The Rev. Daniel J. Kerr Will Again Preach at the First Presbyterian Church.

With the holiday season over and many of the churches organized for the year, Sunday worship in La Grande tomorrow is returning to normalcy. The busy Christmas-New Year period found a strenuous period confronting the churches and many special services, and meetings were held before the closing of the year.

In the evening a shortened service will be held, beginning at 7:30, with the subject of the address to be "The Great Light." A pageant will be presented by members of the Wayfarers' guild, entitled "Why The Chimes Ring."

W.W.G. Members Taking A "Trip Around World"

Members of the World Wide Guild of the First Baptist church and several of the church congregation made their initial "landing" Thursday evening on their "trip around the world" in the ship Evangel when an interesting meeting was held at the church, attended by about 25.

The "trip around the world," visiting all of the Baptist missions, actually started a week ago, when travelers were given out to several desiring to make the trip, who read the account of each of the seven days of the trip and made a report Thursday evening. Several side trips were also reported upon by the guild members.

During the first week of the trip six countries and six Baptist missions were visited and all were told about Thursday evening. An each report of the day's trip was given the person making the report lighted a candle from a larger candle, which represented "Jesus, the light of the world."

Represents Missions. The girls reporting on side trips during the journey lighted candles from a large candle representing the "Spirit of Missions."

The trip will continue all during the month of January and the last meeting will be Thursday, Jan. 27 at the church, which will also be the regular meeting of the guild.

The meeting next week will close with a short social, when Mrs. G. A. Pollard will serve refreshments.

More Women Are Ordained in 1926

CHICAGO, Jan. 8. (AP)—An increase in the number of women ordained as local preachers, deacons and elders of the Methodist Episcopal church is shown in a report published in the 1927 year book of the church. Eleven women were ordained as elders, seven as deacons, and 14 as local preachers, a total of 32.

WINNOWINGS

The present class in divine healing in the Episcopal church will hold its last meeting on Sunday, Jan. 17, with a service of holy union or anointing of the sick. In the church, those who have already registered for the next class and those who also wish to come to the meetings are asked to note that this will begin on Feb. 12, and will continue for eight Sundays.

The Sunday morning service at the South M. E. church will consist of the singing of old hymns and study of their influence on the people of the past.

P. S. Ivanhoe, local attorney, gave an interesting talk to the members of the Episcopal Wayfarers' guild at the meeting last Sunday.

The Rev. Daniel J. Kerr, of Seattle, will again occupy the pulpit of the First Presbyterian church here Sunday, both morning and evening.

The address given by the Rev. Oliver Eddy at the annual meeting of the Episcopal church is being printed and will shortly be mailed to the church worshippers.

Dr. William Locke, formerly a missionary stationed at Hunan, China, will speak at the Presbyterian church Monday evening at 7:30 o'clock.

Discharge of ten and one half tons of powder sent five million tons of such high explosive munition recently. The Alaska Junction gold mining company claims this was a record blast.

HEALTH

HOW HEALTH EXAMINATIONS KEEP YOU WELL

By Moses Behrend, M. D., Philadelphia

Member Gorgas Memorial Inst. The most outstanding activity ever undertaken by the medical profession and the one destined to do the greatest good for the greatest number of people in the United States is the movement of urging people to stay well and avoid sickness by means of annual health examinations by their family physician when apparently well.

Many go to early graves because they have neglected the simple precaution of keeping their body in repair or they have become crippled, due to apoplexy because they have not had their blood pressure taken regularly, a part of every routine periodic health examination.

In many of the human diseases that come to the surgeon for emergency operations the presence of sugar and albumin in the urine is never known to exist until the unfortunate enters the hospital. Had the individual been examined at regular intervals the success of the emergency operation would not have been jeopardized by the presence of these foreign substances.

Newspapers report deaths from so-called "acute indigestion" almost daily. How easy it would have been by simple examination or by X-ray to have detected the cause of this catastrophe, because

rarely do the symptoms of acute indigestion arise without warning. It is dealing with impending danger to ignore the signs of pain in the upper or lower abdomen. Frequent examinations are also the best means to prevent and of course detect cancer while in its early stages, the time when hope of cure is most certain.

Though it is only in recent years that attention has been paid to the subject of regular physical examinations by the physician, do not forget the facts in the case of that General Gorgas, for whom this Foundation is named, found that a third of our young men, presenting themselves for examination during the World War, were suffering with physical defects which made them unfit for service. And they were supposed to be in the prime of life!

These examinations by General Gorgas revealed a condition that he believed could never exist. Yet it does exist and we must acknowledge it if we are to better our health and increase our span of life, the purpose of the Gorgas Foundation. Many County Medical Societies throughout the country are aiding the work of telling folks how to stay well. So are great life insurance companies which have demonstrated the saving in human life which the annual health examination promotes.

Rushes To Wife In Airplane, Bus

SAN FRANCISCO, Jan. 8. (AP)—D. C. Warren, airplane pilot, returned here yesterday after carrying Gordon S. Arnette, Seattle business man, to Red Bluff on the first stage of a race to reach the bedside of his wife, reported dying in Seattle.

Warren said Arnette arrived in Red Bluff in time to take a motor stage for Medford, Ore., whence he expected to take another plane for Seattle. The stage trip was preferred to a night flight over the Sitkayon mountains.

MEMPHIS, Ore., Jan. 8. (AP)—The local airport of the Pacific Air Transport company says that a man listed on their register as Gordon Barnett left here Thursday morning at 10:47 o'clock as a passenger, in a rush trip to the bedside of his wife, ill in Seattle, Wash.

SEATTLE, Wash., Jan. 8. (AP)—Completing a hurried trip from San Francisco by airplane and motor stage, George S. Arnette, Seattle business man, was at the bedside of his wife here today. Arnette arrived at a landing field here last night and was met by a taxicab which rushed him to his wife. He flew from San Francisco to Red Bluff, Ore., taking a stage from there to Medford, Ore., where he again took the air in a flight to Seattle.

One way of forsaking art for self would be to go into the undertaking business at Herrin, Ill.

UNCLE SAM'S LARGEST HOUSE OF WORSHIP

Excepting cathedrals, this is a modern church, which is to be built in New York for Dr. Harry Emerson Fosdick, will be the largest edifice of its kind in the United States. Its spire, housing the famous Rockefeller-carillon now in the Park Avenue Baptist church, will tower 273 feet above the ground. In its pews 2,400 worshippers may find seats. The site is on Riverside Drive, a stone's throw from Grant's Tomb. John D. Rockefeller, Jr., (inset), is one of the donors.
