DUNDEE WINNER OVER ROBERTS

Tacoma Pugilist Unable to Beat Down Baltimore Leatherpusher

NEW YORK, Jan. 15 (AP)—Joe Dundee of Baltimore, today renewed his challenge for the welterweight title in the aftermath of a smashing triumph over Eddie Roberts of Tacoma, Wash.

Emerging from the eclipse of a one-round knockout defeat at the hands of Roberts six weeks ago, Dundee last night pointed out a ten-round decision over his erstwhile conqueror before a record Madison Square Garden throng of more than 18,000. Eight of the ten rounds were credited to the eastern fighter, but in the two went to the account of the far west entry, Roberts packed enough terrific hitting to convince New York critics that his initial victory over Dundee last December was not fluke.

With a pile driving "one-two" to the chin, Roberts floored Dundee in the fourth round for a count of eight and then battered the Baltimore fighter all over the ring for the remainder of the round. But Dundee's pluck and stamina carried him through the storm which overlapped the fifth round.

In these two sessions Roberts fought himself out trying to duplicate his knockout triumph. During the remainder of the battle he was outboxed and outsmarted by the Baltimorean, who cut his rival about the nose and mouth and had him reeling near the end of the contest. The bell apparently saved the Tacoma fighter from a knockout in the eighth.

Ringside critics expressed the belief that Roberts had been weakened by making the welterweight limit of 147 pounds. The far west puncher made a favorable impression with his heavy hitting, however, and will carry back home \$15,000 as his end of the \$25,535 gate.

SERVEWEL GROCERS
Quality Stores

ANNOUNCEMENT--

It is with a great deal of pleasure that we announce the opening of La Grande's New Stores "SERVEWEL GROCERS" Numbers 80 and 82. For sometime we have felt that greater economy was needed in the methods of food distribution, and we have now perfected the highest type of organization known, a large chain of wholesale houses combined with a large chain of retail stores.

The firm of Allen & Lewis, one of the oldest and largest wholesale grocery houses in the Pacific Northwest, has for a number of years owned and operated a chain of wholesale grocers. Now centered around each of these wholesale houses are retail stores. This makes in each district a wholesale house to serve as a warehouse, and a chain of retail stores to serve the consumer.

Before establishing their retail stores the La Grande Grocery Company, who are the wholesale branch of Allen & Lewis in this particular district, cut off every item possible from their expense budget, even eliminating their traveling salesmen. These expense savings are passed on to their retail stores, which, coupled up with the tremendous purchasing power of a large chain of wholesale grocers, combined with a large retail chain, buying in tremendous quantities, and shipping into every community by the reload, enables this "chain" to serve you at what we believe to be the lowest "Service Store" prices you have seen. For years Cash Store "chains" have been operating and it is particularly gratifying to us to be able to announce to our friends and customers this new idea, a Service Store "Chain."

Our policy will be to sell **QUALITY** merchandise. Your money has a standardized value, good any place, or time, and we purpose to give you equal value in quality merchandise in return for it.

We will gladly extend monthly credit (a convenient service) to responsible people. All such accounts must be paid in full by the 15th of the following month, the prices we are quoting necessitate such a rule.

We will deliver free of charge, serve you promptly and courteously, with, permit us to repeat once more, "**QUALITY** merchandise."
