BEWARE THE COUGH OR COLD THAT HANGS ON

Persistent coughs and colds lead to serious trouble. You can stop them now with Creomulsion, an emulsified Echinacea that is pleasant to take. Creomulsion is a new medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs, creosote is recognized by high medical authorities as one of the greatest healing agencies for persistent coughs and colds and other forms of throat troubles. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the inflamed membranes and stop the irritation and inflammation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs.

Creomulsion is guaranteed satisfactory in the treatment of persistent coughs and colds, bronchial asthma, bronchitis and other forms of respiratory diseases, and is excellent for building up the system after colds or flu. Money refunded if any cough or cold is not relieved after taking according to directions. Ask your druggist. (adv.)

AT THE THEATERS

Reginald Denny Is Funniest in "Cheerful Fraud"

"If you were a real English 'sit'."

And you wanted to meet a girl and couldn't do it unless you posed as someone else—

And you attended a house party under false colors and then discovered that someone else had arrived using your title—

If you proposed to the lady of your heart and then found that a woman claiming to be your wife had arrived—

That would seem to be about enough trouble and excitement for one evening, wouldn't it?

But that isn't half of what happened to Reginald Denny in "The Cheerful Fraud," the hilarious Universal farce comedy which starts a three day run at the Arcade theater today.

It is comedy of a new type, with clever situations, fast moving comedy and an unexpected turning of plot at entirely unexpected moments, and it leaves nothing to be desired in the way of entertainment.

Gertrude Olmstead, who played opposite the farce comedy star in "California Straight Ahead," again has the feminine lead. Oils Harlan, Gertrude Astor, Emily Fitzroy, Charles Gerrard and others are in prominent supporting roles.

Eugene O'Brien And Miss Rich At Sherrys

Frances Marion's admirable screen production, "Simon the Jester," in which Eugene O'Brien and Lillian Rich are featured, proved thoroughly delightful to the large audience that witnessed its premiere showing at the Sherry theater yesterday.

The work of these two screen artists, as well as that of Henry Watthall, former screen star and a leading member of the supporting cast, and William Platt was highly artistic.

The story of the picture revolves around Simon de Grex, who in the prime of life, is given a few weeks to live. His friend and secretary is enamored of Lola Brandt, a circus woman, and Simon seeks to break up this match. In so doing he falls in love with the circus woman which brings about all sorts of complications and exciting situations and in the end reveals a startling denouement.

There's comedy—rich and rare. Comedy of the wholesome type, there's a circus with all its performers and performing animals, a side show with its human freaks. The picture is well worth one's while.

Comedy showing "Hay Fever Time."

GREAT GRANDMOTHER—NOW RADIO ARTIST

A little white-haired grandmother who has seen the airplane emerge from a wild dream to a practical reality, the horseless carriage evolve into the automobile of the millions and the telephone expand from an experiment into a transatlantic medium of conversation has become a radio broadcasting artist. She is Mrs. Sarah A. Hawley, 71, of Miami, Fla. Her songs are those of yesterday, and her debut was at WHEP, Rochester, N. Y. She since has appeared at WJVA, Richmond, Va., and WJAX Jacksonville, Fla.

Pennsylvania legislators would have to wear high hats, frock coats and striped pants if a measure in that state passed. We'd like to see the women lawmakers if that proposal got by.

Star Picture Is Great Film For Dog Lovers

Everyone who loves dogs—and surely that means every real human being—has a treat in store at the Star theater where "Call of the Wilderness" will play today and Friday with Sandow, the great dog actor in the leading role. Sandow is, without a doubt, the most natural actor on the screen and is possessed of an almost uncanny intelligence. He is fortunate in having a story in "Call of the Wilderness" which brings out every angle of his fine canine personality and provides him with every possible opportunity to show to what heights a dog can rise in pathos and in drama. The picture was directed by Jack Nelson and includes in its excellent cast such favorites as Lewis Sargent, Edna Marion, Sydney D. Gray, Al Smith and Max Asher.

The Arkansas legislature is trying to find out when a pup becomes a dog. They haven't got around to that one about the hen and the egg yet, but they're progressing.

The Superior Black Hawk manure spreader is undoubtedly the very best manure spreader on top the world or the Cloud C. Pratt Lumber company wouldn't be handling it. Nearly everybody knows that we are handling the Royal coal. We have a great advantage in putting in the Oliver line of farm implements because we have a very low overhead expense and we are milking a Jersey cow. No use fussing around looking in mail order catalogs when you can come right here and buy the superior quality of farm implements for prices that would make Henry Tyte sit up and take notice.

Barb wire will be sold so cheap that we want to sell tons and tons of it. Field fencing that is built proof at mail order prices. Already inquiries are coming in for the farm implements and people are waiting until the car arrive so they can save lots of money. Just keep the Black Hawk manure spreader in mind until you can be the proud owner of one and turn your manure pile into a bank account. Remember it has a feature of spreading far and wide and any quantity you desire and can be easily handled by two horses—I don't mean Shetland ponies.
