By the Associated Press.
The Sacramento Senators extended their string of victories to six games yesterday by trimming Seattle 9 to 4. Rudy Kallio, Sae Swirler, working in his first engagement of the season had little difficulty in turning a win.

Portland dropped its opening game of the series with Oakland, 6 to 6. All the scoring came in the sixth inning. Buz Arlett washed out his first honor of the season to open the fireworks and his mates continued the heavy hitting until six were aross.

Missions Win
The San Francisco Missions walloped the Fresno Seals in a close 5 to 4 tussle. McDanel, Mission first sacker, scoring the winning run in sensational fashion in the ninth frame by beating a throw to the plate.

Hollywood lost its sixth straight game, coming out on the short end of a 6 to 1 contest with Los Angeles.

Fontaine Whips Harms; Turns in Kayo in Fifth

PORTLAND, Ore., Apr. 6 (AP)—Del Fontaine, Winnipeg middleweight, knocked out Billy Harms, California, in the fifth round of their scheduled ten-round engagement here last night. Harms was floored twice before going down for the final count.

Everett McDevitt, Portland light heavyweight, knocked out Henry Hindenburg of Gary in the fourth round of the scheduled six-round semi-windup.

OREGON AGGIE COACH TO REHEARSE RELAYS
CORVALLIS, Ore.—Through unanimous choice, the arbiter of the Drake relays at Des Moines, Ia., April 29-30 will be W. H. ("Dad") Butler. "Dad" has been track coach at the Oregon Agricultural college for seven years—a cheerful but vigorous mentor, developing athletes who are "strong" for him.

The honor of being referee at the Drake relays has been accorded in the past only to Fielding Yost, Knute Rockne and Major John L. Griffith.

UNCERTAINTY MARKS SOUTHERN BASEBALL
ATLANTA—More uncertainty than ever before permeates the "dope" on the approaching Southern Association baseball race.

The chief reason is the large turn-over of players last season and the consequent appearance of many new faces in the line-up.

Two Lone Ones

Introducing T. Tanaka, Japanese koffer of Vancouver, B. C., who recently made two hole-in-one shots in one afternoon at Vancouver. His feat was verified by golfers on the links at the time. They came on the fifth and eighth holes.

Nearly every Southern association club is drawing on the major league camps for material.

Even Larry Gilbert, manager of the New Orleans championship club, will have only three of his 1926 regulars to start the new season. Johnny Dohls, pilot of Birmingham, is getting recruits from the Washington Senators, while Bert Niehoff of Atlanta also is drawing on them and the New York Yankees.

LOUISIANA CAPTAIN VERSATILE ATHLETE
BATON ROUGE, La.—Maurice McCann, captain of the Louisiana State University baseball team, not only is working his way through college by writing sports at night for the Baton Rouge Morning Advocate, but is a versatile athlete as well.

His playing at shortstop and as lead-off man has spread his name through the south. Although light weight has kept him off the grid-iron squad, his fighting spirit and generalship have earned him a part in many a game. He coached a team to the intramural championship last football season, and his classroom record is creditable.

The Western Auto Supply company is now entering the third week of its eleventh anniversary, celebrating the opening of its first store on the Pacific coast.

STANFORD JUMPER SHOWS GREAT FORM
STANFORD, Cal.—Upon a pair of long legs are borne part of Stanford University's track and field hopes for 1927. They belong to Bog King, I. C. A. A. high jump champion in 1926 with a mark of 5 feet 5 1/2 inches, who will defend his honors in the national events next June.

In practice and preliminary meets this season, King has shown great form. He has done slightly better than six feet three inches without being pressed. To make him more consistent, Coach H. H. Templeton allows him only one mile in practice competition, instead of the usual three trials given a jumper before disqualification.

Some reception!

It's clear enough what smokers want—natural purity, natural sweetness; in short, natural tobacco taste!

NATURAL TOBACCO TASTE means the pure taste of the tobaccos themselves... with all their own natural spiciness and mellowness brought to full natural perfection.

High In Quality--Still Low In Price

Look Them All Over--Then You'll Want

GOODYEARS

We all make mistakes but in looking back over the last ten years we're dead sure that we made no mistake when we tied up with Goodyear Tires.

