

EXCHANGE PRICE OF EGGS IS UP

Continued Shortage in Receipts Cause of Advance; Butter Steady

PORTLAND, Ore., June 14 (AP)—Continued shortages in the local receipts of eggs from the country have caused a further advance in the exchange price, extra eggs going up a cent today to 24 cents and medium up one cent to 23 cents for today's trading. Yesterday's receipts totaled 107,451 cases.

The higher situation is unchanged and the local market is generally steady. Receipts yesterday were 10,500 cases.

Oregon chickens appear to be exceptionally short except in the Willamette valley where the bulk of the northwest crop is reported to be expected. New contract prices to producers are forecast.

Statements from the shipping firm of Young and Wells indicated that from this country they will haul the butter crop, included in its contracts are crops of the three Oregon's packing company, of Graham, the McMinnville Oregon production and the

large receipts from Eugene. Most contracts in the valley are reported under contract and market conditions very good.

Picking of royal waxy is expected to begin in the valley July 1 or 2, with other varieties following within a week after.

The local produce market is unchanged from yesterday's situation of plentiful supplies of fresh vegetables at prices mostly the lowest of the season for seasonable stuff.

Poultry and dressed meats are quiet with poultry still weak.

CHICAGO LIVESTOCK CHICAGO, June 14 (AP)—U. S. Department of Agriculture—Hogs—24,600; sheep—20,000; cattle—100,000; calves—10,000; pigs—10,000; lambs—10,000; ponies—10,000.

Poultry NEW YORK, June 14 (AP)—SAN FRANCISCO, June 14 (AP)—Butterfat, L. & L. Portland, 48c.

10 Years Ago Today In Grande is to raise \$25,000 next week in Liberty Loan drive.

Work and play must be varied to meet the strenuous demands of the day. On your vacation, take plenty of STATIONERY, Bond Paper, Pound Paper, Portfolios, Envelopes.

A new lot arrived today for summer vacation needs. Assorted colors and weights; lines and bond paper; to answer to all your needs.

The final feat was to break a new road over the low gear hill (immediately to the right of the high gear pull) with four men in the machine, using a set of heavy chains to get the proper traction.

After pulling the little car for about 1 1/2 hours, the crowd were allowed to place their hands on the motor itself to verify the fact that "Star" Cars do not heat.

We were extremely disappointed—but not surprised, in not having an acceptance in our challenge for we would have to show by actual comparison how much more automobile we have than anything within several hundred dollars of our price class.

Why buy anything of inferior quality, when "Star" Cars (four and sixes) are available.

Morelock-Service Motor Company
