

PEOPLE OF LA GRANDE!

Mr. Michael S. Alpert who has conducted this epoch making sale wants to thank the hundreds and hundreds of eager buyers who have shown confidence in his ability to put out bargains that defy comparison. No one was disappointed—the sale has been a grand success because the people came, they saw and they bought more for their money than they ever dreamed of doing. We wanted to move our goods and the people wanted big values—and now everyone is happy.

People Everywhere!

Just a few more days for you to buy nationally known brands of Men's clothing, shoes and furnishings at going out of business prices. We are going to sell out, close out and get out of business. And now we are making our last call for you to come in while this opportunity presents itself. Our store room must be vacated, fixtures must be torn out and every piece of merchandise must be sold. We prefer to offer our many friends and customers these big values instead of selling in a lump to some buyer who would put them on the market at much higher prices. We thank you.

"Letting Go of Everything" at Final GOING OUT OF BUSINESS Prices
