MAJORS SWINGING INTO TOP FORM

Masterly Pitching and Batting Strength Account for Wins

By The Associated Press Games won by sheer daring on the base paths, by masterly pitching and by main strength with the bat went down in the records today as major league clubs began to hit top speed in the long race for a world crown.

Detroit won by a hair from the White Sox at Chicago. The scale was turned by a spectacular double steal by the first baseman and Blue, their double dash and slide making safe a 4 to 3 victory for Detroit.

Alexander Wins Duel Two sterling right handed were matched in the pitching classic of the day out of which Grever Cleveland Alexander, cardinal star, emerged victorious over Vic Aldridge, of the Pirates, 2 to 1.

Two homers were cracked from Yankee bats in their 5 to 2 victory over Washington. One of them was No. 2 for Ruth.

The Giants won in Yankee style from the Braves, 12 to 3. At DeWitt, Giant backstop, hit four times in five times up and drove in five of his team's runs.

Pitners had a hard time, too against St. Louis at Cleveland where the Browns trained their guns on three before the game was three, 3 to 4.

Cubs Win Carl May, the old side wheeler, delivered in win for Cincinnati, but he was a handicap that was too much to overcome. He took charge in the first with one out, three on and three runs already in. He rolled the side, held the opposing bats to six hits the rest of the game and slammed out three hits, one a triple. The Cubs won 2 to 2.

Wild throws and muffs meant defeat for Robbin's shaky Brooklyn team. This time 5 to 1 at the hands of the competent Phillies.

HEILMAN BEST BATER CHICAGO, Apr. 25 (AP)—Strong favors appear among the group of leading major league hitters in the first week of the season, with some of the regulars, particularly Babe Ruth, far down the list.

Fifty players have better figures at bat than Ruth, according to the averages compiled Saturday, including Wednesday's games. But Rogers Hornsby is showing his start in the giant fans and stands tall with the surprising percentage of .447, compared with .252 for Ruth.

Harry Heilmann, the American League batting champion, starts off the season in front of his competitors with a mark of .509 for the first week. So far the American League can boast of 11 hitters in the .400 class, while the National League has only one.

SAN FRANCISCO—When Major Nick Williams of the San Francisco Seals set out to build up a team which would have a chance to win the Pacific League pennant this year, he wasn't figuring on a left handed pitcher. But his team has it.

Opposition right handed pitchers some days consequently face the problem of throwing right handed bats from the left side of the plate. All that is lacking is a catcher and a team of Southpaws would be complete.
