## Dr. Lytle Visits Klamath County

KLAMATH FALLS, Ore., Apr. 7 (AP)—Reports of docile domestic animals suddenly going mad and attacking their masters and of ravages of mad coyotes and semi-wild dogs in herds of cattle in Klamath, brought Dr. W. H. Lytle, state veterinarian, here late yesterday to conduct an investigation.

H. M. Anderson, owner of a 2,000-acre ranch near Chiloquin, has sustained the biggest loss. Fourteen cattle and 11 calves have died since the rabie-infected coyotes and wild dogs made their first attack.

Dick Suttle, an employe of the Anderson ranch, barely escaped with his life when a dairy cow suddenly went mad. Suttle jumped head first over a fence just in time to avoid the onrush of the maddened animal.

If the situation is as serious as first reported, Dr. Lytle will institute all dogs of the Chiloquin section against rabies.
