ONION STOCK IN STATE IN DEMAND

Market Opens Strong with Prospects of Advances Later

PORTLAND, Ore., Jan. 17 (AP)—With cold weather ranging throughout the east and holdings in the coast less than half of what they were a year ago, the onion market opened strong, with prospects of further advances before the week is over.

In the local wholesale market Oregon stock is quoted firm at \$2.90 for the best.

Primary markets in the Pacific northwest are firm with the growers very bullish in their ideas. Most of them are holding for \$2.50, each and holding furnished. Northwest potato markets are barely steady. No changes are shown in the wholesale quotations, while prices at primary points are barely holding.

Butter and egg prices are steady. Receipts continue liberal with considerable stock moving out to other markets.

Buyers were freely offering 15 cents along the street today for fancy country dressed calves. Offerings, however, were light. Country hogs barely holding at the 17-cent top. Only the meager receipts prevents a lower market.

All lines of live poultry are slow and weak. Heavy hen prices from 25 to 27 cents and light hens down to 20 cents. Light dressed turkeys are in little demand at 40 and 42 cents.

It terminated an intensive series of meetings in which problems concerning the associations were thoroughly discussed.

The high school press association elected David Wilson, of Lincoln high school, Portland, as president. Thelma E. Jones, of Newberg, was elected vice president, and Mary Allen, of Forest Grove, secretary.

Kenneth Allan, of Salem, was elected president of the student body officers division. Stanford Brooks, of Astoria, was named vice president, and Edna Broeding, of McMinnville, was selected as secretary.

The girls league had elected the previous day.

UNIVERSITY OF OREGON, Eugene, Jan. 17 (Special)—Two La Grande high school students attended the seventh annual high school conference at the University this week end.

More than 300 students from all parts of the state, representing nearly every high school attended the sessions, which were separated into four divisions for the editors and managers of high school publications, student body officers, girls leagues, and faculty advisers.

Headed a program in which were discussed vital secondary school problems. There were two main entertainment features, the Oregon-Willamette basketball game and the banquet Friday night.

La Grande representatives were Dorothy Eberhard, Edna Gekeler, and Mrs. McVey, faculty adviser.

Rail, Industrial Issues Move In Opposite Paths

NEW YORK, Jan. 17 (AP)—Railroad and industrial shares moved in opposite direction in today's stock market. Buying of the rails centered largely in the stocks of companies mentioned in connection with pending mergers while chief selling pressure in the industrials was directed against the usual leaders in the steel, motor and equipment groups.

In the rail group the highest prices in years were recorded by Wheeling and Lake Erie common and preferred, Western Maryland common and preferred, Lehigh Valley and Wabash preferred.

Kinney company common broke eight points to 28, a new record low, on unconfirmed rumors of unfavorable dividend action at the next meeting. Case Thrashing Machine sagged nearly five points before the end of the third hour, Pierce-Arrow preferred four, and Baldwin, General Motors and East Iron Pipe and Hauling Corporation all sold two or more points below last week's final quotations.

The closing was irregular. More general buying of railroad shares, including the Southwestern and Van Swearingen issues appeared in the final hour of trading. Reading jumped six points to 192, its highest since 1920. Panhandle producing and refining preferred sold eight points, and U. S. Alcohol and Timken Roller Bearing moved up four. Total sales approximated 1,700,000 shares.

May Bar Officials From Conventions

NEW YORK, Jan. 17 (AP)—Elimination of public officials and candidates for public office as delegates to democratic national conventions is being urged by political friends of Governor Alfred E. Smith, says today's World (democratic) and Herald-Tribune (Republican).

The change is one of three, says the newspapers, suggested on convention procedure with the hope of making Governor Smith's chances for obtaining the nomination. The other changes are abolition of the two-thirds rule and of the unit system of voting by substituting a viva voce vote of every delegate in place of a roll call by states.

"In the last convention," says the World, "probably a third or more of the delegates were persons who, either by appointment or election, held or were hoping to hold local offices running all the way from sheriff to governor."

Attempt Made to Bomb Union House

NEW YORK, Jan. 17 (AP)—Two painters, Meyer Smith and Rubin Tuer, of Brooklyn, are believed by the police to be responsible for a bomb explosion today which damaged the office of the Italian consulate and two other buildings in East 22nd street. Both were arrested shortly after the explosion.

According to an alleged confession, the act was inspired by a hatred of Premier Mussolini and his attitude toward labor especially toward painters, the police said.

NEW YORK, Jan. 17 (AP)—A bomb which the police believe was intended to wreck the headquarters of the Purifiers Union joint board in East 22nd street today damaged the building occupied by the Italian consulate general close by. No one was injured.
