Boy Hikers Head Back to Portland

ROSEBURG, Ore., May 13. (AP)—Three Portland lads, Robert Gillock, 15, Henry Guffey, 12, and Lester Gutter, 10, are today hiking their way back home after having seen enough of the world to satisfy them for a time. They left their homes last week on a hiking trip to see the country and were reported missing in a Portland newspaper bulletin. They hiked to a point about halfway south of Roseburg and there stopped for a night. The trip was not quite up to expectations and it was unanimously agreed that home was not such a bad place after all. The southern lads terminated their trip there and the boys' mothers and fathers started home. They reached Roseburg last night and were picked up by an officer, who, after listening to their story, gave them a place to sleep and a good meal. If the boys had wanted until Sunday they could have had a ride home, but that was not time to wait and so this morning they abandoned their bikes and started on their hike back to Portland.

Says Fruit Crop Will Be Fair One

WENATCHEE, Wash., May 13.—"I feel that the farmers of this section have been needlessly alarmed over the possible damage to fruit by the recent frost," said W. L. Wagner, president of the H. M. Wagner & Son Fruit company, who left for Chicago after a two weeks visit in this section. Mr. Wagner said that during his visit here he had seen every part of the district from Lewiston to Leavenworth and Washington to Coville, spending much of his time examining the fruit buds.
