REFORM

I'm thankful that the sun and moon
Are hel'd hung up so high,
That no pretentious hand can stretch
And pull them from the sky.
If they were not, I have no doubt
That some reforming ass
Would recommend to take them down
And light the world with gas.

LONDONERS SKATED ON LARD

LONDON (AP)—Skating on artificial rinks was popular in London long before artificial ice came into existence. The "ice" at a rink opened 85 years ago was a compound of alum, soda and melted sulphur, mixed with lard.

The surface was satisfactory for figure skating, but ploughing through the cheese-like substance was too exhausting, save for the most robust, and a fall on the greasy rink was ruinous to clothing.

Dogs take no interest whatever in pictures shown on a screen, says a German scientist. Cats, on the other hand, are greatly alarmed at the appearance of a dog; ducks and song birds are panic-stricken at sight of a hawk, and reptiles are completely fooled by picture projections of flies and worms in their natural size.

Regular airplane service between Belgium and the Congo for passengers, goods, and mail is being considered.

AT THE THEATERS

Rayart Picture Showing at Sherrys Last Time Tonight

"West of Rainbow's End," the Rayart picture which opened yesterday at the Sherry theater, has that most necessary feature of every western story, a plot that is crammed with action and jammed with thrills and suspense. There is, too, just the proper amount of comedy relief. Also, it boasts photography which is obviously the work of a master hand, gorgeous scenic effects, splendid riding and an amazingly powerful cast headed by those three pals, Jack Perrin, Starlight, the wonder horse, and Rex the movie collie, and including Pauline Curley, beautiful blonde ingenue, Milburn Morante, an exceptionally clever comedian and Tom London, a convincingly sinister "heavy."

As westerns go—and the fact that they've been going strong for a great number of years seems to prove that they go very, very well indeed—"West of Rainbow's End" leaves nothing to be desired in screen entertainment. We give it our heartiest endorsement, and strongly recommend it to your attention.

Comedy showing, "Wedding Yells."

Clara Bow Will Come to Arcade Theater Thursday

The long awaited successor to Clara Bow's highly successful starring debut "It" reaches the Arcade theater Thursday for a three day stay under a alluring title "Rough House Rosie." This young woman who has made such amazing strides during the past few years, is worthy of more than passing notice.

As for the story "Rough House Rosie" concerns itself with Rosie O'Reilly, a belle of Tenth Avenue and, more important, the sweetheart of Joe Hennessey, self-styled "coming middleweight champion." The plot develops when an amusement park clairvoyant predicts great fame as a dancer for Rosie. To realize her ambition, she stages a "boxing ballet" with six pretty girls. Hooked into a night club "Rough House Rosie and Her Roughnecks" are a success from the start. Lew McKay, a cafe frequenter, attracted to the girl, gives her a diamond pin and—the police arrest her as a holder of stolen goods.

After a night in jail, Rosie is released when McKay confesses and Arthur Russell, owner of the jewelry, refuses to press charges. He offers to take her home in his car and they leave, just as Joe arrives with bail money. Flattered by Russell's evident love and impressed by his wealth, Rosie soon finds herself forgetting Joe and no one realizes this more than Joe himself. Then—but that ought to be enough to whet one's interest.

Those who read Nunnally Johnson's amusing Saturday Evening Post story needn't be told that we've only recounted "the half of it." Suffice it to say that before the picture comes to a smashing close, we are taken to a "wild" country club party and to the ringside at Joe's big fight. Reed Howes often starred in independent productions, heads Miss Bow's featured cast. Arthur Housman, Doris Hill and Douglas Gilmore are also featured.

Special added attraction, "The Varsity Vagabonds", Thursday night only. A red hot college band.

A girl won a national oratorical contest. It's nice to know the ladies are learning to talk a little.

Madge Bellamy Appears in "Sandy" At Acrade Today

A face like an angel—a heart of fire—and a laugh ringing with joy!

This is "Sandy" Fox Films version of Elenore Meherin's gripping serial printed in every city of any prominence in the United States. Madge Bellamy has the title role in the Fox production directed by Harry Beaumont, at the Star theater today and Thursday.

There is a climax to tighten your breath—to keep you on edge with restless eagerness—for it is a climax which bares the soul of a woman. It shows the hidden and aching thoughts of a fair American girl who is put to the severest test.

When you see Sandy McNeil stripped of her bonny defiance, when you see those shadowed eyes struck with terror—that delicate mouth tense with agony—you will feel her fears and experience her own compelling problems.

She is a mere child when her exacting parents decide that she shall marry for wealth—but she is old in knowledge before the bitter end of this untimely experience. Why should "Sandy" suffer this ignominy? Why was she set apart from other girls? Others lived, and loved, and seemed to reap happiness—but "Sandy" knew naught but sorrow. Why?

Answering these age-old questions in pantomime, Miss Bellamy depicts a human character of rare accomplishments. She invests "Sandy" with a human touch difficult to define. One must see "Sandy" to understand the deep-lying pathos of it all.

The supporting cast is one of the best ever assembled at Fox Films Studio. The list includes Leslie Fenton, Harrison Ford, David Torrence, Bardson Bard, Lillian Leighton, Joan Standing, Gloria Hope, Charles Farrell and others.

"The Old War Horse" is the comedy showing.

Butter should be carefully worked until the salt is evenly distributed and a solid, smooth body is formed. The best butter has a waxy body, a bright appearance, and, when a slab is broken, a grain like broken steel. Overworked butter has a sticky, salvy body, a dull grease appearance, and a gummy grain. It deteriorates more rapidly than properly worked butter. Mottled butter is caused by uneven distribution of salt.
