## Shower Is Given For Miss Gray

Miss Othella Gray, who is to be married on June 22 to Ralph Webb, was the inspiration of a delightful miscellaneous shower given by Mrs. Eugene Miller and Miss Lucille Miller on Monday evening.

A color scheme of pink and white was carried out in the decorations by the hostesses. Flavors of paper cups added much to the enjoyment of the affair. Miss Gray received many useful and beautiful gifts. At the close of the evening a two-course luncheon was served.

Those present were Mrs. Misses Othella Gray, Gwendolyn Buchanan, Pauline Gayton, Evelyn Cullen, Margaret Baker, Eleanor Glass, Gladys Smith, Beulah Smith and Mrs. Roll Baker, Mrs. Jack Hiatt, Mrs. Beth Plesner, Mrs. Tom Truckman, Mrs. J. H. Miller and Miss Lucille Miller.

Mr. and Mrs. Harry T. Swan have returned from a honeymoon at Seaside and Portland. They were married in Albany on Sunday, June 12, by the Rev. D. V. Palling of the Presbyterian church. Mrs. Swan was Miss Evamie Shunk, of Brownsville, before her marriage and taught in the Baker schools for the last three years. Mr. Swan has resided in La Grande for the past year and a half and is employed by the Union county road department. Mr. and Mrs. Swan will make their home in La Grande.

La Grande was aroused last evening with a clatter of voices. The excitement proved to be a charity given by the employees of the Blue Mountain Creamery for Mr. and Mrs. Marvin Mortensen, who were married Friday evening at the Lutheran church. The couple was carried in a small cart trailing behind a truck.

## Seventy Attend W. R. C. Dinner

A meeting of the Oliver P. Morton Relief Corps number 37, held Saturday. There were about 70 present for dinner at noon. A program followed, which consisted of a reading by Mrs. Jessie Nelson and a pantomime, depicting the making of the American flag, by Miss Marion Nelson as George Washington and Miss Winifred Dunn as Betsy Ross. The little Warlock girls sang two numbers. The meeting closed with the singing of "America" by all present.

## Announcements

The Women's Home Missionary society of the Methodist Episcopal church will meet at the home of Mrs. Bengel at 1212 Adams avenue, over Silverthorn-Wright drug store, on Wednesday afternoon at 2:30. All members are urged to be present due to the annual election of officers.

The Ladies' society of the Presbyterian of Ligonier, French and English will meet this evening at 7:30 o'clock at the K. D. hall. There will be initiation, followed by a sociable and refreshments.

## Baby Fashion Set By Tiny Princess

LONDON (AP)—Princess Elizabeth, the baby daughter of the Duke and Duchess of York, is setting a fashion in baby-land although she doesn't know it. She has appeared on a number of occasions recently with dainty little "bumps" of ribbon on the shoulders of her lace frocks. Society mothers with babies of about the same age have been quick to follow suit in their own children's dress.

The young princess is also getting to be a confirmed portrait "sitter" and appears to like the job. Queen Mary has fulfilled a promise made to the duke and duchess that "little Elizabeth" should be taken every month for a photo so that they can see the progress she has made during their absence.

## The Owl's THEATRICAL COLD CREAM

is prepared especially as a cleansing and soothing cream for removing dust, face powder or rouge from the pores. It helps wonderfully to round out your comfort after a day's travel in wind, dust and sunshine. Supremely good for massaging. Put in well and wipe off with soft towel. 1/2 Lb. 50c 1 Lb. 75c

**Moon Drug Co.**  
Agents For The Owl Drug Co.

## MENUS

**By Sister Mary**  
BREAKFAST—Stewed prunes, cereal, cream, ham omelet, crisp toast, milk, coffee.

LUNCHEON—Cold sliced omelette, ham, potato salad, rye bread, fruit jelly with whipped cream, milk, tea.

DINNER—Roasted lamb chops, baked potatoes, creamed spinach, head lettuce with Roquefort cheese dressing, cherry pudding, milk, coffee.

The potato salad suggested in the luncheon menu gains distinction by the addition of sardines. The use of beets or pimientos in garnishing adds an interesting touch of color to an otherwise rather pale dish.

**Potato Salad**  
Two cups sliced cooked potatoes, 4 tablespoons broken sardines, 1/2 cup diced celery, 1 teaspoon minced parsley, 2 drops onion juice, 2 hard cooked eggs, 1/2 cup mayonnaise, 1 tablespoon lemon juice, 1/2 teaspoon salt.

