## MENUS

**By Sister Mary**

**BREAKFAST**—Baked rhubarb, cereal with dates, cream, crisp toast, soft cooked eggs, milk, coffee.

**LUNCHEON**—Lamb loaf, creamed potatoes, carrot salad, sponge cake with canned fruit and whipped cream, milk, tea.

**DINNER**—Baked ham, browned sweet potatoes, steamed spinach with butter and lemon juice, romaine and orange salad, rice soufflé, bread, milk, coffee.

If, when you are planning to serve spinach, you will give this vegetable a long bath in a large pan of water, you will find it much easier to clean. Several hours before time to cook the spinach cut off the roots. Drop the leaves loosely into a big pan of water and wash through several waters. When you think the spinach is clean put it into a large pan of salt water and let stand two hours. Then when ready to use, rinse through several clear waters and cook in the water that clings to the leaves. This thorough washing insures delicious cooked spinach free from grit.

**Carrot Salad**

One cup grated raw carrot, 1 cup, cottage cheese, lemon juice, sweet cream, hearts lettuce.

Sprinkle carrots with as much lemon juice as they can absorb. Let stand half an hour. Combine

## WALLOWA PERSONALS

**WALLOWA, Ore. (Special)**—The sale of J. W. Gillaspay's on Diamond Prairie, held April 23, was largely attended by farmers and others from this end of the valley. A fine string of high grade milk cows were sold, and reports indicate that they brought satisfactory prices, while much of the machinery and other stuff sold fairly cheap. Mr. Gillaspay is planning on leaving the county because of ill health of his wife.

H. C. Beggs, of Lower Valley, was hauling feed and moving some machinery recently to the Minor ranch in the hills, where he is seeding a crop of spring wheat.

Several of the Frank Walker children who have been sick for the past week or ten days with something like the "flu" are reported to be very ill yet.

Guy Parker and wife and Mrs. Eva Birchfield, of La Grande, were Sunday visitors at Mrs. Meek's.

Bruce Fisher and F. A. Downing, farmers of the Leap section, attended the sale at J. W. Gillaspay's here the last of the week.

H. M. Maughan, of the H-S-T Auto company of Enterprise, delivered a touring car to Sam Meek the latter part of the week.

George Cussins and Roy Gastin were Lonsdale business visitors recently.

Dave Gastin has commenced work for Bruce Fisher, of Leaky.

L. V. Lathrop has been plowing for E. L. Rucker, of Paraship creek. Roy Gastin has been working for H. C. Beggs.

Oscar Maxwell, of Middle Valley, was at the Plass ranch in the hills during the past week repairing fences.

George Cussins was here recently getting some seed wheat.

The county road crew was busy part of the past week grading and smoothing up some of the roads in the hill sections. Where the grader or drag has been over the roads once or twice they are in good shape. Work of grading up and running drains done at many of the roads last year have been very beneficial in keeping them from washing out this spring.

Miss Ernestine Harmon, who attends high school at Enterprise, spent the week end at her home at Leap.

F. A. Downing and wife visited Sunday at the home of their daughter, Mrs. James Weaver, of Enterprise.

A number of persons over the country are still suffering from severe attacks of the "flu."

Farmers in various sections of the county are still busy part of the time distributing poisoned grain to the ground squirrels. The work against the rodents has been very successful where the poison has been well distributed. Farmers feel that they have the situation well in hand.

George Lathrop and son Bill recently finished sawing and splitting 50 ricks of wood for W. M. Elmer, on Whiskey creek.

A number of fishermen have been out recently. While some report the fishing quite good in some of the small streams, it is the opinion of most sportsmen that there will be no large amount of good fishing until after the high water has receded. This is expected to be quite due to the late season of the season together with the heavy snow in the mountains. The snow is in the neighborhood of 14 feet deep at Aneroid lake according to George Rogers, game warden.

**FOLLIES GIRL OF '26 CAN RUN STREET CAR**

PARIS — In 1926 Madame Paquerette was one of the original Ziegfeld Follies Girls. Now she is a leading character woman in the European motion picture world.

Between the two periods, however, she ran a street car for a living for a time and her boast now

is that she can go back to running a trolley whenever she wishes. She got her training on the Paris trolleys during the war.

Mme. Paquerette toured America in the nineties with Lillian Russell, Maggie Cline, Weber and Fields, Louie Dresser and some others who have since dropped out of the limelight.

**WOMAN IS OFFICER OF LOCAL TYPO UNION**

MEMPHIS, Tenn. — Mrs. Pearl Davenport Harris followed the trail of misspelled words and missing commas until she was elected vice-president of local typographical union number 13 here. Holding office in such a union is considered an unusual honor for a woman.

Mrs. Harris "broke into" the newspaper game as a proof reader in Richmond and has worked besides in New York, Washington, and cigar when he said it.

**M-J-B Coffee**

Makes every coffee cent count—because of its concentrated flavor

The economy of M-J-B is merely a lesson in simple arithmetic. Here it is:—

M-J-B is a concentrated coffee. That means it is extra-rich in strength and flavor. We blend it that way—always have. And that's why you can use less of M-J-B to the cup and still enjoy a fine, flavor-rich cup of coffee.

Now consider that the average family uses 40 cups of coffee per week and you begin to realize how M-J-B makes every coffee-cent count. You get more in the way of coffee contentment and it costs you less in the long run. Isn't that after all the only kind of economy that counts?

**M-J-B**  
meets every taste in Coffee

—the dotted line shows how much less of M-J-B you can use to each cup because of its concentrated strength and richness
