Quiet Wedding Solemnized at Lutheran Church

Miss Golda Pohnman, daughter of Mr. and Mrs. Fred Pohnman, of this city, and Fred Murray, of Ferry, were quietly married Saturday evening at 5:30 o'clock at the parsonage of the English Lutheran church, the Rev. Leif H. Aasen performing the ring ceremony.

Miss Lucille Reber accompanied Miss Pohnman as bridesmaid, and Roy Pohnman, brother of the bride, was best man.

Following the ceremony the bridal party went to the Pohnman home where a dinner had been prepared. Thirty-two guests were present. The table was prettily decorated in a color scheme of pink and yellow, the same colors being carried out in the dinner.

Mr. and Mrs. Murray will make their home on a farm about half a mile this side of Union.

Yesterday afternoon at 2 o'clock Miss Clara A. Kinnel and Charles Thibault, both of Union county, were married at the home of A. F. McMillan, on Y avenue. The ceremony was performed by the Rev. J. A. Hall, pastor of the South Methodist Episcopal church. Only members of the family were present.

THE PAINS (Special)—Mrs. Irene Grouse and Felix Simon, both of Portland, were united in marriage at the Presbyterian church there Easter Sunday, according to word received here by the bride's parents, Mr. and Mrs. J. B. Hunter. Only relatives and immediate friends were present for the wedding.

Mrs. Grouse at one time made her home here with her parents, and also lived in La Grande for some time.

They will be at home to their many La Grande friends in Seattle, Wash., after May 1. In the meantime they are spending their honeymoon visiting coast cities.

Kinzels Entertain Members of Club

Members of the No-Host Dinner club met last evening at the Sommer hotel for dinner, after which bridge was enjoyed during the remainder of the evening at the home of Mr. and Mrs. L. K. Kinzel.

Mr. Kinzel's parents, Mr. and Mrs. C. J. Kinzel, and his sister and brother-in-law, Mr. and Mrs. J. P. Lanzer, of Merrill, Wis., who are visiting this week at the Kinzel home, were guests.

Members of the six campfire girl groups of the city gathered in the Neighborhood club rooms yesterday afternoon to hear a talk by Miss Margaret Anson on "Art in the Garden." In connection with her talk, which was very interesting and instructive, she showed a number of picture slides of landscape gardens.

This afternoon Miss Anson is giving a similar talk before the Neighborhood club.

The Sacajawea campfire girl group and their guardian, Mrs. L. H. Aasen, and boy scout troop No. 11, of the Lutheran church, with their scoutmaster, the Rev. L. H. Aasen, enjoyed a hike to Dutch springs Saturday afternoon between 2 and 5 o'clock.

While hiking they found a tree which had just been cut and pointed the rings, finding it to be 160 years old. A small campfire was built and lunch was prepared out of doors. Several new flowers and leaves were discovered before returning home to La Grande.

DIPLOMAT'S WIFE A WELFARE WORKER

THE HAGUE—The wife of the Netherlands foreign minister, Van Karmeneck is more profoundly interested in domestic communal affairs than she is in foreign politics, although she accompanied her husband when he attended the naval conference in Washington, D. C.

Mrs. Van Karmeneck, who before her marriage was the Baroness Van Wassenauer Van Rossum, takes an active part in welfare work done for illegitimate children. Children abandoned by either rich or poor parents, she believes, should be carefully reared by society and there should be no social stigma attached to them. She herself has four children and is considered the perfect type of Dutch mother.

THE GARDEN

CARROTS ALL-SEASON VEGETABLES

It is carrot planting time until July.

The young carrot is now a regular member of the menu all over the country, an all-season market vegetable, after years of being ignored, and it is never so good, so tender, so well flavored, as when fresh pulled and cooked from the home garden. Baby carrots take up little space and plantings at intervals of two weeks will keep a supply all season.

Another method of keeping an all-season supply is to sow a very early variety, such as the Early Scarlet Horn, two weeks later Chantenay, a little later in maturing, and then two weeks later, Danvers. This will take the crop over the entire season, owing to the different seasons of maturity of the three types.

Carrots rejoice in a mellow soil, rather light in texture, with plenty of fertilizer and moisture. The seed is slow to germinate so it has become a well-established and excellent practice to sow a nurse crop with it, such as radishes or spinach, which will break the soil and make the germination of the carrots easier when they get around to it. The pulling of the radishes and spinach will give the carrots proper thinning, as well as keeping the soil loose so the carrots will spring right along after the earlier crop is used.

The soil about the carrots should be kept well stirred, especially in growing young carrots for the table. If the soil becomes hard and caked it is likely to check the growth because it prevents the usual supply of moisture from reaching the roots quickly and also fails to preserve the moisture in the soil.

During July a second sowing of Chantenay and Danvers should be made, which will furnish the fall supply of young carrots and will also furnish a supply of mature roots to be stored for winter use. Plant carrots liberally, starting

GIRL ANIMAL TAKER FEARS OFFICE LIFE

FRENCH LICK, Ind.—There isn't any stenographer with whom June Carl would trade jobs, she says, but then there probably isn't any stenographer who would trade jobs with June.

For this 15 pound girl is an animal trainer with a circus wintering here. Frolicking with lions, tigers and leopards has none of the terror for her which she says she would feel if someone sentenced her to a dozen years of monotonous office work.

MENUS

By Sister Mary

BREAKFAST—Shred oranges and bananas, cereal, cream, creamed dried beef, waffles, maple syrup, milk, coffee.

LUNCHEON—Spinach, beef, stewed tomatoes, graham rolls, chocolate bread pudding, milk, tea.

DINNER—Baked calf's liver, twice baked sweet potatoes, candied yams, rhubarb meringue pie, whole wheat bread, milk, coffee.

White calf's liver is considered the best, beef, lamb and pig are also used and not as high in price. Beef liver is not as meltingly tender and delicately flavored as calf's liver but is very good. Liver of any sort contains vitamins that give it particular value among meats. Science has discovered that liver has a curative effect in cases of pernicious anemia.

Baked Calf's Liver

Two pounds calf's liver, 1/2 pound sliced bacon, 2 large onions, salt, pepper, flour, and butter.

Use the whole liver. Cover with boiling water and let stand five minutes. Drain and wipe dry. Put on rack in roaster. Peel onions and cut in thin slices. Cut a thin slice of salt pork about the size of each onion slice. Put a slice of pork under a slice of onion and cover the liver with them, holding them in place with wooden skewers. Dredge with flour, sprinkle with salt and pepper and bake one hour in a moderate oven. Broil bacon cut in very thin slices until crisp. Serve liver on a bed of hot boiled rice seasoned with salt, pepper and butter and garnish with bacon.