We know from what our customers say that for a permanent tire business there is no better keystone than Goodyear dependability and quality.

Our conviction about Goodyear Tires isn't the result of a sudden bright idea or of any high pressure salesman's ballyhoo. Not a bit of it. But the reason that more people ride on Goodyears than any other kind is clearly apparent to us. There is a big difference.

You don't have to have a microscope to be sure that the Goodyear Tire you get is a real money's worth. Their big mileage tells the story. Those average Goodyear mileages are so good that they make us mighty proud to be selling Goodyears. It's a real satisfaction to deliver merchandise that is so reliable and sound.

Let us show you the New Balloon Tread on Goodyears. It means longer even wear and much better road traction. You'll want a set, sure. Remember the price is no higher than you pay for ordinary tires.

CHILEAN TO ATTEND SCHOOL FOR COACHES
ANN ARBOR, Mich.—The Association de Deportes Atleticos de Chile is to benefit by the wisdom of Steve Farrell, veteran track coach of the University of Michigan.

The athletic association of the South American national has notified Fielding H. Yost, Wolverine athletic director, that it will send one of its members, yet to be selected, to the coaching school which Farrell will conduct this summer at Ann Arbor for tutors of running and hurdling.

QUARTER MILE CHAMP SEEKS MARK IN HALF
INDIANAPOLIS—Twice national quarter-mile champion, Herman Phillips of Rushville, Ind., captain of the Butler College track team, has turned his attention this spring to the half-mile run.

He is the only remnant of the famous Butler track team which won honors two years ago in almost every national event. His best mark is 45 7-10 seconds in

the quarter mile, made at the national intercollegiate games in Chicago last year. He won the same event the year before. Phillips also stars in the broad jump.

STAR LOSES TENNIS RANK BY MARRIAGE
PARIS—The recent marriage of Didi Vlasto, French tennis star, cost her first place among French women players, although it does not affect her right to play in the big European tournaments.

By her marriage to Jean Serpieri, Didi acquired Greek citizenship and rules say that only French citizens can be placed in the official ranking.

The removal of Mme. Serpieri's name leaves her cousin, Helene Conosiavos, in undisputed possession of first place. The two were tied for top position in the 1926 ranking of the French Lawn Tennis Federation.

WALLY CHRISTENSEN UMPIRES IN WINTER
CINCINNATI—Wally Christensen, center fielder of the Cincinnati Reds, has reversed the usual process of baseball players who become umpires after they have outworn their usefulness in the major leagues.

He is umpiring while he is in his prime as a player. The two do not conflict, however, as he does his umpiring in a winter league in California.

Christensen is also a comedian and aerobol of parts. He can turn fliplops and cowheels that would make Nick Atroc and Al Schacht, Washington's comedy pair, envious.

RUNS AROUND FIELD AS AID TO APPETITE
PHILADELPHIA—A story from the Fort Meyers, Fla., camp of the Philadelphia Athletics is that Ty Cobb's advice resulted in a player running around the field many, many times a day.

This player, the story says, is fond of eating. "You like the food down here, don't you?" Cobb is said to have asked. "I sure do, it's fine," was the reply.

"If you run around the park five or six times you would have a better appetite and could eat more," Cobb suggested. So the player ran hard every day.

DERHAM TO ATTEMPT CHANNEL SWIM AGAIN
DOVER, Eng.—The English Channel, usually lashed and churned all summer by distance swim-

mers, promises to be calm as the old millpond in September. The proposed \$50,000 swim from Youngstown, N. Y., to Toronto on Labor Day has attracted many Channel aspirants.

Norman Derham, the Englishman who beat Gertrude Ederle's time across the Channel, has been training since early in February for the Youngstown-Toronto event. Derham won Lord Riddell's "News of the World" prize of 1,000 pounds in lowering Ederle's time.

Derham plans to swim from England to France before going to America, thus conquering the English Channel in both directions.

PERSONALLY RUNS HER OWN RUM RAIDS
TOWANDA, Pa.—If you want a liquor raid well made, you should make it yourself, thinks Sheriff Mary M. Mitten of Bradford county. She personally conducts her own.
