Oregon and California Universities Victorious in Basketball

EUGENE, Ore., Feb. 28 (AP)—The University of Oregon, basketball champion of the northern division of the Pacific coast conference, and University of California, southern division champion, will meet in a three-game play-off series in the new McArthur basketball pavilion at the University of Oregon March 2, 4 and 5.

Dates originally scheduled for this series were March 10, 11 and 12, but the change was arranged when Graduate Manager Bill Mohn, of California, agreed to a request by Bill Reinhardt, Oregon coach, for the earlier dates.

EUGENE, Feb. 28 (By the Associated Press)—The University of Washington defeated Oregon 32 to 24 here Saturday night in the final conference game of the northwest section. This defeat is the second time Oregon has been vanquished this season.

The first half sea-sawed back and forth between the two teams to end 15 to 14 for the Huskies. The northerners shot themselves ahead early in the second half, shook off an Oregon rally and coasted through to the finish.

Oregon and California will vie here this week for the championship of the Pacific coast, the latter having earned the right, by virtue of its win over Stanford Friday night in its last game of the season for the W. S. C. team.
