MARKETS QUIET; FEW OFFERINGS

Exchange Attempting to Establish a Definite Price Level Today

PORTLAND, Ore., Mar. 7 (AP)—Wholesale produce markets were unusually quiet today with not enough new offerings in and business transacted to establish a definite price level. Dairy produce prices were generally nominal at Saturday's closing levels.

Along the street arrivals of poultry and country dressed meats were small. Early trading, too, was quiet. Choice light hogs were quoted at 16½ cents with undergrades at 15 to 16 cents. Choice veal is still being quoted at the 15½-cent top although ruling values have not been given a real test. Heavy and thin calves are offered anywhere from 12½ to 16 cents.

There is a fair demand for light poultry and prices are fully maintained. Light hens move readily at 21 cents with heavy hens up to 26 cents. Demand for fancy dressed turkeys is limited and prices have sagged to 37 and 38 cents.

Butter continues to display a weak undertone even at the lower levels. Print trading is steady but the offerings are still liberal and the market favors the buyer.

Egg market generally steady at Saturday's close. Receipts continue heavy but storage activities and outside shipments prevent any large surplus from accumulating.

Westinghouse Will Advertise In Newspapers

PITTSBURG, Mar. 7 (AP)—A fundamental change in the advertising policy of the Westinghouse Electric and Manufacturing company whereby its advertising appropriation will be expended almost entirely in newspaper space has been announced by J. C. McQuiston, manager of publicity, to take effect April 1.

"Newspapers," McQuiston said, "seem to offer the only medium by which we can both 'nationalize' and 'localize' our various sales campaigns, thus permitting us to conduct a nation-wide campaign on products and at the same time vary our program to fit the needs of specific districts.

"Our decision to concentrate on newspaper space came after a careful study of all factors entering into the marketing, selling and advertising situation. One important item was flexibility where by we could vary our plans to conform to various factors such as weather conditions and peculiarities in the economic situation with respect to any particular district of the country."

Washington Solons In New Building

OLYMPIA, Wash., Mar. 7. (AP)—In a downpour of rain, the twentieth session of the Washington state legislature deserted the old state capitol and moved into its new $6,500,000 edifice this morning.

After meeting in joint session in the house chamber of the old building the senate and house recessed to go to the new structure.

PASSENGER LOST AT SEA

PORTLAND, Ore., Mar. 7. (AP)—When the Admiral Line steamer Admiral Farragut arrived here today from San Francisco, officers reported that a passenger listed as C. L. Harris had disappeared while the ship was at sea.

The man's personal effects, including an overcoat and baggage were missing, and this led the ship's officers to believe that Harris had jumped overboard. Harris was last seen when he ordered sandwiches Friday night from a steward.

Seek More Women In League Council

GENEVA, Mar. 7 (AP)—Women's rights blazed their way into the first meeting of the forty-fourth session of the league of nations council today when Sir Austen Chamberlain backed by Dr. Benes of Czecho Slovakia, protested that women had insufficient representation in the league's health committee.

Alluding to Dr. Alice Hamilton, of Harvard, the British foreign secretary pointed out that there was only one woman on the health committee and that she was there merely in an advisory capacity with no right to vote. This, he said, constituted a grave failure to recognize the ability of women, who certainly were in a position to contribute greatly to the cause of international health.

The council referred the complaint to the health committee and it is probable that favorable action would be taken on it.

FORD'S ACTION UPHELD

SAN FRANCISCO, Mar. 7. (AP)—Withdrawal by the Ford Motor company of the agency that it had placed in charge of Vick Bros., Oregon automobile dealers was upheld here today by the U. S. circuit court of appeals. The agency had headquarters in Salem and Eugene.

Stock Exchange Fails to Rally; Losses Run High

NEW YORK, Mar. 7 (AP).—The stock market, apparently having exhausted all the good news in sight, continued to lose ground today under the pressure of selling for both accounts.

Bullish activities were not altogether abandoned, however, about a dozen issues showing independent strength. National Biscuit was bid up over 2 points to 184½, the highest price in five years.

U. S. Steel common was fairly well supported. Oils and motors developed several points of weakness, and the merchandising issues failed to make much response to the reported increase in earnings by some of the large chain store companies.

The closing was heavy. Houston Oil's loss was extended to seven points and International Combustion and Engineering and White Motors gave way three points each. Buffalo, Rochester and Pittsburg rose over four points to a new high figure. Total sales approximated 1,550,000 shares.

These NEA Service photos are the latest to reach the United States from Shanghai, focal point of foreign concern over the menacing Chinese situation. The top picture shows British riflemen, with drawn bayonets, before a barbed wire entanglement in a Shanghai street. At the left center, Portuguese troops, gathered around an armored truck, are ready for whatever may happen. To the right center are British Tommies preparing a machine gun nest at a strategic Shanghai point.
