AP)—Cyrus E. Woods, nominated by President Coolidge for the interstate commerce commission, told a senate committee today that he has holdings of nearly \$200,000 in railroad and coal companies.

LETTIE M. MCGOLDRICK, Administrator.

Jan 6-1927-27-10b 2.

ASKS FOR HEARING
SALEM, Ore., Jan. 6 (AP)—Facing trial because of failure of the Oregon Trunk and the Southern Pacific lines to agree on common user privileges of the Natron cut-off the interstate commerce commission may curb any railway development in Central Oregon the Oregon public service commission and governor Pierce have requested the interstate commerce commission for a hearing before the interstate determination is made, if such hearing seems to be necessary after the reports of the two companies are studied.

A reply telegram has been received by the governor from Clyde B. Altchison of the interstate commerce commission which says the request from the Oregon officials will be given careful consideration.

The joint request of the governor and the service commission was sent Dec. 23 when it appeared that the reports of the railways were to be filed soon. The Oregon commission has received the Oregon Trunk report but has not yet received the Southern Pacific report.

During a terrific gale, several three-inch tracer shells from the French battleship, Patrie, dropped on the roof of a hospital. They fell through the ceiling but no one was injured.

In 1864 each passenger in the steering of transatlantic steamers had an allowance of three pints of fresh water each day. Now third-class passengers never use less than fifteen gallons a day, and first-class passengers as high as fifty.

SUED BY BROTHER

Campbell Carrington, sometime golfing partner of Governor Altchison of New York, has been named defendant in a \$1,000,000 alienation suit brought by his brother, E. C. Carrington, once republican candidate for United States senator from Maryland. E. C. charges that Campbell won away from him the affections of Mrs. Anna Walsh Carrington, E. C.'s wife.
