The new Spring Clothes by

Society Brand

The College Style for Spring

Not only for college men—but for all who like the smartness of college styles. Observe the straight, full effect of the jacket; the high coin lapels; the widely spaced buttons.

The New 2-Button

All young men who lean toward the conservative in clothes will like this model. Broad shouldered, with plenty of chest; a trim waist, coin lapels.

Here, and ready for your inspection! It's always an event—this first look at the styles for Spring—but this year it seems to be twice the event of other seasons.

For one thing, the styles themselves are more interesting than at any time in years. There are new ideas—new style points that are worth watching. There are new fabric ideas too—all interesting.

Society Brand have outdone themselves in the fine distinction they have given to these new models. And in the richness of their exclusive fabrics: Bristol Stripes and Piping Rocks for suits; Beverly Tweeds for topcoats.

All in all, it will be worth your while to look over the new display—when you do, you'll say that for real variety, for correct styles, for value, there's nothing to equal it anywhere.

A Great 3-Button Style

Three button suits will be more popular this Spring than at any time in years. This is the correct cut.—Fairly broad shoulders, a slight waist suppression, coin lapels.

Distinctly for Young Men

It's the style for the broad shouldered young man of today. Notice the tapering effect from the shoulders to the narrow hips. Good looking—and altogether correct.

RHUBARB HARVEST NOW AT HEIGHT

Cars Net Growers in West Oregon Approximately $30 a Ton

PORTLAND, Ore., May 12 (AP)—Rhubarb harvest and shipping in this district is reported at its height. Growers are busily loading out cars, which net them about $28 per ton.

Asparagus is still entering the local market in big supply, with Canadian and nearer growers shipping direct to the trade and selling at prices below $1.00, which shippers of stock from the Columbia basin are obliged to meet.

The butter market is being maintained at steady prices largely through the storing activities of dealers, as receipts are far above the consumption demand. Yesterday's storage was big, amounting to 12,654 pounds. Trading on the dairy exchange fixed the wholesale price for cube extras up ½c to 49 cents for today's market. Other grades are unchanged.

French medium grade eggs are one cent higher today at 28 cents per dozen wholesale, with other grades steady and unchanged.

The poultry and dressed meat trading this morning was moderate at firm prices and with sufficient supplies in most lines.

WOOL REPORT

BOSTON, May 13 (AP)—The Commercial Bulletin tomorrow will say:

"A fair volume of wool is being sold in the eastern seaboard markets in a quiet way, including both foreign and domestic wools. Prices generally have been maintained without material change, except that bright wool prices are slightly lower for the week.

"In the west, the market is moving moderately but apparently activity is increasing slightly, with prices maintained fully on last week's level. Shearing has been delayed in the bright wool sections lately and the movement is slow.

"The goods market is moderately active, with some indications of improvement.

"Mohair is slow and without notable changes."

The Commercial Bulletin tomorrow will print the following quotations:

Scoured basis: Oregon northern, $1.05@1.07; fine and F. M. clothing, [illegible]; valley No. 1, [illegible].

Mohair: Good original long fall Texas, [illegible]; Texas kid, [illegible]; good original long Arizona and New Mexico, [illegible]; original long average 12 months, Oregon, [illegible].

More Production Lumber Outlook

NEW YORK, May 13 (AP)—An increase in production, and declines in shipments and new business in the soft wood lumber industry is indicated in reports to the National Lumber Manufacturers association for the week ended May 7, compared with the week before. Decreases in all three items are shown in comparison with a year ago. Hardwood operations gained in production with shipments and new business about the same as the week before, but production was 20 per cent lower than a year ago, doubtless due to the Mississippi valley floods, while shipments and new business showed notable gains. Unfilled orders of 177 southern pine and west coast mills were 528,312,271 feet, against 579,382,829 the previous week.

NEW YORK FRUIT

NEW YORK, May 13 (AP)—Evaporated apples, prunes, apricots, peaches and hops steady.

PORTLAND LIVESTOCK

PORTLAND, Ore., May 13 (AP)—Cattle and calves steady; receipts 15 cattle; 19 calves; steady and unchanged.

Hogs steady; no receipts.

Sheep and lambs nominally steady, market $1.50 to $2.00 lower for week on most classes; no receipts. Spring lambs, medium to choice, 84 lbs. down, $11.00@12.50; others unchanged.

De Autremont Is Given Freedom Of Cell Section

MEDFORD, Ore., May 13 (AP)—Hugh De Autremont, alleged Siskiyou tunnel bandit slayer, whose trial for the alleged murder of Charles O. (Coyle) Johnson ended tragically with the death of Juror S. W. Dunham this week in a mistrial, was granted the privilege this morning of the freedom of his cell section in the county jail and the corridors around it. Heretofore he has been closely confined in the Pauley cell under guard. By the action of the sheriff he can now walk.

De Autremont will not be returned to Multnomah jail or Salem as had been previously planned.

The youthful prisoner has regained his spirit after the disappointment occasioned by his case ending midway of the state's testimony. He spends considerable time reading. According to his guards, he is a model prisoner willing to talk freely on any subject, except the crime with which he is charged. He is not allowed to mingle with his fellow prisoners.

The new circulars descriptive of Ray and Roy De Autremont, twins, and jointly accused with Hugh, have been posted locally by the postal department and are being mailed over all the world as the hunt for them takes on new vigor.

Bull Interests Regain Control Of Wall Street

NEW YORK, May 13 (AP)—Speculators for the advance regained control of the price movement in today's stock market after an early period of selling. Operators for the rise concentrated their purchases on one stock in each group, selecting "Nickel Plate" common among the rails, U. S. common among the steels, General Motors in the motors, Baldwin in the equipments and Houston in the oils.

"Nickel Plate" had scored an extreme gain of 18 points by touching 221 in the early afternoon. Baldwin was run up at least six points, and Case Threshing Machine, International Harvester and United Fruit also scored substantial gains.

Foundation company broke 2½ points to 58, the lowest price in years. Laclede Gas was hammered down six points.

The closing was strong. Radio Corporation advanced three points and Delaware and Hudson went up 4½. Union Bag and Paper suffered a five-point drop and South Porto Rico Sugar and California Packing also weakened decidedly. Total sales approximated 1,700,000 shares.

12 YEARS TO ARRIVE

NEWARK, N. J.—Mrs. Theodore Hoffman was puzzled when she got a postcard telling of the birth of a second granddaughter at Bound Brook, 25 miles away. "Why should they name the baby the same as their other daughter?" she asked. Then she looked at the card again. It was postmarked Dec. 25, 1912.
