When the mid-winter grades were made public it was found that Harpster had a record of 225 points. A mark of 200 is considered good. His home is at Akron, Ohio.

SUNNINGDALE NAMES PRO TO TEACH GOLF

Sunningdale Golf club, where Bobby Jones made his epic qualifying rounds of 66 and 65 previous to winning the British open championship, has created a sensation by appointing a comparatively unknown professional, Ernest Sales, to succeed the famous Jack White, retired after 25 years. Selection of Sales, who is more than 40 and plays in no tournaments or competitions, was due solely to his ability as an instructor.

Unlike most American pros, the British professional is a Jack of all trades. He attempts to win competitions of all kinds, makes and repairs clubs and teaches at odd moments. The Sunningdale innovation is hailed as step toward specialization when a pro will have to make up his mind if he is to play golf, make the implements of the game or teach its intricacies.

BIG RESPONSIBILITY FOR YOUNG GUY BUSH

Guy Bush, 23-year-old pitcher of the Chicago Cubs, has a heavy assignment on his hands for the 1927 baseball season. He is charged with justifying a prediction made by his manager, Joe McCarthy, last year that he will be the Cubs' star pitcher this season. Bush, who is a native of Shannon, Miss., last year won 13 and lost nine games and held his opponents to 2.34 earned runs per game. He works in a Chicago bank during the winter and likes to play baseball in the summer, aside from the salary consideration.

Brotherhoods Praise Report On Rail Strike

CLEVELAND, Feb. 16 (AP)—Holds of the two railroad brotherhoods involved in the Western Maryland railroad strike have enthusiastically acclaimed the report on the subject published jointly by bodies representing the Protestant, Catholic, and Jewish churches. A. Johnson, chief of the locomotive engineers and D. B. Robertson, president of the Brotherhood of Enginemen and Firemen, said that the churchmen constituted "a jury which had tried the case," and that the conclusions they found had strongly supported the general morality and social justice of the union contentions. The statement dealt with the joint findings of the research division of the Federal Council of Churches of Christ in America, the Social Action Department of the National Catholic Welfare conference, and the Social Justice Com-

mission of the Central Conference of American Rabbis. The church investigators had determined, the union officials said, that the troubles on the Western Maryland which began in October, 1926, really represented a "lockout" by the railroad of its employees, which was followed up by a withdrawal of pensions when retired engineers failed to come back into service to take places of strikers. They had also found the railroad unjustified in its refusal to take back strikers and restore their seniority rights in service.

FIRE LOSS \$6,500

PORTLAND, Ore., Feb. 16 (AP)—Fire, believed to have started from sparks thrown by the furnaces into a pile of kindling, did approximately \$6,500 damage to the Alvin hotel, and the Hart-Ton military store, next door, early today. Approximately 40 guests in the hotel were aroused by J. Tanaka, Japanese proprietor and all made their way comfortably to the street.

It would be a nice place for Turkish bath attendants to organize a football team. They could get into training by lying in the shade.

Studebaker's 75th Birthday Announcement

Sweeping Price Reductions

The Commander, Studebaker's Big Six Brougham, reduced

\$200

Today—February 16, 1927—Studebaker celebrates its seventy-fifth birthday with price reductions which reflect the aggressive spirit of this Company. Studebaker has lived and grown for seventy-five years because of its consistent policy of keeping ahead of the procession. Studebaker Custom Cars, introduced recently, exemplify this policy. They have been the most widely imitated cars ever produced. In less than six months no less than a dozen manufacturers have introduced what they call "custom models" . . . but a custom name doesn't make a custom car! As Studebaker leads in design, so does it also lead in value. The new prices quoted below represent a supreme triumph of One-Profite manufacture.
