## Academy Music Recital Pleases Large Audience

The auditorium of the First Methodist Episcopal church was crowded last evening when a number of the advanced music students of Sacred Heart academy were presented in one of the most successful recitals ever given in a Grande.

The entire program was well rendered and was much appreciated by the large audience. The academy orchestra appeared in three numbers. The last number, "Queen City" by Wehl, was probably the best of the group. The other two selections were "Children's Symphony" by Chvatal and "Dritting" by Strubel.

Of the duo piano numbers, "The Polka" by Schubert-Liszt, played by Helen Nowlin, first piano, and Catherine Spaeth, second piano, with Vincent Nowlin giving the most enthusiastically received.

The piano group by Carl Meinants received the most applause of any of the solo numbers from the audience. The group consisted of "The Darkies' Patrol" by Lansing, "Butterfly" by Lavelle and "Warrior's Song" by Heller.

The violin numbers were also well received.

The church was attractively decorated for the program; bouquets of snapdragons being used, with one large floor lamp and two piano lamps. Two grand pianos were used, loaned through the courtesy of the Eastern Oregon music company.

A second group of advanced students will be presented in recital at a later date, which had not yet been announced.

Saturday, May 7, a group of 16 first and second year music pupils of the academy will be presented in recital at the home of Mrs. A. W. Wall, 102 1/2 Hemlock street.

The recital will consist of piano and violin numbers and a duet. An invitation is extended to the public to attend.

An annual social event in the history of the La Grande high school is the junior-senior banquet which will take place this evening at 8 o'clock in the school hall, beginning at 8:30 o'clock.

Members of the junior class who entertain the seniors on this occasion, are today decorating the hall and making other preparations for the party this evening.

Miss Edwina Malone is chairman of the decorating committee, which will be held Monday evening, May 2, in the basement of the First Methodist Episcopal church and may be obtained from Mrs. Bertha Waininger, chairman in charge of the banquet, at Putman's store.

## MENUS

**By Sister Mary**  
**BREAKFAST**—Orange juice, cereal, ham omelet with creamed spinach, graham and raisin nut, fine milk coffee.  
**LUNCHEON**—Cream of tomato soup, croquettes, open topped cheese sandwich, green onions, fig cookies, iced tea.  
**DINNER**—Veal chops, creamed potatoes, fresh asparagus on toast, cucumber and pineapple salad, rice rolls, chocolate souffle, milk coffee.

Veal chops are not a particularly hearty meat course so a nourishing dessert is planned.

When asparagus is served on hot toast, none of the delicious juice is lost. It always seems a shame to leave all the good melted butter in the vegetable dish which inevitably happens if toast is not used.

The toast also keeps the vegetable hot.

**Open Toasted Cheese Sandwich**  
 Four slices of bread, 1/2 cup grated cheese, 1/2 teaspoon paprika, 1 teaspoon Worcestershire sauce, 1/2 teaspoon salt, 2 eggs, 8 slices bacon.

Cut bread about 1/2 of an inch thick. Beat eggs slightly and add cheese, salt, paprika and Worcestershire sauce. Mix well and pile generously on slices of bread. Put 2 slices of very thin bacon on top of each slice. Put into a hot oven for fifteen minutes to brown and crisp bacon and cook eggs and cheese. The bread will toast at the same time. Serve as soon as done.

## The Garden

**HOME CABBAGES AND CAULIFLOWERS**  
 Fine, solid heads of cabbage are always a prize in the home garden and the pride of the gardener. With careful management the home garden can be made to yield a year round supply so that before the early winter store is exhausted the early cabbages are ready to gather. There is one point to be considered. The cabbage is a bulky vegetable, and in a small garden should not be attempted.

The space could much more profitably be given to cauliflower which is always much more expensive in the market than cabbage. The small pointed head types of cabbage, such as the well-known Jersey Wakefield, are generally considered the best, most easily grown, and surest heading for the small garden.

The home gardener would do well to grow Savoy cabbage for the table, the finest quality cabbage, but not a good keeper and not widely grown for the market. It should be grown to be used direct from the garden. Cabbages like rich soil, as rich as they can be given, plenty of moisture and good cultivation.

Cauliflowers rejoice in the same conditions. In the small garden they can be set two feet apart each way, and they should be hoed often and watered freely. That is the secret of getting fine, snappy "cured" as the "flower" is often called. When the heads get the size of an apple, gather up the big loose leaves and tie them by the tips. This will keep the sun off the "flower," protect it from insects, and at the same time blanch it. If exposed to the sun it will not have the desired white.

The cauliflower is easily grown with a little care, and fine, big heads can be developed. It is a vegetable for intensive culture, and a dozen plants in the small garden will give good returns at the expense of hoed and watering. Good sized heads even when this vegetable is most plentiful are expensive in the market, and the quality often is not all that could be desired. Quality cauliflowers are the product of the home gardener. They must be sprayed early for the cabbage worm before the heads form.

**IRISH COUNTRY IS OF AMERICAN FAMILY**  
**DUBLIN, Ire.**—An American member of a socially prominent family, is an Irish countryman and since the establishment of the Irish Free State has lived there much of the time.

She is the former Miss Beatrice Mills, now the Countess of Granard. The Countess is the daughter of Aglen Mills of New York and a niece of Mrs. Whitlaw Field. The Earl of Granard commanded the Fifth Battery of the Royal Irish Regiment during the war. Both are popular in court and diplomatic circles.

Ohio is considering a tax on elephants. It does seem no more than right, that the ladies should help out with the taxes.

Coolidge has perfect feet, says a physician. And the Democrats agree that, with a platform like that, he needs 'em.

## GERMAN FEMINIST IS GENEVA DELEGATE

**BERLIN**—One of the three women delegates to the world economic conference at Geneva is the German feminist leader, Dr. Marie-Elizabeth Lueders, democratic member of the Reichstag, who declines to tackle political and economic questions from a sex angle.

"Politics and economics are two fields of human endeavor," says Dr. Lueders, "which transcend sex lines. Naturally women are more interested in such topics as working hours, hygiene and social policy, because they have something to contribute to these problems."

Dr. Lueders was a delegate to the National Assembly at Weimar in 1919-1920 which adopted German republican constitution. She has been a Reichstag member since 1920. In 1925 she was a delegate to the Interparliamentary congress at Washington.

Dr. Lueders is unmarried, but has a three year old adopted son.

**GIRLS OVERDO TODAY**  
**EVANSTON, Ill.**—The greatest change two score years has wrought in college girls is that these of today "overdo things," thinks Mary Kirk, dining room matron at Willard Hall, Northwestern University dormitory, for 40 years.

"In the days when buggy riding was a thrill," she says, "none of the co-eds tried smoking cigars for cigarettes were unknown. On the other hand, they held nightly prayer meetings in a chapel which has since become a dance hall and reception room."
