CALIFORNIA WINS FROM UNIVERSITY

Golden Bears Now Champions of Pacific Coast Hoop Conference

EUGENE, Ore., Mar. 5 (AP)—The Golden Bears of the University of California romped away with the championship of the Pacific coast intercollegiate basketball conference last night, leaving the University of Oregon hoop hopefuls on the short end of a 33 to 21 score.

The Oregon team looked stale on the floor, as compared to the invaders. Diminutive "Swede" Westergren, Oregon guard, and Scott Milligan, forward, were "fighting it up" but the rest of the team seemed unable to work up the enthusiasm the fans called for.

Bears Never Held

The Californians took the lead at the start of the game, and were never headed. An occasional Oregon spurt served only to cut down the California lead slightly from time to time, but the final outcome was never in doubt.

Shooting was erratic on the part of both teams. The Californians shot 71 times, and connected for 24 field goals. Oregon tried 49 times, and made nine of the shots good.

California made five out of eight foul shots while Oregon made but three out of 14 attempts.

The game decided the championship, since California had won the first game of the play-off series. The third game scheduled for tonight in case of a tie will not be played.

Medford Defeats Ashland, 39 to 12

MEDFORD, Ore., Mar. 5 (AP)—The Medford high school basketball team defeated Ashland 39 to 12 last night, thereby winning the championship of Southern Oregon for the sixth consecutive year, and the right to represent this district at the state tournament. Medford was never headed throughout the game and scored at will.

PINEHURST CHAMPION REINQUISHES REIGN

PINEHURST, N. C., March 5—Women at Pinehurst feel they have a better chance to win in golf tournaments now that Mrs. John D. Chapman of Greenwich, Conn., has departed on an European trip. In the fall of 1925 Mrs. Chapman started her string of victories by winning the "Carolina" women's tourney, and she continued in 1926 until Gienna Collett stopped her in the Women's North and South championship. Last fall Mrs. Chapman again won the Carolina women's and the Silver Poinc tournaments and repeated in the Season Women's in January. The trip to Europe made it impossible for her to defend her St. Valentine championship.

TWO AMERICANS MAKE OXFORD LACROSSE TEAM

LONDON, Mar. 5—Following a decisive defeat of Birmingham University by the Oxford University lacrosse team to the tune of 23 to 2, "latter kings," the varsity lacrosse insignia, were awarded to two American members of the Oxford team. They are G. R. Pfann, former star quarterback of the Cornell football team and now Rhodes scholar from Ohio, and R. J. Vandegraaff, a graduate of the University of Alabama and also a former star football player.

RESOURCES GO TO GO BACK TO TENNIS

SAN FRANCISCO, March 5—A veteran racket that was tucked away nearly three decades ago is to be lifted again in tournament competition. It belongs to Dr. Sumner Hardy, San Francisco Pacific coast singles champion in 1895 and 1898. He is president of the California Lawn Tennis association. In going back to his first love Dr. Hardy is renouncing golf, the game he took up when he retired from active tennis competition. He explains the move simply. "Tennis has more action." With his brother Sam, he held the Pacific coast doubles title six times between 1891 and 1899.

NEW AIRPLANE

ROME—Using the principle of the long range gun bombardment of Paris, Italian engineers are experimenting with an airplane which they hope will go higher and much faster than anything yet. It will be catapulted about two miles high and make its own oxygen for men and motors.

which, if pressed too far, results in almost the same symptoms which prevailed before glasses were obtained.

Nifty Colonel

"The best looking colonel in the country," University of South Dakota students call Miss Eva Jean Leslie. She's honorary colonel of the R. O. T. C. at the university, and in this capacity led the grand march at the school's annual military ball.

Likes Ice Game

Introducing Bob McPhail, captain elect of Dartmouth's 1927 football team. As a hockey player, McPhail was on the team that played Yale during the recent winter carnival at Hanover.

 - KOAC, Corvallis, Ore. (280.2m), 8:20-9, farm talks; 9, Kansas Kats.

COACH GIVES LECTURES ON FOOTBALL SCIENCE

PHILADELPHIA, March 5—Lectures on the science of football are being given candidates for the 1927 Villanova college football team preliminary to spring training. Coach Harry Strubidrecher, former Notre Dame star, started the classes in order to keep his players' minds on football during the off season. There will be a final examination on the theory and practice of football in June. Strubidrecher plans several spring football games with other colleges and has organized a wrestling team among the grid players.

