## Prune Growers And Shippers in New Agreement

PORTLAND, Ore., May 5—The Walla Walla and Milton-Freewater fresh prune growers and shippers have signed agreements for organization of a cooperative association along lines which are new in marketing organizations according to H. H. Kipp, manager of the marketing department of the chamber of commerce.

This provides for separate organizations of growers and shippers and a third organization of two working in agreement to control prices and distribution.

The plan of the fresh prune growers and shippers is the same as that in which the apple growers and shippers of the northwest are working.

Kipp has received a letter from Frank O. Lowden, former governor of Illinois, to the effect that he is deeply interested in the plan of organizing fruit growers and shippers and that he desires to be kept advised of developments.

## RAIL HEARING TODAY

PORTLAND, Ore., May 5 (AP)—J. M. Thomas, traffic manager for the Sperry Flour Mills, testified today before the public service commission that the Southern Pacific company and the O-W. Other shippers gave similar testimony.

In 1903 there were 68 books for each 1,000 of our population; in 1913 there were 89 for every 1,000; and in 1923, there were 115 for every 1,000.