Sprinkle potatoes with salt, parsley and onion juice. Cover and let stand on ice for one hour. Sprinkle sardines with lemon juice, cover and let stand on ice one hour. Combine potatoes, sardines, celery and eggs cut in dice. Add mayonnaise and mix lightly with a wooden fork. Serve on crisp lettuce and garnish with strips or strips of pickled beets.

## The Garden

### CALLIOPSIS FOR CUTTING

Calliopsis is the annual form of caryopsis and in old-time gardens the latter name was used until the modern perennial took possession of the title. It is one of the easiest, hardiest and most gaudy grown of annuals, its very stems and blooms in yellow and maroon and crimson being the material for bouquets as well as for garden decoration.

There are a number of new strains developed by European specialists, which are particularly fine with large flowers and more compact growth than the older varieties, among them the Garnet, a solid rich red bloom of low growth that makes a glowing patch in the garden. Most of the calliopsis have yellow edges of differing width, with a narrow, scarlet or crimson center.

The rich red sorts are the most effective in the garden but the yellow varieties to display them properly. The tall varieties with the dwarf compact types for edgings make fine beds. As they come into bloom early from seed they are one of the most useful of annuals for late planting. They are not particular as to soil but want plenty of sun.

They do not transplant as well as many annuals and should be sown where they are to bloom. The plants should be thinned to a foot apart for the tall sorts and six to eight inches for the dwarf types which then form a solid mass studded with bloom. The foliage is fine and almost hidden by the wealth of bloom in mid-summer.

Try some of the newer types in which the red tones predominate with a few of the yellow forms to illuminate the rich tones and you will have a gorgeous planting.

It has much the same rich coloring as the French margolds but much lighter and more graceful growth.

**PURSE RETURNED**  
COLUMBUS, Ohio—Eight years after it was lost at the Ohio state fair grounds, a purse has been returned to Mrs. J. D. Conrad, of St. Petersburg, Fla., with its contents intact, including \$16 in cash, two rings and other little knacks.

**SEKS ALMONY**  
CHICAGO—Seeking alimony from his wife, Walter Brinkman listed her income as \$25 weekly salary, plus alimony from first husband and compensation from a railroad for the death of her second.

A well digger at Selser, England, at a depth of 12 feet came upon "running sand." This was pumped out continuously for a week forming a flat mound 18 inches high and 12 feet in diameter. In three days the sand was dry and a week later, it was densely covered with a crop of shepherd's-purse, a weed which was not plentiful in the garden surrounding the well.

**Bracelet Strap**  
A flexible bracelet strap which transforms opera pumps into dancing slippers is very new—gold with yellow rhinestones.

## OUT OUR WAY

By Williams

A BAD CONNECTION.

## PROF. SMITH, STUDENTS AT WALLOWS LAKE

ENTREPRENEUR, June 21 (Special)—Professor W. D. Smith, accompanied by about 12 students, arrived at Wallowas Tuesday on their way to the Wallowas lake section. The party expects to camp near the lake for about a month to make topographic maps, study the geological formations and make a complete survey of the country and its resources.

With Dr. Smith are the following students: Manuel Sousa, his assistant; Carl E. Williams, of Lakeview; Richard Hurd, of Portland; C. H. Smith, of Stanmark Falls; Audrey Walker, of Grants; Ernest Norman Meierlinger, of Hillsboro; Richard Kinsey, of Pasadena, Cal.; Bert Korna, of Sheridan, Wyo.; James Strath, of Lakeview; and George Cherry, of Enterprise.

**MAKES DISCOVERY**  
JERUSALEM—Discovery on Mt. Nebu of the location of Moses' tomb and of the former resting place of the Ark, is reported by a German explorer arriving from that section.

Famous men have employed peculiar methods of recreation, including world-famous philosophers, joined in the trivial conversation of the family with whom he lodged in unprovoked sisters to fight each other; Socrates played with the children; Balzac amused himself with a collection of crayon portraits; Dr. Samuel Johnson, by jumping over tables and chairs; and Dean Swift by running up and down the steps of the deanery.

## HEALTH

**THE BABY SUFFERS WHEN IT GOES TRAVELING**  
By John Lovett Morse, M. D., Boston, Mass.  
Member Gorges Memorial Inst. The place for a baby, in at home, should not be taken away from him unless it is absolutely necessary and it should not be carried about simply because its parents want a change.