Missouri Valley Track Season Opens Without Locke and Rooney

KANSAS CITY, Mar. 5 (AP)—With the indoor track season under way, coaches in the Missouri Valley are busily grooming their charges for the 1927 championship race.

Drake, Iowa State, Oklahoma A. & M., and Oklahoma University have a good supply of last year's stars around which to build their organizations, but Grinnell, Kansas, Missouri, Nebraska, Washington and the Kansas Aggies are confronted, to a large extent, with the task of developing sophomore aspirants.

Coach Harold Ebert of Drake has 12 lettermen and five outstanding sophomores with which to work. Included in his list of veterans are: Captain Irvy Dudley, polevaulter; Sumner Brink, and Robert Carl, 6 foot high jumper; Marion Van Lathingham, an under 157 half miler; Clark Tolles, who does the 440 yard dash in 50 seconds or better; and Herbert Boetzger, 45 foot shot putter.

Ray Wenger, one of the greatest middle distance runners in the country, is the foundation upon which Bob Simpson will form his Iowa State team. Simpson believes prospects now indicate he will have a strong group of middle distance runners.

Locke Lost

Nebraska has lost Roland Locke, the sensational dash star of last year who has had three years of Valley competition, but Coach Schulte has 12 veterans working on daily and a number of promising sophomores to round out his team. Oklahoma A. & M. also looks for a bright season. The return of several Aggie runners and sprinters who were out of college last season, coupled with the eligibility of a group of freshmen stars

of 1926, is the basis for the prediction.

At Norman, Coach John Jacobs has 12 Oklahoma U. lettermen back, including "Wildhorse" Taylor, who last year won the 250 yard hurdles in the valley meet in 24 seconds flat; and Raymond Dunson, best footed Indian, a former Racine university star.

Only two lettermen will wear Grinnell's colors this season, and Coach Lester Dille will be in much the same position as Gwinn Henry, University of Missouri football coach who has taken over the track situation at the Tiger institution. Most of last year's Tiger stars graduated and several others declined to report. Both will have to get about building up teams with new material.

Kansas' Outlook

Kansas has likely material in the dashes, but virtually none in the field events. Eight lettermen are back, however, to form the nucleus of the 1927 aggregation. Howard Rooney, last year's track

captain and a member of the world-record 440 yard relay team, has had three years of valley competition and will coach the Kansas freshmen.

The Kansas Aggies also have eight lettermen, but two others on whom they were depending for points have not reported; Ted Fleck, quarter miler and relay man who is out of college this semester; and M. L. Sallee, captain of last year's cross country team and one of the best two milers in the valley, who is physically unfit for another season's running.

Washington U., at St. Louis, has an average supply of material and expects to enter the outdoor season with a fairly well rounded organization.

The Missouri valley meet will be at Drake University, Des Moines, this year.

Increase Your Income By Wise Investments

Never has there been a time when so many people are putting their money to work to make more money for themselves.

It certainly is a great thrill of satisfaction to receive dividend checks, and in most homes this added money comes in handy. It enables many to secure those little extra things we want so badly, but we so often have to go without.

To enjoy dividends one must invest wisely. There are hundreds of places to invest money but the shrewd and successful investor, whether he be a large or a small one, carefully investigates and considers before he places his money.

We sincerely believe our enterprise is especially attractive and offers money making possibilities to the conservative and wise investor, and that is the reason we welcome your complete investigation of the profit producing possibilities of our company.

For people living in our local communities we feel our proposition is particularly desirable. Many people put their money in enterprises located hundreds or thousands of miles away. This involves a great element of chance, for they have no opportunity of watching the progress of the company, and are at the mercy of an unknown board of directors and sometimes unscrupulous management.

Here you have the Black Marble & Lime Co. at your very door. You can watch and enjoy the operation and advancement of the company. You know the men associated together to make a success for this corporation, men of proven honesty and integrity, and you can feel secure that the profits produced will be distributed equally and fairly to the benefit of all the stockholders. This local enterprise is certainly worthy of your investigation.

If you will drop in at the office of the President, Charles A. Bingaman, Room 8, Sommer Office building you can go over carefully the facts and figures available and you can satisfy yourself as to the soundness of an investment in our company.
