**Quarter Hundred
of Years Old**

The quarter-century milestone of the foundation of
this Company is reached this year. From an unpre-
tentious start, the Company's progress has been notable
in mercantile history.

This has not been simply because of its remarkable
growth, but more noticeably on account of the success
its many stores have attained in giving a service to the
public that has been idealized by customers.

Through all the 25 years, the concern of the Company
has been chiefly in providing high standard quality
goods at lowest possible prices and safeguarding its
customers so that this service might always be enjoyed
by them.

Day after day and year after year, the Company in every
way, has endeavored to serve the public better than was ex-
pected. That it has succeeded in these endeavors is shown
by the fact that the combined sales of all its stores in 1926
were approximately \$25,000,000 more than in 1925.
