She prefers to live on a farm. The governor's large farm, which Mrs. Patterson describes as "the most beautiful place in the world in the summer time," is just 15 miles from Salem, state capital. ## 'Sugar Bag' Hat Is Successor to The 'Vagabond'

By the Associated Press Another striking fashion in shoes is the use of glass heels for dancing. They catch and reflect the light. Unlike Cinderella's slippers they have a foundation of wood, and are, therefore, serviceable as well as pretty.

"Sugar Bag" Hat The "Sugar-bag" is the English spring successor to this winter's "vagabond" hat. It really looks more like the dust bag on a vacuum cleaner, but appears very smart when worn. You pull this quaint thing on so that it recedes in front, following the line of the head, and then, when you have squashed it down, you get the Dutch boy effect with the crown flat against the side of the head.

Insect Adornments At a Mayfair tea party, many persons were interested in a brocade velvet hat worn by a New Year debutante, the soft crown of which was held down at one side by a big bumble bee. It is typical of the insect craze which is one of English fashion's latest vagaries. Bees, dragonflies and other insects in realistic colors and shapes, fixed in the front or at the side of the hat, are much in favor. Some of these hat insects are modelled in rich enamel. Sometimes when a bee is worn on the hat, another bee is fixed on the coat lapel instead of the stereotyped flower.

WIVES UNEDUCATED LAHORE, India (AP)—Only one educated Indian in 20 in India today expects to find an educated wife, declared Sir William M. Huxley, governor of the Punjab, when opening the new site for the Khairpur college for women. He added that half of the education given to men was thus wasted as they met at home an atmosphere opposed to or contemptuous of education. He stood for more education for women, if India was to advance as a nation.

DISSATISFIED WITH BOB VIENNA (AP)—The Austrian hairdressers have decided, with two seriousness in convention assembled, that women should give up the bob. How they are going to persuade them to do it was not decided.

The hair dressers agreed that current fashions above the ears do not harmonize with modern evening gowns. But what seemed to pain them the most was that the bob does not give a barber much opportunity to "express himself," as the saying goes.

GERMANY'S WOMEN DOCTORS MUNICH (AP)—There are now some 1500 practicing women physicians in Germany, according to figures of the women's medical association. We are sitting down in a chair giving our ad over a new desk phone. We are just as tickled as a little boy over his first red wagon. One of our old customers came in today and he sure did give the Royal coal a great send-off right before an office full of customers. He said that the Royal coal had lasted him better than any coal he had ever burned in La Grande. He is a railroad man and he knows coal from A to Z. If I would give his name you would all know him. I don't believe I will, cause he burns considerable coal through the winter and we kindly like to keep him for our customer.

Now you will be using paint before long. Zinc-O-Lith. Pure White paint, that's all paint. It is fully guaranteed to give perfect satisfaction; not to peel, chalk off, or turn yellow with age. We will put it right along side of any ordinary white paint and if it doesn't show up whiter, then you can come back and tell us we don't know what we are talking about. It is only \$3.30 a gallon. It is worth every penny of it. We have lots of ordinary house paint for \$2.35 a gallon. It is also guaranteed.

We are going to protect you on your supply of linseed oil, because we bought in large quantities while the winter price is low and for the early spring painter they can be sure to save money.

# 4 REASONS WHY Schilling Coffee SHOULD BE YOUR COFFEE

Coffee enjoyment depends upon real reasons rather than mere appetizing adjectives. Here are 4 Schilling reasons:

- I Schilling, alone in America, roasts only first grade coffee and seals it in vacuum. There are no 2nd or 3rd grade Schilling coffees.
- II Large reserve stocks protect your morning cup from a shortage of high-grade coffee berries in the world markets. Schilling is one coffee that never varies in fine flavor.
- III Schilling Coffee comes only in vacuum key-wind tins—and the key-wind leaves a snug-fitting Service Cover.
- IV Guaranteed without limit. If you don't like Schilling's best... your money back at your grocer's... instantly. Your statement is enough. You keep the coffee. We pay the grocer.