Having the baby, if it is the first one, ought to be changed enough for the parents anyway. They ought to have realized in advance that with a baby to look after they could not live in the same way that they did before. If they did not they, not the baby, should suffer for their thoughtlessness.

A baby should not be taken about the country just because its relatives want to see it. In most instances, moreover, they desire to see the infant chiefly to satisfy their curiosity. It gives them something to talk about and a fine opportunity to criticize the way it is being cared for. If relatives want to see the baby, let them come to it, not make the baby go to them. They are almost always better able to travel than the baby.

If it is necessary to travel with the baby, two important points have to be decided: how it is to be carried and how it is to be fed. If the journey is a short one it can, of course, be carried in the arms or made fairly comfortable on a seat. If the journey is a long one, it is best to carry it in a small market basket or clothes basket with a pillow in the bottom. A satisfactory bed can also be made from an extension suitcase padded with blankets.

If the baby is nursing there is, of course, no trouble about feeding it, provided its mother is present. If fed artificially, the greatest care must be taken about the food. If the trip is for but one day, a day's supply of its food may be carried. The food should be packed in ice in a small box or put, ice cold, into a large thermos bottle. Warm milk should never be carried in a thermos bottle because, in a thermos bottle, the milk is kept for a long time at the temperature best suited for the growth of the bacteria. It is hard to think of a better way of causing indigestion and diarrhea. If hot water cannot be procured on the train, another thermos bottle full of hot water can be carried with which to heat the milk.

Only one in every 25 of the Presbyterian girls attending trade schools train to be stenographers or secretaries. They prefer dressmaking, millinery and similar "women's work" to these "dressed-up" jobs.

## ENTERPRISE PERSONALS

ENTREPRENEUR (Special)—Mrs. Carl Christensen and Mrs. W. H. Platscher arrived home Sunday after having spent the past week in Portland attending the Grand Chapter of the Eastern Star and the rose festival.

Frank Connor, of Union, has reported the O. K. Man's shop in the Lloyd building.

Tony La Smith, of Union, was an Enterprise visitor Friday.

Dr. and Mrs. C. T. Hockett and sons are Portland visitors this week.

John Bauer, of Pendleton, is a guest of his grandmother, Mrs. O. M. Perkins.

H. B. Johnston left Friday for Portland and will be accompanied home by his wife and children who have been visiting there for the past six weeks. Mrs. Johnston was called to Portland on account of the serious illness of her father who is now much improved in health.

Mrs. Walter Spear is visiting in Portland this week.

Chamberlain and Levine did one thing anyway for Germany. There was reported to be a great increase in nothing parties.

### The Record for cooking

a hot breakfast in 2 1/2 to 5 minutes

**"HOT" eats and milk** is the dietetic urge of the day. It's the "balanced ration" of protein, carbohydrates and vitamins—plus the "bulk" to make laxatives less often needed—that world's authorities are advising. Now you cook it in 2 1/2 to 5 minutes. That's faster than plain toast. No kitchen mess or bother. Why go on, then, with less nourishing breakfasts? Today get Quick Quaker—food that stands by you through the morning. Your grocer has Quick Quaker—also Quaker Oats as you have always known them.

**Quick Quaker** Many Bargains Listed on Want Ad Page

# Were you to chat with Rosa Raisa and talk about her wonderful voice, she'd say to you:

"My husband, Giacomo Rimini, prefers Luckies because they keep his throat ever clear and free from irritation. He insisted that I try them and I found all he said was true. Now we both smoke Lucky Strikes. Not only because they are kind to our throats, but because of their rare flavor."

*Rosa Raisa*

You, too, will find that Lucky Strikes are mild and mellow—the finest cigarettes you ever smoked, made of the finest Turkish and domestic tobaccos, properly aged and blended with great skill, and there is an extra process—"It's toasted"—no harshness, not a bit of bite.

# "It's toasted"

### They tell me this BUCKEYE is wonderful stuff.

At last men have found a new topic of conversation. Everywhere you go you hear them talking of Buckeye Malt Syrup. From the enthusiasm the name Buckeye arouses, you'd think it was the only brand and it is for millions. Truly, wonderful stuff!

## Buckeye MALT SYRUP

Hop flavored or plain—Sold every where

Laboratory tests have proved that the 2 1/2 pound can of Buckeye Malt Syrup is superior to a pound can of ordinary malt.

When in New York you are cordially invited to see how Lucky Strikes are made at our exhibit, corner Broadway and 45th Street.
