Pounds. Thanks Tanlac

Mrs. Wolf was on the verge of becoming a hopeless invalid—weakness from pleurisy, her body wracked with pain. Existing caused indigestion and gastritis.

"My life was a grim tragedy," says Mrs. Wolf. "I was run down to nothing, weighed only 95 lbs. in bed half the time. Was told my case was hopeless as I was down with pleurisy with no escape from lung trouble. No appetite and stomach trouble so bad that everything I ate made me sick."

"I was so thin and pale that I was ashamed to let my friends see me. I tried everything for relief. Then a friend told me about Tanlac. So different from anything I had taken before. The result was marvelous."

"Pain soon vanished. I began to sleep well and got up in the morning refreshed. I took on

weight and felt stronger. I feel young again. Glorious health has brought me happiness. I weigh 150, and nothing wrong with me except a desire to eat all the time. It is most just to praise Tanlac."

We still have quite a quantity of the Alabaster Kalsomine at 35c per 5 lb. package. Our regular line at 40c. Alabaster is absolutely first quality and this price is only to close it out for we don't want to carry two kinds in stock. We also have some more nails at 84.15 per keg base.

Zinc Oxide paint at \$2.95. Pure Boiled Linseed Oil at \$1.00 per gallon. The government requires that the contents of a can of house paint be printed on the label. The above label shows the following contents:

Zinc 28%, White Lead 9%, Calcium Carbonate or Lime 14%, Silicates 11%, Linseed Oil 24%, Drier 10% and Water 4%. This is not a very high lime percentage and no lithophone is used. When buying paint look at the formula. The law requires that it be put there for the buyer's protection.

PRINTS DOWN ON PORTLAND MART

Meats, Poultry and Eggs
Continue Steady with
a Fair Supply

PORTLAND, Ore., Mar. 24 (AP)—Following recent declines in the price of cube butter, a 2-cent reduction in the price of prints and cartons has been announced by local creameries, effective today. Print butter is now 46c a pound and cartons are at the new price of 47 cents. Trading on the dairy exchange brought no changes in the prices of any grade of cube butter for today.

Today's early wholesale trade in meats, poultry and eggs was fully steady with supplies sufficient for the trade, except that extremely choice veals were scarce. Prices remained unchanged.

The price of butterfat 1.0c.

Portland was quoted at 46 cents today, a four-cent drop in line with the weakened cube butter market and the opening of a flush production season.

Price Movement Accelerated By "Melon Cutting"

NEW YORK, Mar. 24 (AP)—Resumption of the upward movement of prices in today's stock market was accelerated by "melon cutting" and rumors of further favorable dividend distributions.

The decision of the American Brake Shoe and Foundry directors to increase the authorized common stock and to issue four new shares for each one now held, closely following the action of the Larkwanna directors in cutting a \$2,000,000 "melon" helped to create bullish sentiment although both these stocks fell back sharply on the traditional selling on the good news. There was no change in the credit situation, although it was again reported that the 4 1/2 per cent renewal rate on call loans was being shaded in the outside market.

Buying of the rails was stimulated by rumors of an increased or extra dividend on Reading common, which moved up over four points before the session was half over and by the favorable February earnings report of the Southern Pacific road. A steady demand also was apparent for New York Central.

The closing was strong. Knave professional operations for the rise when call money got down to four percent, carried the general level of prices substantially higher in the final hour with the upturn stimulated by an advance in U. S. Steel common, to a new high above 160. Philadelphia company jumped six points, R. H. Macy five, and Du Pont, General Motors, Baldwin and U. S. Steel Iron Pipe three to four points. Total sales approximated 1,550,000 shares.
