EGGS DROP CENT; BERRIES SLUMP

Southern Oregon Green Peas on the Market—Butter Unchanged

PORTLAND, Ore., June 2 (AP)—Although the strawberry supply is lighter, prices are a little lower. Offerings of the Gold Dollar variety are selling at from \$3.00 to \$3.50 per crate. Improved Oregon are scarce.

Most of the green peas now on the market are from Southern Oregon, selling at 14 to 16 cents per pound. California at \$2.50 per hundred are still in evidence in small amounts.

Butter prices are unchanged on the local dairy exchange. Yesterday's receipts were the heaviest of the season, amounting to 23,000 pounds. Demand is strong. Stores are accounted to 12,750 pounds.

A decline of one cent for medium grade eggs is in effect today on the local wholesale market. Other grades are unchanged. Yesterday's storage reached 300 cases. Country dressed meats and poultry are steady with hogs tending to be easier at 14 1/2 cent top.

Stock Exchange Irregular; Sales Volume Is Heavy

NEW YORK, June 2 (AP)—Frequent fluctuations of selling for both accounts swept through today's stock market, leaving it an irregular appearance. Operations for the time, however, continued to bid up special stocks, lifting several issues to new peak prices. Buying and selling orders, most of them for small amounts, poured in from all directions.

New leaders were brought forward in the railroad group. Norfolk and Southern struck out with a quick jump of five points to a new high above \$57 a share. Rock Island, Erie common and first preferred, Chicago Northwestern common, Delaware and Hudson and Western also reached new high ground.

General Motors again climbed around the 200 level to within a fraction of its record top. American Smelting, National Lead, American Water Works, Detroit Edison and Com. Cons. also reached new high ground.

The closing was irregular. Selling persisted in spots but much of the early losses were made up when General Motors touched 201 1/2, a new high record, and the Missouri Pacific and Chicago Great Western shares began to be bought on a tremendous scale. Texas Pacific Land Trust (gold) touched \$26.55 and Commercial Solvents \$19.25, both new peaks. Total sales approximated 2,500,000 shares.
